

## Margery Salmon, Master Gardener Class of 2009 - Rutland Chapter

*Margery receiving her 1,000 Lifetime Achievement Award*

**What is your favorite area of gardening to learn about?** Perennials, vegetable gardening, insect pests and diseases of plants.

**What is your favorite pest to manage?** I am learning a lot about snake worms. Not my favorite but definitely a challenge to deal with.

**What would you consider to be your pride and joy in your home garden?** Miniature roses growing and blooming in my grow house.

**What is your favorite gardening "go to" book or other resource (educator, column, magazine, etc.) for research and learning on horticulture topics?** My "go to" is the computer and using it to search any topic I want.

**Do you have a favorite garden you like to visit? Favorite nursery to buy plants?** Longwood Gardens in PA is my favorite. Best nursery is Garden Way in Burlington.

**What Master Gardener projects do you/have you worked on?** Steering Committee for Rutland County EMG. "EMG Garden in Every Town in Rutland County" Project. Rutland County Fairgrounds. Chapter Plant Sale. Helpline Volunteer. Program Advisory Board member.

**What has changed about gardening since you first became a Master Gardener? What hasn't changed?**

Changes: attendance via zoom because of covid!!

No Changes: The people's interest in gardening never ends, the work never ends either!!!
