

June Jones – Class of 1999 - Northwest Chapter

June took the EMG course in 1999 and has completed 2,039 volunteer hours since. For many years, she was the project leader for the Plant a Row for the Hungry project located in the Williston Community Garden, which was featured on Across The Fence with Leonard Perry. She also served on the Northwest Chapter Steering Team for 8 years, supporting her chapter by organizing educational and recognition events. Additional EMG volunteer opportunities she enjoys are volunteering at the bi-Annual Vermont Flower Show helping to set up their educational display gardens, and greeting visitors at the Annual Champlain Valley Expo EMG display booth, just to name a few.

Other volunteering outside of the EMG program include serving on the Williston in Bloom committee, and helping to organize their annual Hanging Baskets which line the town's Main St. as you drive through town. The town also asked her to give planting tips on a Williston TV "What's Up Williston" segment, airing on CCTV.

In 2009 she received her 1,000 hour EMG Lifetime Achievement award, and in 2011 she received the Northwest Chapters EMG of the Year award. *Respectfully submitted by Susan Stanne & Lisa Chouinard*
