Internship Opportunities

Membership in the UVM Horse Barn requires a large time commitment as well as a commitment to the well-being of the horses. Membership is available to students, graduate students, and professionals. There are three levels of membership: Regular, Associate, and Junior. The Regular membership requires a $500 annual fee and includes access to all horse barn facilities, equipment, and the opportunity to work with the horses. The Associate membership requires a $250 annual fee and includes access to all horse barn facilities, equipment, and the opportunity to work with the horses. The Junior membership requires a $125 annual fee and includes access to all horse barn facilities and equipment. The Junior membership is available to students, graduate students, and professionals who are under 18 years old.

Application Deadline:

Seasonal Dynamics of Lake Champlain Microbial Ecology: Exploring Seasonal Variation

We seek an intern with strong interdisciplinary research, data analysis, and writing skills. The intern will be responsible for data collection and analysis, as well as writing a final report. The intern will work closely with the project team to ensure that the data is accurately analyzed and that the report is clear and concise.

Salary Range:

The target annual compensation for this position is $32,500 (but compensation may range between $32,500 and $39,000 depending on location). Green Development offers equal opportunity employment.
