**Overview**

This user guide includes information on reports and queries for collecting data from the PeopleSoft Human Resources. It does not discuss how to run reports and queries. Consult the [General Information on Running Reports and Queries \(PDF\)](#) guide for specific information on how to run reports and queries.

This document covers information on the essential HR Reports and Queries. A complete list of available queries and reports can be found in the document: [Available Reports and Queries \(PDF\)](#).

**Security**

All data in PeopleSoft HR is filtered through individual security permissions. These permissions control access to menu options as well as data. Reports, queries and searches are all limited to data attached to particular departments. For example, if a student has two jobs, one in Chemistry and one in Biology, the student’s Chemistry record can only be seen by the Chemistry supervisor and vice versa.

**Extracting Information Using Reports**

Most of the reports in HR are custom reports and have been developed with input from UVM staff. In order to run reports, it is necessary to set up a run control id. If unsure on how to set up a run control id, consult the [General Information on Running Reports and Queries \(PDF\)](#) guide for help.

**Commonly Used Reports**

**Distribution Form**

The distribution form is used for processing changes to an existing distribution.

*Step-by-Step Instructions: Creating a Distribution Form*

1. Log in to PeopleSoft through the **Human Resources Login** ([www.uvm.edu/~erp/portal](http://www.uvm.edu/~erp/portal)).
2. Navigation: **UVM Reports > Commitment Accounting > Distribution Form**
3. The Run Control ID screen will populate. Enter an existing Run Control ID or create a new one. If unsure on how to set up a Run Control ID, consult the [General Information on Running Reports and Queries \(PDF\)](#) guide for help.
4. Click **Search**.
5. The criteria entry screen will appear. There are several ways to run this report. It is possible to run this report by single employee or by department. Choosing department will bring back a distribution form for each employee in the department.

Distribution Form

Run Control ID: LearningServices [Report Manager](#) [Process Monitor](#)

**Distribution Form Fiscal Year**

\*Fiscal Yr  Begin Date End Date

**Report Option**

Empl ID

**Report Option**

DeptID

6. Click the **Save** button, and then click the **Run** button.
7. The process scheduler request screen will open. Click **OK**.
8. This previous screen will appear. Click the **Process Monitor** link in the upper right corner of the screen. If unsure on how to use the process monitor, consult the [General information on Running Reports and Queries \(PDF\)](#) guide for help.

## Blank Distribution Form

- This is the form used for processing distribution for new hires
- Produces a blank sheet for the distribution form

### *Step-by-Step Instructions: Creating a Blank Distribution Form*

1. Log in to PeopleSoft through the **Human Resources Login** ([www.uvm.edu/~erp/portal](http://www.uvm.edu/~erp/portal)).
2. Navigation: **UVM Reports > Commitment Accounting > Blank Distribution Form**
3. The Run Control ID screen will populate. Enter an existing Run Control ID or create a new one. If unsure on how to set up a run control id, consult the [General information on Running Reports and Queries \(PDF\)](#) guide for help.

Click **Search**.

4. The **Blank Distribution Form** page will open.

Blank Distribution Form

Run Control ID: Workstudy

[Report Manager](#) [Process Monitor](#)

5. Click the **Run** button.
6. The process scheduler request screen will open. Click **OK**.
7. The previous screen will appear. Click the **Process Monitor** link in the upper right corner of the screen. If unsure of how to use the process monitor, consult the [General information on Running Reports and Queries](#) guide for help.

### **Labor Distribution Report (Summary and Detail)**

- Look up distribution for a department or a person
- Also useful for researching salary paid against a chartstring
- Employee name, empl record #, combo code, chartstring, amount of salary and fringe charged to combo code.
- Excel output is produced for both reports; only the Summary report produces a PDF.

