Summary of Benefits and Coverage: What this Plan Covers & What You Pay for Covered Services

Coverage For: University of Vermont Plan Type: POS

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, www.bcbsvt.com/vhp_cert. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [co-insurance](#), [co-payment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call (800) 255-4550 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0 individual / \$0 family preferred provider . \$500 individual / \$1,000 family non-preferred provider . Co-insurance and co-payments do not apply to the deductible . Preferred services do not apply to the non-preferred deductible .	See the Common Medical Events chart below for your costs for services this plan covers. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . Your plan year: 01/01/2023 through 12/31/2023.
Are there services covered before you meet your deductible ?	Yes, non-preferred preventive mammography screenings and prescription drugs	This plan covers some items and services even if you haven't yet met the deductible amount. But a co-payment or co-insurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$100 individual / \$300 family durable medical equipment and supplies deductible . \$100 individual / \$300 family prescription drug (retail only) deductible .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$2,500 individual / \$5,000 family preferred provider . \$2,500 individual / \$5,000 family non-preferred provider . The out-of-pocket for preferred and non-preferred providers is separate. Prescription drugs : \$1,300 individual / \$2,600 family.	The out-of-pocket limit is the most you could pay in a plan year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.bluecrossvt.org/find-doctor or call (800) 255-4550 for a list of network providers.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). For certain emergency services and/or services at an in-network hospital or surgical center (as explained below), the maximum amount you may pay is the plan's in network cost-sharing amount. In these circumstances, the providers cannot balance bill you. Check with your provider before you get services.
