Equal Employment Opportunity/Affirmative Action Policy Statement

Policy Statement

The University of Vermont and State Agricultural College is committed to a policy of equal employment opportunity and to a program of affirmative action in order to fulfill that policy. The President of the University fully supports the University’s equal employment opportunity policy and the University’s affirmative action program.

The University will accordingly recruit, hire, train, and promote persons in all positions and ensure that all other personnel actions are administered without regard to unlawful criteria including race, color, religion, ancestry, national origin, place of birth, sex, sexual orientation, disability, age, positive HIV-related blood test results, genetic information, gender identity or expression, or status as a disabled veteran, recently separated veteran, active duty wartime or campaign badge veteran, or Armed Forces service medal veteran (collectively “protected veterans”), as these terms are defined under applicable law, or any other factor or characteristic protected by law, and ensure that all employment decisions are based only on valid job requirements.

In addition, the University of Vermont recognizes that discriminatory harassment and sexual harassment are forms of unlawful discrimination, and it is, therefore, the policy of the University that discriminatory harassment and sexual harassment will not be tolerated. The University also prohibits unlawful harassment on the basis of other characteristics protected by law.

Further, employees and applicants will not be subjected to harassment, intimidation, threats, coercion, or retaliation because they have engaged in or may engage in the following: filing a complaint or assisting or participating in an investigation regarding alleged discrimination or harassment as prohibited in the policy statement above; filing a complaint or assisting or
participating in an investigation, compliance evaluation, hearing, or any other activity related to the administration of the Vietnam Era Veterans' Readjustment Assistance Act of 1974 ("VEVRAA"), Section 503 of the Rehabilitation Act of 1973 ("Rehabilitation Act"), or the Affirmative Action provisions of any other federal, state or local law; opposing any act or practice made unlawful by VEVRAA or any other federal, state, or local law requiring equal employment opportunities for individuals with disabilities or protected veterans; or exercising any other rights protected by VEVRAA or the Rehabilitation Act.

The University of Vermont maintains an audit and reporting system that: measures the effectiveness of the University’s affirmative action program; indicates any need for remedial action; determines the degree to which the University’s objectives have been attained; measures the University’s compliance with its affirmative action obligations; and determines whether individuals with disabilities and veterans have had the opportunity to participate in all University sponsored educational, training, recreational and social activities.

The University of Vermont’s strategic planning is a long-term process that establishes University-wide priorities as well as University and divisional programmatic objectives. The University’s strategic plan identifies specific goals and initiatives, including capital plans that identify necessary and desired University facility investments. To fund its plan, the University will continue to utilize a mix of financing sources including State and Federal sources, philanthropy, internal reserves, and external University-supported debt.

This policy, in conjunction with the strategic and capital planning, will aid management in ensuring that an appropriate mix and types of funding sources are utilized and that the University’s debt capacity is allocated strategically. A UVM-specific debt policy is appropriate to ensure adequate financial strength to service existing and proposed debt, maintain leverage within an acceptable risk tolerance while investing in priority capital projects, maintain a strong financial profile to ensure a competitive position relative to its peers, and maintain the budgetary capacity to invest in other initiatives.

Management and the Board of Trustees, acting through the appropriate Board of Trustee committee, will assess this policy on an ongoing basis to ensure that it remains responsive to UVM’s evolving academic, research and strategic priorities and financial position.

The University believes that financial discipline is a critical component of long-term debt management and that the Board and management, operating through the appropriate Board of Trustee committee should establish a limited number of financial ratios and limits in order to manage debt within acceptable ranges consistent with UVM’s objectives. These measures will be monitored and reported on in light of UVM’s evolving strategic initiatives and capital needs.
INTRODUCTION AND OBJECTIVES

<tbody>
<tr>
<td>1. Articulate UVM’s philosophy regarding debt.</td>

<td>3. Provide for regular review and potential update of policy to reflect evolving needs.</td>
</tr>

Just as investments represent an integral component of assets, debt is viewed to be a long-term component of liabilities that therefore should be managed on a long-term portfolio-basis consistent with the institution’s policy objectives, with an overarching objective of managing the balance sheet.

