

The
UNIVERSITY
of **VERMONT**

As stated in the Hot Work and Red Tag Permit Programs, the following people are authorized to give out Hot Work and Red Tag (Sprinkler Shutdown) Permits. Phone calls should be made in order of this list. Call the Physical Plant Life Safety Programs Office first at 656-4341. A Life Safety Technician will be dispatched to the site. If there is no answer at the Life Safety Programs Office leave a message and continue down the list until you reach a technician to assist you. Have the inspection location, time needed and the Work Order number available if applicable.

Any questions or concerns should be addressed to the Life Safety Programs Office.

Thank you for your cooperation.
