

Presentation of Degrees

April 20, 2020

In this unprecedented environment, where there is a critical need for health care workers, the Senate has been asked to confer degrees early for nursing and medical students so that they may obtain temporary work orders and begin staffing the overrun health care facilities.

Upon recommendation to the Senate by the College Deans, Thomas Chittenden, President of the Faculty Senate, moved that the following numbers of graduates be recommended by the Senate to the President for the awarding of the appropriate degrees or certificates as authorized by the Board of Trustees. Individual names of the graduates will be recorded with the Minutes of the April 20, 2020 Faculty Senate meeting in the permanent Senate records.