#### *Step-by-Step Instructions: Running the Labor Distribution Report*

1. Log in to PeopleSoft through the **Human Resources Login** ([www.uvm.edu/~erp/portal](http://www.uvm.edu/~erp/portal)).
2. Navigation: **UVM Reports > Commitment Accounting > Labor Distribution**
3. The Run Control ID screen will populate. Enter an existing Run Control ID or create a new one. If unsure of how to set up a run control id, consult the [General information on Running Reports and Queries](#) guide for help.
4. Click **Search**.
5. The criteria entry screen will appear.
6. Select a time period, either an accounting period range within a fiscal year or a specific date range, which may cross fiscal years.
7. There are multiple options for running this report. Review the options and enter the appropriate criteria into the report screen.
  - [By combo code or chartstring](#)
  - [By employee](#)
  - [By department](#)
  - [For a sponsored award ID, if you wish to report at once on multiple projects that are associated with one award.](#)

*Running the Labor Distribution Report by Combo Code or Chartstring or Award:*

- Receive a report of the people paid on that chartstring within a specific time period. This is useful for researching individual salary amounts or individual employees included in a particular budget number within Financial Reports.
- Enter an Award ID to have the results show all projects that go with the award.

**Labor Distribution**

**Labor Distribution Details Only Parameters**  
 The Labor Distribution report does not include LIF,MED,ENP and 704-Cell Phone Reimbursement. The details report does.  
 Check the box to exclude these from the details report.   
 Enter an earnings code to limit results to that code.   
 Use Same Column Order As UV\_PAY\_ERN\_DIST query

*Labor Distribution Details Only Parameters*

New options are available in the **Labor Distribution Details Only Parameter** section of the report criteria screen.

The screenshot shows the 'Labor Distribution' report criteria screen. The 'Labor Distribution Details Only Parameters' section is highlighted with a red box. It contains the following text and controls:

- The Labor Distribution report does not include LIF, MED, ENP and 704-Cell Phone Reimbursement. The details report does.
- Check the box to exclude these from the details report.
- Enter an earnings code to limit results to that code.
- Use Same Column Order As UV\_PAY\_ERN\_DIST query

- Note that the **Labor Distribution Details** report includes the earnings codes for LIF, MED, ENP (Earnings not Paid), and 704-Cell Phone Reimbursement. To exclude these codes from being included in the report, click in the check-box to select it. The **Labor Distribution** report does not include these codes as they are not considered compensation. If you wish the two reports to tie out, check the box to exclude these four earning codes from the Labor Distribution Details report.
- The **Labor Distribution Details** report can run for just one particular earnings code if appropriate. This option applies only to the **Labor Distribution Details** report and not to the **Labor Distribution** report.
- The report output is in the same order as the PAY\_ERN\_DIST query, although the report has even more fields at the far right of the Excel file. There is also additional ordering criteria - the sort order is: NAME, EMPLID, PAY\_END\_DT, EMPL\_RCD, EARNS\_END\_DT, JOBCODE, ACCT\_CD. The query order is by NAME and PAY\_END\_DT.

### Use the Labor Distribution Report to Understand Departmental Suspense

- Use these instructions to tailor the Labor Distribution Report to determine who has been charged to the departmental suspense chartstring.
- The report may be sorted either by combo code or by individual.

#### Step-by-Step Instructions: Using the Labor Distribution Report to Understand Departmental Suspense

1. Follow [Steps 1-7](#) for creating a Labor Distribution Report.
2. Enter a **Fiscal Year** and a **Period Range** in the appropriate fields.
3. Choose whether to group the information by **combo code** or by **employee** by selecting the appropriate radio button.
4. Under **Filter Report By**, choose **Job DeptId**.

5. Enter the department number in the **Job DeptId Range** fields.
6. In the Chartstring box in the lower right corner of the screen, enter **0010** in the Purpose field.
7. Click the **Save** button, and then click the **Run** button.
8. The process scheduler request screen will open. Click **OK**.
9. The previous screen will appear. Click the **Process Monitor** link in the upper right corner of the screen. If unsure on how to use the process monitor, consult the [General information on Running Reports and Queries](#) guide for help.

### **Work Study Award Report**

- This report will show the amount of the total award spent by student
- The information on this report reflects the amount of hours that were paid the last payroll . Any time not already paid will not be included in the report results.
- The totals in this report will accurately reflect amounts earned in work study job across departments, but it will not break the totals out by job.

