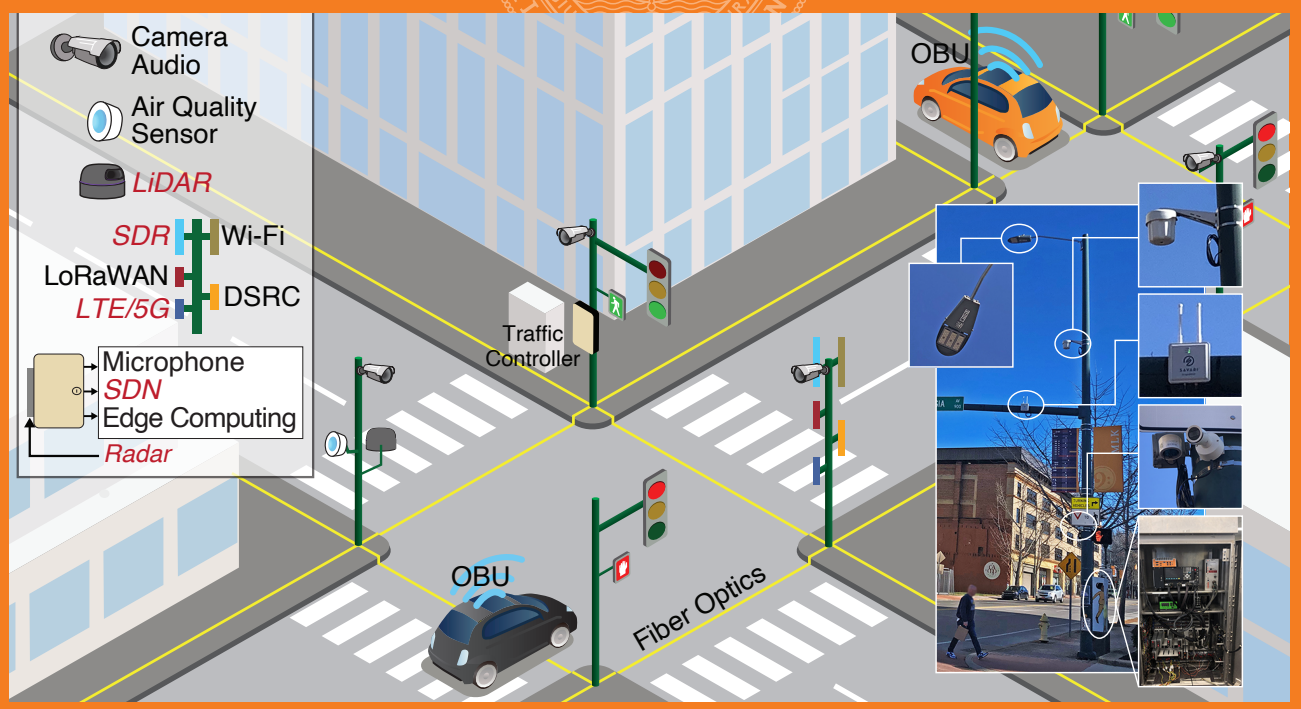
DAN AND CAROLE BURACK

PRESIDENT'S DISTINGUISHED LECTURE SERIES



DATA-DRIVEN COMMUNITY MOBILITY

MINA SARTIPI, PH.D.

Founding Director, Center for Urban Informatics and Progress,
University of Tennessee at Chattanooga
UC Foundation Professor, Department of Computer Science and Engineering

Dr. Sartipi's research—funded by the National Science Foundation, National Institutes of Health, Tennessee Higher Education Commission, and Industry—focuses on data-driven approaches to tackle real-world challenges in smart city applications, specifically on mobility, energy, and health. At the Center for Urban Informatics and Progress, she coordinates cross-disciplinary research and strategic vision for urbanism and smart cities advancement with a focus on people and quality of life.

Date
Tuesday, March 17