The objectives of the policy are to:

(i) Maintain the University’s access to capital. Management will utilize and issue debt in order to provide timely access to capital to fund project priorities that have been approved by the Board;

(ii) Manage the University’s credit to meet its long-term strategic objectives while maintaining creditworthiness consistent with the most favorable relative cost of capital and borrowing terms.

(iii) Limit risk of the University’s debt portfolio. Debt will be managed on a portfolio, rather than a transactional or project-specific, basis. Management’s continuing objective of incurring the lowest achievable long-term risk-adjusted cost of capital will be balanced with the goal of appropriately limiting exposure to market shifts within acceptable budgetary parameters. Various types of debt structures and financial instruments will be considered, monitored, and managed within the framework established in this policy and according to internal management procedures; and

(iv) Permit the optimization of the investment of the University’s working capital and cash balances. Management will explore various options and alternatives to internal cash holdings regarding the optimal funding mechanism for short-term equipment needs, bridge financing and cash requirements. Management recognizes that working capital requirements, debt management, and the investment of cash/net assets should be viewed comprehensively in order to optimize overall funding and investment return strategies.

In addition to establishing a framework relating to the administration of debt, the policy provides for periodic updates pertaining to UVM’s debt capacity and financial management to both internal and external parties.
OVERSIGHT

Purpose

1. Provide mechanism for oversight and review on periodic basis.
2. Provide management flexibility to make ongoing financing decisions within the framework of the policy.

By adopting this policy and regularly reviewing it with the appropriate Board of Trustee committee, management will follow and report on guidelines and requirements regarding debt utilization. With appropriate authorizations consistent with the policy, management will have flexibility to implement specific financial transactions and utilize approved financing vehicles in accordance with stated procedures.

The Office of the Vice President for Finance and University Treasurer will manage all funding sources, including debt, for capital projects authorized by the Board. The structure of any individual transaction (e.g., maturity, interest rate mode, use of derivative products, other financing structures) will be based upon overall University needs to ensure that (i) long-term costs to the University and its operating units are minimized consistent within the context of other strategic objectives and (ii) overall risk does not exceed acceptable levels as defined in this policy.

Because this debt policy is a living document, the appropriate Board of Trustee committee will review this policy on an annual basis and report any recommended changes or revisions to the Board of Trustees. This review process is necessary to ensure that the policy remains consistent with the University’s objectives and responsive to evolving practices, competitive pressures in the external environment, and financial indicators.

POLICY RATIOS

Purpose

1. Identify core ratios.
2. Clearly communicate with key parties such as rating agencies the University’s philosophy regarding debt and management’s ongoing assessment of debt capacity and affordability.

This policy establishes limits to measure the total amount of outstanding debt compared to University balance-sheet resources and the annual operating budget. These ratios can be derived from the financial statements and other information and are subject to review periodically.

The policy identifies ratios that (i) are based on current GAAP requirements and (ii) are consistent with ratios utilized in the higher education industry to permit benchmarking.

In addition to the two policy ratios below, the University may consider tracking other ratios in addition to the policy ratios. Listed below are the policy ratios and limits that will be followed.

Ratio 1 – Debt Burden Ratio

This ratio measures the University’s ability to repay debt service associated with all outstanding debt and the impact on the overall budget and includes all activities of the University. The defined limit for this ratio is intended to maintain the University’s long-term operating flexibility to fund existing requirements and new initiatives, although the University may target a desired ratio below this limit.

\[
\text{ANNUAL DEBT SERVICE} \leq \text{5.75%} \\
\text{TOTAL EXPENSES}
\]

The measure is based on aggregate operating expenses as opposed to operating revenues because expenses typically are more stable (e.g., no one-time operating gifts, investment return, variability of State funding) and better reflect the operating base of the University. Management
recognizes that a growing expense base would make this ratio appear more attractive. The limit for this ratio is not to be greater than 5.75% until June 30, 2023 and will revert to 5% thereafter. This ratio will be adjusted to include the impact of non-amortizing or non-traditional debt structures that could result in significant single year fluctuations, as well as an assumption of an appropriate variable rate.

