- If you have a bicycle on campus, please consider taking it home with you over the break, or if leaving it on campus, please secure it appropriately in one of the indoor bike rooms. Residential Hall Students--Leaving a Motor Vehicle On Campus While Away.

- You are responsible to know the expiration date of your permit prior to leaving or parking a motor vehicle. Those with fall semester permits expiring in December of 2020 must renew their permit prior to its expiration date if parking on campus for any duration during this period.

- The upper deck above the Gutterson Garage is closed to overnight parking from 11:00 pm-7:00 am, November 15th through April 1st. Your vehicle must be parked within the enclosed sections of the garage in the middle and lower levels and not the unenclosed surface areas of the facility