#### *Step-by-Step Instructions: Running the Work Study Award Report*

1. Log in to PeopleSoft through the **Human Resources Login** ([www.uvm.edu/~erp/portal](http://www.uvm.edu/~erp/portal)).
2. Navigation: **UVM Reports > Payroll Reports > Work Study Award**
3. Here a prompt will ask to run a control id. Enter an existing Run control Id or create a new one. If unsure on how to set up a run control id, consult the [General information on Running Reports and Queries](#) guide for help.
4. Click **Search**.
5. A report will appear where criteria will need to be entered. There are several ways to run this report.
  - [Run the report by supervisor](#). Choosing this option will bring back one line for every student assigned to a particular supervisor.
  - [Run the report by department](#). Choosing this option will bring back one line per student.

*Run the report by department:*

When the report is run by DeptID it will bring back all of the work study students assigned to a particular department.

Work Study Award

Run Control ID: LearningServices [Report Manager](#) [Process Monitor](#)

**Fiscal Year (Required)**

Fiscal Year:  Begin Date 07/01/2012 End Date 06/30/2013

**Report Request Parameters (Optional)**

\* Leave both blank to select all departments

Deptid	Supervisor ID
Dept ID: <input type="text" value="11320"/>	OR Empl ID <input type="text"/> Name

*Run the report by supervisor:*

If the report is run by Supervisor ID it will bring back the work-study students directly assigned to that supervisor.

Note that the EmplID referred to here is the EmplID of the Supervisor (Supervisor ID) and not the Employee ID of the student.

Work Study Award

Run Control ID: LearningServices [Report Manager](#) [Process Monitor](#)

**Fiscal Year (Required)**

Fiscal Year:  Begin Date 07/01/2012 End Date 06/30/2013

**Report Request Parameters (Optional)**

\* Leave both blank to select all departments

**Deptid**

Dept ID:

OR

**Supervisor ID**

Empl ID   
Name Cameron Cougar

6. Enter the appropriate criteria and then click **Run**.
7. The process scheduler request screen will open. Click **OK**.
8. The previous screen will appear. Click the **Process Monitor** link in the upper right corner of the screen. If unsure on how to use the process monitor, consult the [General information on Running Reports and Queries](#) guide for help.

## The Time Card Report

The Time Card Report lists all Reported Time and Payable Time for the specified employee. The report also has a signature line for the employee and the supervisor which can be used for verification purposes if needed.

### Step-by-Step Instructions: Setting up a Run Control ID for the Time Card Report

#### Note:

- This is a preliminary step that must be completed before the “Time Card Report” is run. Once this series of steps is completed, the Time Card can be run as often as desired with this Run Control ID without redoing these steps.
- If the information changes and employees need to be added or deleted, changes can be made in this run control. A new Run Control ID does not need to be created.

1. Log in to PeopleSoft through the **Human Resources Login** ([www.uvm.edu/~erp/portal](http://www.uvm.edu/~erp/portal)).
2. Navigation: **Time and Labor > Reports > Time Card**
3. Select a name for the **Run Control ID**.

**Note:** Choose a title that makes sense and that can be remembered. In the example, type of employee and supervisor last name are used. Run Control IDs are reusable each year, so try not to use specific dates or Fiscal years (e.g. workstudy\_\_learning\_services).

4. Enter the chosen Run Control into the search field. Click search to ensure that a Run Control ID with the same name does not exist.

The screenshot shows the 'TimeCard' search interface. At the top, it says 'Enter any information you have and click Search. Leave fields blank for a list of all values.' Below this are two buttons: 'Find an Existing Value' and 'Add a New Value'. A 'Search Criteria' section is expanded, showing 'Run Control ID: begins with' with a dropdown arrow and the text 'workstudy\_learning\_serv' in the input field. There is also a 'Case Sensitive' checkbox which is unchecked. At the bottom of the search criteria are buttons for 'Search', 'Clear', 'Basic Search', and 'Save Search Criteria'. Below the search criteria, the message 'No matching values were found.' is displayed. At the very bottom of the form, there are links for 'Find an Existing Value' and 'Add a New Value'.