**Ratio 2 - Viability Ratio (also called Expendable Financial Assets to Debt)**

This ratio indicates one of the most basic determinants of financial health by measuring the availability of liquid and expendable net assets compared to aggregate debt. The ratio measures the medium to long-term health of the University’s balance sheet and debt capacity and is a critical component of universities with the highest credit quality.

Many factors influence the viability ratio, affecting both the assets (e.g., investment performance, philanthropy) and liabilities (e.g., timing of bond issues), and therefore the ratio is best examined in the context of changing market conditions so that it accurately reflects relative financial strength. For example, a viability ratio that is acceptable and entirely appropriate in one market condition may be relatively stronger or weaker in other market environments.

This policy establishes a debt policy limit (floor) for this ratio of 1.0 x 0.8 to ensure that sufficient balance sheet strength is maintained at all times.

\[
\frac{\text{UNRESTRICTED NET ASSETS} + \text{TEMPORARILY RESTRICTED NET ASSETS} - \text{EQUITY IN PLANT}}{\text{AGGREGATE DEBT}} > 0.8x
\]

This ratio will include any financings that impact the University credit, including guarantees of third-party debt.

The 0.8x limit is recognized as a limit, and not a long-term objective. Over time, to remain competitive and retain the flexibility to invest in future strategic initiatives, UVM will want to target and maintain a ratio above 0.8x.

Annually, based on the results of the audited financial statements, the Vice President for Finance will report to the appropriate Board of Trustee committee on the actual ratio results and any existing conditions that put the University out of compliance with this policy. In the event that the University is out of compliance with the policy, the appropriate Board of Trustee committee will take up the matter for consideration and make recommendations it deems appropriate to the Board of Trustees.

**Ratios as a Credit Factor**

The University has established its ratios and associated ratio limits based on internally-established guidelines. The ratios and limits are not intended to provide a long-term target or track a specific rating, but rather will enable the maintenance of the University’s competitive financial profile and complement the capital planning process. The debt policy will be shared with external credit analysts and other third parties in order to provide them with the context regarding UVM’s assessment of self-determined debt capacity and affordability, which is subject to ongoing review.
The University recognizes that there are numerous types of financing structures and funding sources available, each with specific benefits, risks, and costs. All potential funding sources will be reviewed by management within the context of the debt policy and the overall portfolio to ensure that any financial product or structure is consistent with UVM’s objectives. Regardless of what financing structure(s) is(are) utilized, a full understanding of the transaction, including (i) quantification of potential risks and benefits, and (ii) analysis of the impact on University creditworthiness and debt capacity, will be required. Any financial transaction which, in management’s opinion utilizes the University’s credit, will be subject to the limits set forth in this policy regardless of source. Tax-Exempt Debt

The University recognizes that debt will remain a long-term component of the University’s capitalization over the foreseeable future due in part to its continued need for capital and the substantial economic benefits associated with tax-exempt debt. Therefore, financial transactions will be managed on a portfolio basis with a long-term perspective. (In all circumstances, however, individual projects must continue to be identified and tracked to ensure compliance with all tax and reimbursement requirements).

Debt will be structured to meet the University’s comprehensive long-term objectives, and each project being financed will be required to provide a sound business plan, including the source of repayment for the debt and appropriate and realistic repayment terms. Among other things, the repayment terms will require that the loan term is no greater than the expected componentized useful life of the asset financed. Additionally, the financed project will be required to budget and fund principal payments on a fully amortized basis.

