The Grossman School of Business provides high quality technology support for its students. We have a team of staff who can assist you with any questions you have regarding your software/hardware or use of the computer labs in Ifshin Hall. Contact the UVM Tech Team at (802) 656-2939 for any warranty repair service of Apple devices or Windows PCs. While GSB is NOT AUTHORIZED for any warranty repair, we can assist you if your computer is no longer under warranty. Even if we cannot do the repair we can give you advice on its cost, viability, etc.

The Grossman School of Business participates in the student portion of Microsoft’s Campus Agreement which allows us to install the most current Microsoft software (Windows 10, Office 2019, etc.) This agreement allows us to roll out upgrades on personally owned student computers. Part of this program is that we charge a non-refundable per semester fee to provide students with technical support and current versions of business software. If you need computing or software help, please visit 234 Kalkin Hall, call (802) 656-0800 or email GSB-ComputerHelp@uvm.edu.

The cost of a Business School required computer can be included in any Financial Aid award for which you are eligible. For more information, contact Student Financial Services by phone: (802) 656-5700 or email: sfs@uvm.edu.
