This form has two purposes:

1. To verify the names, ages and relationship to the UVM student of the people included in the parent(s) household size, as **reported on the FAFSA**;
2. To verify the household members (excluding parents) who will be enrolled at least half-time (6 or more credits) in college between July 1, 2018 and June 30, 2019 for the household of the parent(s) listed on the FAFSA.

Include the following people in the table below:

- Yourself (the UVM student), even if you do not live with your parents.
- Your parent(s) whose information is reported on the FAFSA. See pg. 2 for further instruction.
- Your parents' other children, if your parent(s) will provide more than half of their support from July 1, 2018 through June 30, 2019, or if the other children would need to report the parents' information on their FAFSAs, if completed.
- Other people if they live with and receive more than half of their support from your parent(s) at the time of application and will continue to receive that support from July 1, 2018 through June 30, 2019.

*If the household member will definitely attend a postsecondary school (college) at least half-time beginning in Fall 2018 or Spring 2019 in a program that leads to a degree or certificate, but has not decided on the college yet, please list the top two choices. If the person is not sure if he/she will be attending college, please do not list any college for that person. **DO NOT** write "undecided" for the college. **Parents cannot be included in the number for attending school.***

Which parent(s) should be included as part of the household?

Review all instructions below to determine who is considered a parent on this form. If you have questions about which parent(s) to include in the household after reviewing this form, please contact Student Financial Services.

- If the student's parents are married, include both. Same-sex couples report their marital status as married if they were legally married in a state or other jurisdiction (foreign country) that permits same-sex marriage, without regard to where the couple resides.
- If the student's parents are divorced or separated (but not living together), include the parent that the student lived with more during the past 12 months. If the student did not live with one parent more than the other, include the parent who provided more financial support during the past 12 months or during the most recent year that the student actually received support from a parent.
- If the student's legal parents (biological and/or adoptive) are not married to each other and live together, include both, regardless of whether the parents are of the same or opposite sex
- If the student's parent was never married and does not live with the other legal parent, or if the parent is widowed and not remarried, include only that parent.
- If the student's divorced parent is remarried as of the FAFSA filing date, include that parent and the stepparent.
- If the student's widowed parent is remarried as of the FAFSA filing date, include that parent and the stepparent.