Taxable Debt

While all of the University’s capital projects may not qualify for tax-exempt debt, taxable debt should only be used in appropriate cases as it generally represents a more expensive source of capital relative to tax-exempt issuance.

Commercial Paper

The CP program can provide substantial financial flexibility to the University including the ability to manage and optimize cash balances, and provide an alternative to lease transactions, and other purposes. CP can offer the University interim financing for capital projects in anticipation of the receipt of funding either in the form of future philanthropy or the issuance of long-term debt for permanent financing, as well as offer greater flexibility regarding the timing and structuring of individual bond transactions.

Derivative Products

Management recognizes that derivative products may enable more opportunistic and flexible management of the debt portfolio.Derivative products, including interest rate swaps, may be employed primarily to manage or hedge the University’s interest rate exposure for a specific period of time. The University will utilize a framework to evaluate potential derivative instruments through consideration of (i) its variable rate allocation, (ii) market and interest rate conditions, (iii) impact on future financing flexibility, and (iv) the compensation for assuming risks, or the costs for eliminating certain risks and exposure. In addition, the
University will analyze and quantify the cost/benefit of any derivative instrument relative to achieving desirable long-term capital structure objectives. Under no circumstances will a derivative transaction be utilized that is not understood fully by management or that imposes inappropriate risk on the University. Risks include but are not limited to tax risk, interest rate risk, liquidity risk, counterparty credit risk, basis risk, and any other potential risks either imposed or removed through the execution of any transaction. In addition, management will consider and disclose the potential impact of any derivative product on the University’s financial statements and the appropriate treatment in calculating the debt policy ratios. The University will regularly report on the status and performance of its derivative products, if any, to the appropriate Board of Trustee committee. Given the risks and complexity associated with derivative products, they will be considered more seriously only when: (i) conventional financing sources are relatively more expensive (e.g. exceed the portfolio blended interest rate, and (ii) can achieve desired financial objectives more efficiently or at a significantly lower risk-adjusted cost than traditional structures. Management is required to present any recommended derivative product to the appropriate Board of Trustee committee and must receive Board approval prior to execution.

Other Financing Sources

The University recognizes that a variety of transactions, not limited to debt insured directly by UVM, may impact the University’s credit while the University’s limited debt capacity and substantial capital needs require the consideration of various financing alternatives, including possible opportunities for alternative and non-traditional transaction structures. The University recognizes these types of transactions may also impact the University’s credit and also often can be more expensive than traditional University debt structures.

Therefore all non-traditional financing structures including guarantees and third party debt can only be considered once the economic benefit and the likely impact on the University’s debt capacity and credit has been determined. Specifically, for any third-party or developer based financing, management will ensure the full credit impact of the structure is evaluated and quantified to the extent possible prior to execution and the analysis must be presented to the appropriate Board of Trustee committees and must receive Board approval prior to execution.
PORTFOLIO MANAGEMENT OF DEBT

<table>
<thead>
<tr>
<th>Purpose</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Permit decisions regarding debt issuance and structure to be made on a portfolio basis, rather than on a per-project basis.</td>
</tr>
<tr>
<td>2. Manage variable rate exposure of the debt portfolio.</td>
</tr>
<tr>
<td>a. Limit variable rate exposure.</td>
</tr>
<tr>
<td>b. Manage the overall liquidity requirements associated with outstanding debt.</td>
</tr>
<tr>
<td>c. Target overall variable rate debt exposure.</td>
</tr>
<tr>
<td>3. Evaluate exposure to other financing vehicles and third parties on a portfolio-wide basis.</td>
</tr>
</tbody>
</table>

The University considers its debt portfolio holistically; that is, it optimizes the portfolio of debt for the entire University rather than on a project-by-project basis, and takes into account the University’s cash and investments.

