Internship Opportunities

On April 24, Burlington, Vermont.

Contaminants in soil, such as mercury and persistent organic pollutants, have wide-ranging impacts on human health and the environment. The Vermont Department of Environmental Conservation (DEC) and the University of Vermont Rubenstein School of Environment and Natural Resources (VNER) are seeking candidates for the following opportunities:

1. **Summer Technicians**
   - **Position Details:** Full-time, 2-year grant-funded position with the potential for extension as future funding becomes available.
   - **Salary:** $60,000 annually.
   - **Responsibilities:** Assist forest management staff with a variety of forestry, GIS, REAP, and NACSETAC activities.
   - **Requirements:** Must be an undergraduate or graduate student, be available for the entire summer, and have a valid driver’s license.

2. **Lead Natural Resources Intern**
   - **Position Details:** Full-time, flexible schedule.
   - **Responsibilities:** Assist with natural resources projects out of our Scarborough, Maine, office.
   - **Requirements:** Must be at least 21 years of age, be available for the entire summer, and be a college student.

3. **Urine Donor Recruitment**
   - **Position Details:** 3-5 days a week (including weekends and holidays).
   - **Responsibilities:** Assist with recruitment and preparation for the urine collection program.
   - **Requirements:** Must be at least 21 years of age, be willing to work weekends and holidays, and be available for the entire summer.

For questions about these positions or to send additional materials, contact Carrie Riker at 802-229-7791 or Carrie.Riker@intervale.org.

Applications are accepted through April 24, 2024. For more information, visit the Vermont Department of Environmental Conservation website or contact Meghan Young at Meghan.Young@uvm.edu or 480-581-5378.