If the run control chosen is not a duplicate, the “No Matching Values were found” message will appear. If a duplicate value exists, the “Time Card Report” screen will appear and need to step 4 will have to be repeated to choose a new Run Control ID.

5. Click the **Add a New Value** tab. It will automatically populate the **Run Control ID**.
6. Click the **Add** button.
7. The **Time Card Report** screen will appear.

**TimeCard**

Run Control ID: workstudy\_learning\_services      [Report Manager](#)    [Process Monitor](#)   

Language: English

16. The **View Log /Trace** screen will appear. Click on the PDF link to see the results.

File List		
Name	File Size (bytes)	Datetime Created
<a href="#">SQR TL002 817996.log</a>	1,906	03/23/2012 9:53:40.850250AM EDT
<a href="#">tl002 817996.PDF</a>	14,039	03/23/2012 9:53:40.850250AM EDT
<a href="#">tl002 817996.out</a>	0	03/23/2012 9:53:40.850250AM EDT

17. Results will open up in a PDF document that can be saved on the computer or printed.

18. The report will include two sections:

- **Reported Elapsed Time** – Shows the time entered into the system.
- **Payable Time** – Shows the time that has been entered into **and** processed through the system. This section will show the status of the time as of the moment the report is run.

Description of Status Indicators:

- **Waiting for Approval** – Needs manager approval
- **Approved Goes to payroll** – waiting for Human Resource Services to run a payroll
- **Closed** – Paid out

## Accessing Information Using Queries

This guide will describe how to run a query to access departmental information. The information obtained is controlled by security access that allows only the departments that an employee is assigned to, to be viewed.

**Note:** Steps 1 through 7 are the same for all queries.

1. Log in to PeopleSoft through the **Human Resources Login** ([www.uvm.edu/~erp/portal](http://www.uvm.edu/~erp/portal)).
2. Navigation: **Reporting Tools > Query > Query Viewer**
3. Enter the query desired into the search field and click search. The chosen query will show in a list below the search page.

**Query Viewer**

Enter any information you have and click Search. Leave fields blank for a list of all values.

\***Search By:** Query Name

[Advanced Search](#)

4. By clicking on the appropriate link, to run the query to the screen (HTML) or to an Excel spreadsheet (EXCEL).

Query Name	Description	Owner	Folder	Run to HTML	Run to Excel	Run to XML	Schedule	Add to Favorites
APY3000_VENDOR_DETAIL	APY3000-Vendor Detail	Public		<a href="#">HTML</a>	<a href="#">Excel</a>	<a href="#">XML</a>	<a href="#">Schedule</a>	<a href="#">Favorite</a>

5. After clicking on the link to run in either Excel or HTML, the report parameters will appear.
6. Fill in the blanks with the specific information requested and click **View Results**

## Commonly Used Queries

### UV\_PAY\_ERN\_DIST

Use this query to:

- View actuals for employees by department or individual
- View the status of retro distribution changes
- [Determine whose wages are included in a particular salary amount from a budget status report](#)
- [Determine what chartstring a particular employee was paid from.](#)
- [Determine employees paid on a particular project.](#)

General Tips:

- Choose the amount of criteria to enter carefully. Enter enough criteria to limit the amount of information brought back without limiting the results so much that all the possible results aren't retrieved.
- **All** fields must have a value or a wildcard or no query results will return.
- Fields marked with **(%)** will accept % as a wildcard value.
- Enter part of a field with a wildcard.

Example:

- Use 00000 and 99999 as wildcard values for the **Dept From** and **Dept To** Fields.
- Enter a fiscal year. Wildcards are not valid in Fiscal Year Fields.

*Determine whose wages are included in a particular salary amount from a budget status report*

Enter criteria as shown below to determine the group of employees represented in a particular salary amount on a budget report.