**Variable Rate Debt**

It is recognized that a degree of exposure to variable interest rates within the University’s debt portfolio may be desirable in order to:

(i) take advantage of repayment/restructuring flexibility;

(ii) benefit from historically lower average interest costs; and

(iii) diversify the debt portfolio; and,

(iv) provide a hedge to short-term working capital balances

Management will monitor overall interest rate exposure, analyze and quantify potential risks, and coordinate appropriate fixed/variable allocation strategies. The portfolio allocation to variable rate debt may be managed or adjusted through (i) the issuance of debt (potentially new issues and refunding), (ii) and the use of interest rate swaps and other derivative products. While the utilization of commercial paper impacts the University’s variable rate exposure, outstanding CP will not be included in the ratio, given the expected interim financing purpose.

Recognizing the desire to manage interest rate risk, the amount of variable rate debt outstanding shall not exceed 35% of the University’s outstanding debt. This limit is based on the University’s desire to (i) limit annual variances in its debt portfolio, (ii) provide sufficient structuring flexibility to management, (iii) keep the University’s variable rate allocation within acceptable external parameters, (iv) utilize variable rate debt (and/or swaps) to optimize debt portfolio allocation and minimize costs, and (v) take into account liquidity needs and exposures for the portfolio, including consideration of the commercial paper program.

**VARIABLE RATE AND LIQUIDITY EXPOSURE**

\[
\text{VARIABLE RATE AND LIQUIDITY EXPOSURE} = \frac{\text{Variable Rate and Liquidity Exposure}}{\text{TOTAL LONG-TERM DEBT OUTSTANDING}} \leq 35\%
\]

The University will exclude from this calculation project-related commercial paper used in advance of expected long-term financing since this commercial paper is used for interim purposes and should not be included in the University’s desired long-term variable rate allocation calculation. The numerator, Variable Rate and Liquidity Exposure, is defined as including all variable rate debt, not adjusted for any floating to fixed swaps, if any, and plus any fixed to floating swaps, if any. Thus, any variable rate debt that is affected by floating-to-fixed interest rate swaps will be considered variable rate debt for the purposes of this calculation since it impacts the University’s liquidity requirements and exposes the institution to counterparty credit exposure. Note that this ratio measures interest rate exposure and liquidity exposure/requirements directly.
GLOSSARY

**Annual Debt Service** – refers to the principal and interest due on long-term debt in a fiscal year.

**Bridge Financing** – refers to any type of financing used to “bridge” a period of time. For universities, it generally refers to financings that provide funding in advance of a long-term bond issue or the receipt of gift funding.

**Capital Project** – refers to physical facilities or equipment or software that may be capitalized.

**Commercial Paper** – an alternative to bank line for stronger rated borrowers, commercial paper is short-term promissory notes issued on the open market as an obligation of the borrower. The maturity of commercial paper is less than 270 days, and for most universities, the average maturity of all paper is between 30-50 days. Registration and disclosure for commercial paper is significantly less than traditional university bonds.

**Derivative Products** – generally referred to transactions which are an exchange of specified cash flows for a period of time. The most common types of derivatives are floating-rate-to-fixed-rate or fixed-rate-to-floating-rate swaps.

**GAAP** – refers to Generally Accepted Accounting Principles.

**Leverage** – long-term debt as a component of the total assets of the University. “High leverage” indicates an institution that has a considerable portion of its assets that are debt financed.

