Agenda

• Welcome and introductions
• Learning objectives
• Introduction to Sponsored Projects
• Educational resources available
Purpose of the Presentation

Participants will

• Become familiar with the concept of “sponsored project”
• Receive an overview of UVM research community
• Get to know Sponsored Project Administration department
• Learn about the grant lifecycle and roles and responsibilities of key stakeholders involved in research administration at UVM
What Is A Sponsored Project?

• Externally-funded activity in which a formal written agreement, i.e., a grant, contract, or cooperative agreement, is entered into by recipient (UVM) and Sponsor (e.g. federal, state, other universities, industry)

• Supports research, public service, or instructional efforts
What Is A Sponsored Project?

Grant

- Cash or in-kind financial assistance awarded to an organization for the conduct of a project as specified in an approved proposal
- Cooperative agreements, fellowships, career development

Contract

- An agreement between two or more entities which creates an obligation to do or not to do a particular thing
- Procurement, Sponsor acquires goods or services, economic benefits to the Sponsor

Subaward

- Grant or contract, prime agency receives funding from Sponsor, flow through or pass through the Sponsor
Characteristics of Sponsored Projects

• Statement of work
• Detailed financial accountability
  ➢ Project plan with a line-item budget, including budgetary restrictions at the line item level
  ➢ Specified period of performance
  ➢ Frequent use of cost reimbursable accounting, with the requirement to return any unspent funds at the end of the period of performance
  ➢ Detailed financial reporting
  ➢ Accountability under the terms of the Uniform Guidance
  ➢ Effort reporting requirement
• Regulatory compliance requirements, potentially including:
  ➢ Export controls, financial conflict of interest, human and animal subjects
• Restrictive provisions related to intellectual property rights or publications
Fundamentals

• Whose grant is this?
  ➢ Awards are made to the institution

• Who gets to call the shots?
  ➢ A Principal Investigator (PI) is the lead researcher for the grant project
  ➢ PIs and Central and Department administrators form a partnership
    ✓ PIs direct the science
    ✓ Administrators manage the business processes and compliance functions

• Who answers to whom?
  ➢ Science without administration would not receive grant funding
  ➢ Administrators without science would not receive grant funding
Fundamentals: Who is Funding the Research

• Federal

• Non-federal
  ➢ Scientific, non-scientific and private foundations
  ➢ Associations
  ➢ Corporate
  ➢ Industry
  ➢ State, local and other governmental
  ➢ Other institutions

Proposal Submission and Award Administration

This team works closely to support the review, audit, and submission of research proposals. This team also serves as the liaison between the University (school and college administrators, faculty and professional staff) and our outside customers, such as Federal, State, and Non-Federal agencies and sponsors.
Award Acceptance, Set-up and Outgoing Subawards

• Award Acceptance officers review, negotiate and accept sponsored agreements. The review and negotiation processes ensure that the interests of the Principal Investigator (PI), the University, and the State are adequately protected and that the legal obligations of the agreement do not conflict with the University’s mission or policies. The award acceptance officers enter the relevant award data into the UVMClick Award record, while also updating the status to reflect where the award is at in the process.

• The set-up function is primarily responsible for the review of the UVMClick Award record and set-up of all awards made to the University in PeopleSoft (financial SW).

• This team oversees the preparation of outgoing sub-award agreements (primary responsibility resides with Outgoing Subaward Specialist), and non-monetary agreements related to research.
Research Finance and Reporting

This team provides accounting support for extramural research, including providing direction and advice on grant and contract fiscal administration. Team members analyze projects to determine which policies or procedures apply to any particular situation. They monitor those projects to ensure that compliance with accounting standards is maintained throughout the life of the projects. They prepare and submit financial reports, review cost transfers, re-budgeting and direct cost justification requests.
Sponsored Revenue and Cash Management

This team is responsible for all billing, letter of credit drawdowns, accounts receivable, collections and accounting activities associated with sponsored projects and PI-initiated clinical trials.
Individual Roles and Common Goals of Administrators

• **Central Administrators**: facilitate the submission of proposals and the review and negotiation of sponsored research agreements and the signatory officials for sponsored projects

• **Unit (College/Department) Administrators**: serve the faculty on a more individual and personal level and act as a liaison between the faculty and the central team

• **Common Goal**: to provide a full range of assistance to faculty in obtaining and administering funding to support creative and scholarly activities

SPONSORED PROJECT ADMINISTRATION

Sponsored Project Administration is a full-service research administration and compliance office committed to assisting faculty, staff, and sponsors navigate the lifecycle of a sponsored project. SPA provides institutional approval for all proposal submissions, accepts awards on behalf of UVM, and facilitates award administration.

For assistance in any one of the following areas please contact us.
Educational Resources Available - NCURA

The National Council of University Research Administrators (NCURA) strives to make advances in the field of research administration through professional development, the sharing of knowledge, and by fostering a sense of community via multiple venues:

https://onlinelearning.ncura.edu/ Tutorials, on-line publications, magazine, industry news are available to NCURA members

http://www.ncura.edu/travelingworkshops/Home.aspx These workshops are taught by experienced leaders in the areas of compliance, department research administration, global research management, post-award administration and pre-award administration; the expertise depends on the workshop.

https://onlinelearning.ncura.edu/free-resources Education available to the public at no cost, NCURA membership is not required
Educational Resources Available - RACC

Research Administrators Certification Council (RACC) is an independent non-profit organization composed of active certified research administrators whose role is to certify that an individual, through experience and testing, has the fundamental knowledge necessary to be a professional research or sponsored programs administrator.
