UVM Conflict of Interest/Conflict of Commitment

Sample Responses

All disclosures must be acknowledged and responded to. This provides some sample responses for those conflicts that are most common. If the activity or interest does not create a conflict, you may respond with one of these templates that best fits the situation. If it does pose a conflict, the conflict must be eliminated either through a management plan or, if a management plan is not an option, through disallowance.

IMPORTANT: For all disclosures that pose an actual, potential, or perceived conflict, do not handle these on your own. According to UVM Policy, you are required to consult with one of the following:

  The Office of General Counsel
  The Office of the Vice President for Research
  The Office of Compliance Services

If none of these templates work for the disclosure, you may also contact any of the above for guidance.
