

NECAFS WorkGroup Project Update

EVALUATION

Project Summary Recap

- Providing technical and educational development support in addressing the needs of small and medium-scale processors towards compliance with the PCHF rule.
- Identify knowledge gaps contributing to difficulties encountered by the target audience.

Milestones Achieved

- Assessed evaluation tool usage
 - Survey found support for tool
 - 63% yes
 - 33% maybe
- Developed draft of evaluation tool
 - Pre-course
 - Post-course
 - Follow-up

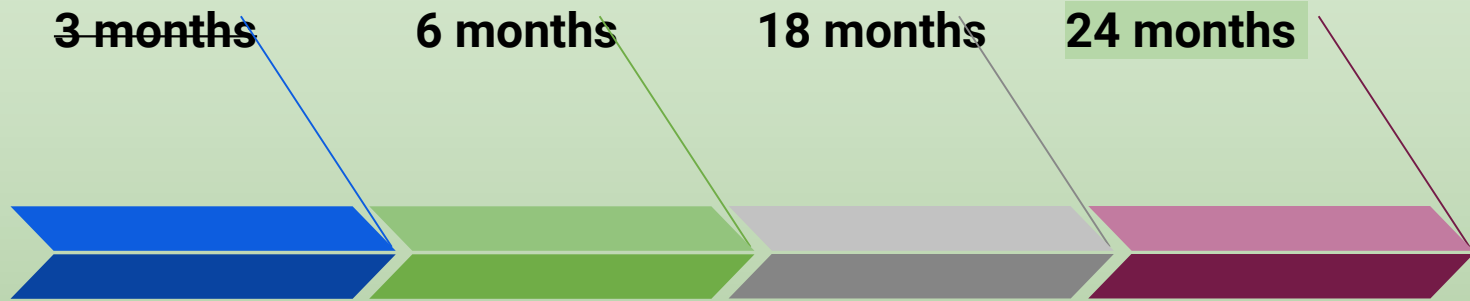

Summary of Future Plan Activities

- Determine data sharing mechanism with NECAFS
- Finalize evaluation tool
- Promote tool usage
- Collect data
- Provide data reports
 - separate by state

Updated TimeLine

~~STAGE 1~~

~~Assess evaluation
tool format and
usage~~

STAGE 2

Determine
data sharing
mechanism

STAGE 3

Develop
evaluation
tools

STAGE 4

Finalize
evaluation
tools and
sharing
mechanism

Promote
usage of
tools

Management Plan

NECAFS Management Team

Oversees funding and assesses project progress and outputs

NECAFS Staff

Execute project aims, seek input and guidance from Evaluation Subgroup

Evaluation Workgroup

Steers project activities, reviews outputs, oversees project completion, and reports progress to the NECAFS Management Team

Discussion & Poll

- Please take a moment to review the evaluation tool.
- Provide feedback
 - directly on handout
 - using form provided

Acknowledgments

Jason Bolton, University of Maine

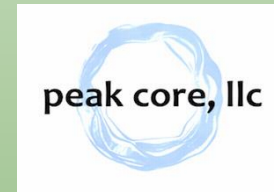

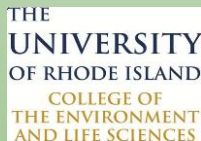

Andrea Gilbert, University of Maryland

Nicole Richard, University of Rhode Island

Donna Schaffner, Rutgers

Dave Seddon, Peakcore, LLC

Courtenay Simmons
