#### Submissions

## 1. Search for a protocol using the tabs

- In Review: This tab will automatically display. This is the default view of IRB>Submissions and it will list protocols, to which you have authority to see, that are undergoing some type of IRB Review.
- Active: This tab will list protocols, to which you have authority to see, that are in some type of Approved state. (Examples: Approved, Not Human Research)
- Archived: This tab will list protocols, to which you have authority to see, that are in some type of Closed state. (Examples: Closed, Discarded)
- **New Information Reports:** This tab will list protocols, to which you have authority to see, that have some kind of Safety or non-compliance issue in any state.
- **External IRB Studies:** This tab will list protocols, to which you have authority to see, that are external studies.
- **Relying Sites:** These are Site records associated with an External Study. There can be multiple Site records to one External Study.
- All Submissions: This tab will list ALL protocols to which you have authority to see, in any state.

## 2. Filter the list of search results

Once you select a tab, you can now optionally filter the resulting list.

• Click the drop down and select the column to filter by. All columns can be filtered.
