

Discovery Farms® Multi-state webinar

Emerging Contaminants & Water Quality: The Importance of On-Farm Research

Tuesday, March 26, 2024

9:00 a.m. CT, 10:00 a.m. ET

CCA CEUs will be available

Join this interactive webinar to learn more about farmer-led water quality research and how the Discovery Farms® network is responding to emerging concerns. This 2 ½ hour webinar will feature presentations from the Wisconsin, Vermont, Minnesota, and Arkansas programs.
