

When we all Work Together

Presenter: Jeff Rogers
Environmental Compliance Manager
Risk Management & Safety

Our Operations

- Environmental Remediation

- Regulated Waste Management

- Spill Response

Environmental Safety Facility (ESF)

How Much Waste is Handled & Who Does it?

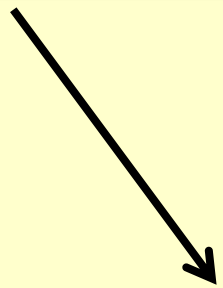

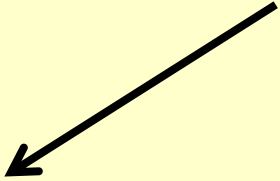

- In 2018 UVM generated 63,156 lbs. of waste
 - “Maintenance” activities → 7,539 lbs.

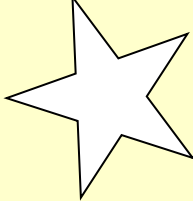

<u>Aerosol Cans</u>	<u>Ballasts</u>	<u>Batteries Assorted</u>	<u>Lead (Pb) Acid Batteries</u>	<u>Paint Related Materials</u>
				
<u>Lightbulbs</u>	<u>Compact Fluorescent Lightbulbs</u>	<u>Broken Bulbs</u>	<u>Propane Canisters</u>	<u>Solvents</u>
				
<u>Glycols</u>	<u>Oils</u>	<u>Oily Debris</u>	<u>Sternos</u>	<u>Mercury Devices</u>
				

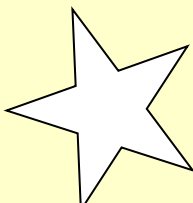

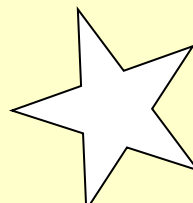

There is a Life Cycle to Waste

Collaboration Statistics

- 86% of employees and executives cite lack of collaboration or ineffective communication for workplace failures.
- 
- 

The results showed that simply feeling like you're part of a team of people working on a task makes people more motivated as they take on challenges.

**Forbes Magazine Post /
ClearCompany**

So Speaking of Collaboration....

Monday, July 29: *“We can bring that roll off to you on Thursday for a live load on Thursday, 8/1”*

4:56 p.m. on Wednesday, July 31:

“Tomorrow not good for roll off, sorry!”

UVM Had a Problem

Brian H.

Brian M.

Me

Where will the *18 yards of debris* go?

South Zone – Simpson Hall Basement

Finally the “Live Load” – August 14

The Finished Product

Other collaboration success stories

So, Remember...

86% of employees and executives cite a lack of collaboration or ineffective communication for workplace failures.

And...

The results show that simply feeling like you're part of a team of people working on a task makes people more motivated as they take on challenges.

Thank you!
