"The PPD Medplex Team and the COM Renovation Team strive to ensure the buildings we maintain run efficiently, whether that is done by Facilities Repair Persons, Plumbers, Electricians, HVAC Technicians, or Carpenters. They have the grit, determination, and drive to make UVM a great place to work and further the education of our students."

"As essential personnel, they've been required to be on the job during all that is going on with COVID-19. They continue to keep their heads up and are always willing to help anyone with anything. They have been very helpful with installing all the protective screens, the sanitizer station and signage throughout the buildings."

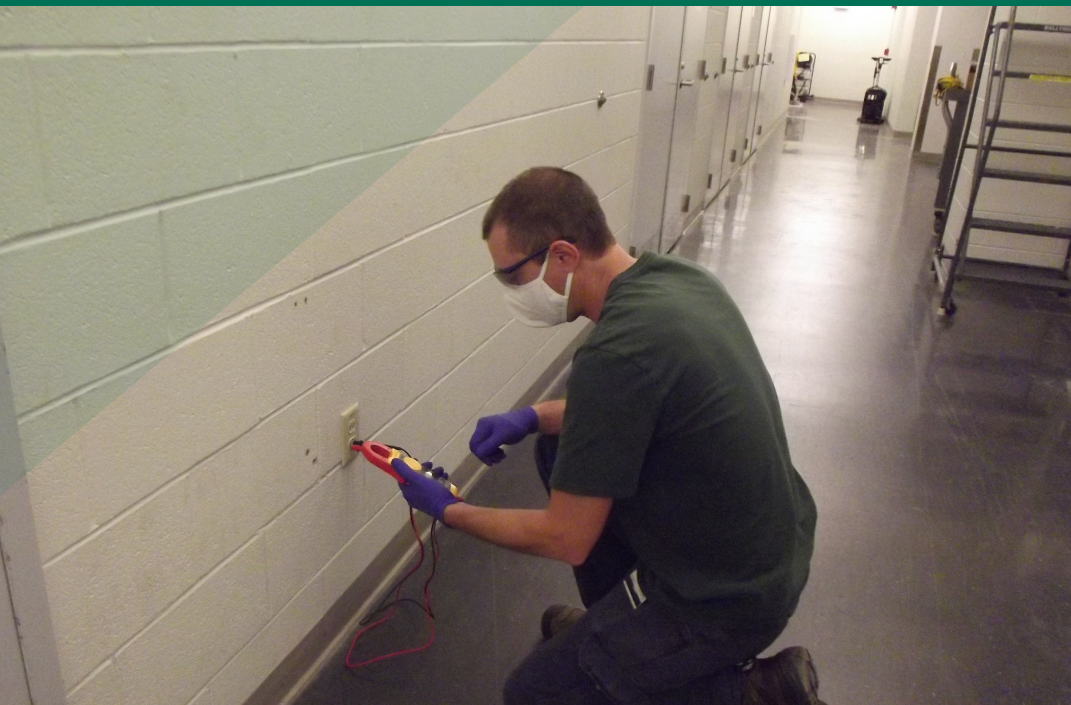

#UVMstaffrock

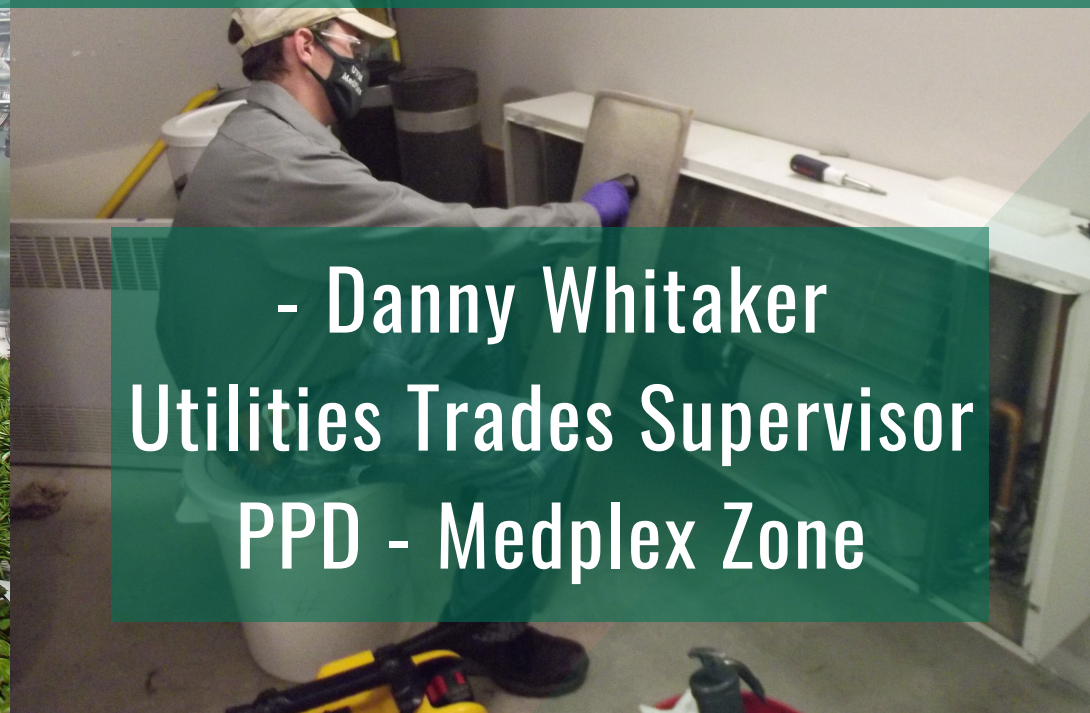

"I truly believe these employees do a great job in their day-to-day operations and sometimes do not get the acknowledgment they deserve for what they do. On behalf of all of us, thank you for your continued support for the University, whether that be Students, Faculty, Staff. Without dedicated employees, UVM would struggle to keep students coming here for schooling and our Campus would not look as good as it does."
