Poster Preparation Guidelines for FERC 2019
Prepared by Program Team: Eric Clinton, Josh Daspit, Luis-Diaz Matajira & Pramodita Sharma

Your poster must be prepared as a well-designed, high-quality print in order to facilitate scholarly discussion. Below are some guidelines for poster presentations.

Poster Dimensions & Materials
- You will be provided with:
  - A poster board (with your number marked) that is 40 by 60 inches and mounted on an easel
  - Pins for fastening the poster to the board
- Suggested poster size is 36X48 inches (92X122 centimeters)
- Poster may be made of any material that can be pinned on cardboard
- Access to electrical outlets is limited. We suggest a printed poster instead of reliance on electric outlets / cords

Creating the Poster
- Use font size 30 point or larger. A person should be able to read the information from 5 feet (1.5 meters) away
- Use bullet points or brief amounts of text when presenting your information
- Summarize your information so attendees can get the main ideas of your project:
  - What did you do?
  - Why is it important?
  - What does it mean for family business scholars and practitioners?
- The following links can provide guidelines and suggestions on how to make your poster exciting and educational while also receiving developmental feedback from a scholarly audience
  - http://www.pitt.edu/~etbell/nsurg/PosterGuide.html
  - http://journals.plos.org/ploscompbiol/article?id=10.1371/journal.pcbi.0030102

Printing
- Please bring your posters with you to avoid potential delays or other issues with shipping
- If you prefer to print the poster while in Burlington, poster printing facilities are available at:
  - FEDEX: http://local.fedex.com/vt/burlington/office-0171/
    - Authors will need to order/send/pay for the poster online through the website above, making sure they upload it in PDF format
    - Address: 199 Main St, Burlington VT
    - Phone: 1-802-658-2561
    - Email: http://local.fedex.com/vt/burlington/office-0171/email.html,
    - Please check with the vendor regarding prices and lead times for printing

Presenting
- Each Poster Session is 90 minutes
- About 20 posters will be presented in each session
- You are welcome to bring handouts for scholars
- You should anticipate being at your poster for the entire session
- Show up at least 15 minutes early for set up and don't leave early
- If you need any help, ask the FERC organizing committee

Feel free to reach out to us with any questions:
- Eric Clinton, DCU Business School, Ireland eric.clinton@dcu.ie
- Josh Daspit, Texas State University, USA josh.daspit@txstate.edu
- Luis Diaz-Matajira, Universidad de los Andes, Colombia luidiaz@uniandes.edu.co
- Pramodita Sharma, University of Vermont, USA psharma@bsad.uvm.edu

FERC 2019 has shaped up very well! We expect the who's who of FB research to join us in Burlington, VT!
Looking forward to seeing you!
