### 26 Advisory Board Members
Six Major Objectives

Deliver
- Expand the network
- Update communication system

Review
- Support FSOP Awardees
- Review Alternative Curriculum

Develop
- Provide Prof Development
- Provide Technical Assistance
Alternate Curricula Review

- Procedures
- Develop review matrix
- Internal review
- Coordinate external reviews
Responsibility: NCR FSMA Center

No course materials need to be developed
To determine if the proposed learning objectives and learning activities are adequately covered and at least equivalent to the standardized curricula as described in FDA’s guidance.

Responsibility: NCR FSMA Center

Course materials for each learning objective must be developed
Initial evaluation to determine if the course content and learning activities support the learning objectives.

Responsibility: External Reviewers

All course materials must be submitted
Peer review evaluation to determine if the proposed learning objectives are adequately covered, whether the Produce Safety Rule is appropriately cited, and that content is technically/scientifically accurate and complete.
Resource Development

• 17 Fact Sheets developed
• 2 Checklists/exemption envelopes
• All available on our website and the Produce Safety Clearinghouse
Success Stories

- 10 stories on the NCR FSMA website
  https://www.ncrfsma.org/impacts
- NCR is tasked with writing national stories, so contact us if you have ideas
