

Dairy Herd Health Workshop at Cedar Mountain Farm

This workshop is for dairy farmers looking to deepen their clinical skills and understanding of herd health management. Join us for a hands-on dairy herd health workshop hosted by Cedar Mountain Farm and led by veterinarian Dr. Dayna Locitzer, DVM. With a mix of time in the classroom, on pasture, and in the barn, we'll discuss the principles of herd health, a cow's daily time budget, physical exam of the cow, demonstration of clinical skills like knot tying and administering injections, and calving and when to intervene.

Thursday

July 13, 2023

9 a.m. – 2 p.m.

Cedar Mountain Farm

**25 Linden Road
Hartland, VT**

Register by July 11
