Current Policy
(http://catalogue.uvm.edu/undergraduate/academicinfo/repeatedcourses/)

Repeated Courses
Students who repeat a course only receive credit once for the course. The grades for all occurrences of the course remain on the permanent academic record and all are included in computing the cumulative grade-point average. Any transfer credit for repeated course work will be removed from the transfer credit record. Only the course(s) completed at UVM will be calculated into the GPA.

Draft Revision of the UVM Policy on Repeated Courses and GPA

A student may repeat a course at any time during their enrollment at the University of Vermont. Students who repeat a course will only receive credit once for the course. The original grade remains on the transcript until the student repeats the course. Once the course is repeated, a permanent notation replaces the grade for the first attempt of the course in the semester in which it was taken. The grade earned in the repeated course appears on the transcript in the semester in which the course was repeated. Only the grade earned for the repeat enrollment is factored into the student’s cumulative grade-point average. The grade for the repeat enrollment is the final grade for the course, regardless of whether it is above or below the original grade. Any transfer credit for repeated course work will be removed from the transfer credit record. Only the course(s) completed at UVM will be calculated into the GPA.

Only the courses repeated after [date] will be included in this calculation of GPA.
