Subject: UVM Study Abroad: Register for Fall 2021 UVM courses as if you will be on campus

Dear student,

You are receiving this email because you plan to study abroad for a Fall 2021 or Academic Year 2021-2022 term.

With Fall 2021 course registration being next week, **this is a reminder to register for Fall 2021 UVM courses as if you will be on campus.** If in mid-June UVM approved Fall study abroad to proceed (and you have not informed us that you are withdrawing from study abroad), you may drop those on-campus courses, and we will have the Registrar's Office enroll you in "OSSP," the UVM Overseas Studies Program placeholder course.

Please continue to work through your GoAbroad post-acceptance checklist. This checklist needs to be complete by May 1, 2021. If you have any questions when working through the remaining forms in the UVM study abroad approval process, please contact us at studyabroad@uvm.edu.

Sincerely,

UVM Study Abroad Advisors
Office of International Education
