Internship Title: Water Quality Intern

Internship Site: Watershed Consulting, Flynn Avenue, Burlington

Description: Watershed Consulting is a Burlington-based environmental consulting firm specializing in aquatic environmental monitoring, stormwater assessment, and green stormwater infrastructure modeling and design. WCA’s team of environmental scientists work with municipal, non-profit, commercial, and private clientele to meet water quality goals. We specialize in innovative design solutions to address complex environmental challenges. The Water Quality Intern will assist with environmental monitoring and stormwater master planning site investigations as well as data analysis, mapping, and reporting tasks as projects necessitate.

Eligibility: Rubenstein students currently in their sophomore and junior years are eligible to apply.

Desired qualifications/skills/coursework: Desired coursework includes GIS, Environmental risk assessment, aquatic ecology, hydrology, hydraulics, soil chemistry and/or soil physics, inorganic chemistry, and limnology. The most important skill for this position is enthusiasm for environmental issues, a willingness to learn, and a positive attitude.

Supervision: Becky Tharp, Water Quality Program Manager

Start and End Dates: Mid-May – Mid-August, 2020 (exact start/end dates are negotiable)

Total Hours: 20 hours/week, 12 weeks (guaranteed). Depending on workload, up to 40 hours/week may be available. The higher number of hours is likely given historic workloads.

Compensation: $12.50/hour
