DCRC Periodic Review Purpose and Intent
Purpose and Intent: The Diversity Curricular Review Committee (DCRC) undertakes periodic review of “D1” and “D2”-designated courses every 5 years. More information for faculty about the Diversity General Education course review process (including sample proposals) can be found at the following website:
https://www.uvm.edu/generaleducation/information-faculty-diversity

The language below must be included on the first page of syllabi for approved courses in the two following designation categories respectively:

Category 1 – D1: Race and Racism in the US
Courses in this category have as a primary focus race and racism in the United States as it pertains to ALANA populations. A D1 course must promote an understanding of:

• Race and racism in the U.S.;
• The meaning of power and privilege;

Category 2 – D2: The Diversity of Human Experience
Courses in this category focus on expanding students’ cultural awareness. A D2 course is intended to:

• Promote an awareness of and appreciation for the diversity of human experience in any of its forms including, but not limited to race, ethnicity, religion, socio-economic status, language, sex, gender identity, sexual orientation, age, and disability; and/or
• Foster an understanding of global and national issues including the histories, health, contexts, and flows of people, cultures, ideas, and capital or other resources within or across political and geographical boundaries

The overall purpose of the periodic review process for all general education initiatives is to maintain the integrity of the general education process at UVM and to ensure that courses dedicated for these purposes maintain alignment with the learning outcomes for which they were intended. At its heart, this process is intended to be a dialogue with new instructors that have taken on these courses since the original D1/D2-designation, and also to receive feedback from instructors who have been teaching these courses since their original designation. The periodic review process can result in 1 of 3 outcomes:

1) Re-designation (the course will be assigned “D1” or “D2” designation for an additional 5 years)
2) Revisions requested (the DCRC may ask for a revision to the form based on changes to the course which may have occurred since the original designation)
3) Loss of designation (this is the default outcome for instructors who choose not to participate in the Periodic Review process)

Deadline for periodic review submission is 12/15/2019 to DCRC Committee Chairs (DCRC@uvm.edu). Adherence to this deadline is the only way to guarantee continuous “D1” or “D2” designation for the 2020-2021 Academic Year.
