How to Review a Proposal Submission

When a proposal is waiting for an approval from the Step 1 (Chair) or Step 2 (Dean), it will be in the status of “Department Review”.

Deans, Chair and Departmental Administrators can generally see all funding proposals across UVM.

As a department reviewer, you may perform the following activities in the UVMClick-Grants system:

- Review the funding proposal, budgets, SF424 forms (if applicable – for use on all system-to-system applications) and uploaded documents
- Request changes or ask for additional information from the PI as needed
- Complete the review

You can access the proposal in one of two ways:

1. Click the live link in the email notification you will receive as the assigned reviewer (this notification will go to your @uvm.edu email)
   OR
2. Log directly into UVMClick – any proposals waiting for your review will be in your “My Inbox”
