**What is the Title IV Authorization?**

UVM is required by the Federal Government to receive permission from recipients of federal student aid funds (PELL or SEOG grants, Federal Direct loans) on how to apply funds exceeding allowable charges (tuition, mandatory fees, housing and meals).

Even if you agree to grant permission, the Department of Education does not allow federal student aid to pay for late or penalty fees such as, late fees, returned check fees, or conduct fines (with the exception of library or parking fines).

**Please indicate your decision below:**

☐ I AGREE to give UVM permission to apply federal student aid funds to pay all permissible outstanding, current year charges on my student account (including health insurance premiums) and/or permission to apply my federal funds to cover up to \$200 of prior year allowable charges.

☐ I DISAGREE and only give UVM permission to apply my federal funds to allowable charges for the current year.

Note: By selecting this option, it may mean that you receive a financial aid refund, but still owe money to UVM. Failing to pay your student account may result in a financial hold preventing access to registration, grades, transcripts, and possible disenrollment.

Your decision can be changed at any time by submitting a new Title IV Student Authorization form to Student Financial Services.