The portion of the Series 2015 Bonds allocable to the refunding of the Series 2005 Refunded Bonds shall be in the initial principal amount of not more than $84 million, shall mature not later than the final maturity date of the Series 2005 Refunding Bonds and shall have a weighted average maturity not exceeding the weighted average maturity of the Series 2005 Refunded Bonds by more than two years. The portion of the Series 2015 Bonds allocable to the refunding of the Series 2007 Refunded Bonds shall be in the initial principal amount of not more than $79 million, shall mature not later than the final maturity date of the Series 2007 Refunding Bonds and shall have a weighted average maturity not exceeding the weighted average maturity of the Series 2007 Refunded Bonds by more than two years. The portion of the Series 2015 Bonds allocable to the refunding of the Series 2009 Refunded Bonds shall be in the initial principal amount of not more than $73 million, shall mature not later than the final maturity date of the Series 2009 Refunding Bonds and shall have a weighted average maturity not exceeding the weighted average maturity of the Series 2009 Refunded Bonds by more than two years. If the Series 2015 Bonds are issued at more than one time, each issuance of the Series 2015 Bonds shall comply with the limitations contained in this Resolution; provided that the aggregate principal amount of Series 2015 Bonds shall not exceed the limitations on principal amount set forth herein. (including the maturity dates and amounts, the interest rates, the original issue premium or discount, the redemption provisions of the Series 2015 Bonds based on financial or structural benefits to the University and marketing considerations and the underwriters’ compensation) subject to the limitations set forth in this resolution and the applicable Supplemental Indenture. The form and content of the Series 2015 Bonds as set forth in the applicable Supplemental Indenture are hereby approved and confirmed. The Vice President for Finance and Treasurer, and the Secretary or the Assistant Secretary of the Board are authorized and directed to execute and deliver the Series 2015 Bonds for and on behalf of the University, in substantially the form and content set forth in the applicable Supplemental Indenture, but with such changes, additions or deletions as shall to them seem necessary, desirable or appropriate, their execution thereof to constitute conclusive evidence of their approval of any and all such changes, additions or deletions.

Section 2. Authorization to Determine Refunded Bond Redemptions. The Board hereby authorizes and directs the Vice President for Finance and Treasurer, in consultation with the Bond Work Group, to determine which maturities (or portions of maturities) of the Refunded Bonds shall be refunded with the proceeds of the Series 2015 Bonds and the dates of redemption of such Refunded Bonds; provided that such refunding results in net present value savings of not less than 3% of the par amount of the Refunded Bonds (from each issuance of Series 2015 Bonds if issued at more than one time).

Section 3. Authorization of Supplemental Indentures. The Board hereby approves and confirms the form and content of one or more Supplemental Indentures. The Vice President for Finance and Treasurer, and the Secretary or Assistant Secretary of the Board are hereby authorized and directed to execute and deliver one or more Supplemental Indentures for and on behalf of the University, in substantially the form and content made available to the Board, but with such changes, additions or deletions as shall to them seem necessary, desirable or appropriate, their execution thereof to constitute conclusive evidence of their approval of any and all such changes, additions or deletions. From and after the execution and delivery of the Supplemental Indentures, the Vice President for Finance and Treasurer, and the Secretary or Assistant Secretary of the Board and all other officers of the Board and the University are hereby authorized, empowered and directed to do all such acts and things and to execute all such documents as may be necessary to carry out and comply with the provisions of the Supplemental Indentures as executed.

Section 4. Authorization of Bond Purchase Agreement. The Series 2015 Bonds shall be awarded and sold to the Underwriters pursuant to the terms of one or more Bond Purchase Agreements at an aggregate underwriters’ discount or fee to be determined by the Vice President for Finance and Treasurer in consultation with the Bond Work Group, of not more than 0.30% ($3.00 per $1,000 bond) plus an additional amount to cover out-of-pocket expenses of the Underwriters. The Series 2015 Bonds shall be authenticated and delivered to or upon the order of the Underwriters upon payment of the purchase price set forth in the Bond Purchase Agreement. The form and content of the Bond Purchase Agreement is hereby approved. The Vice President for Finance and Treasurer is hereby authorized and directed to execute and deliver the Bond Purchase Agreement for and on behalf of the University, in substantially the form and content made available to the University, but with such changes, additions or deletions as shall to him seem necessary, desirable or appropriate, his execution
thereof to constitute conclusive evidence of his approval of any and all such changes, additions or deletions therein. From and after the execution and delivery of the Bond Purchase Agreement, the Vice President for Finance and Treasurer and all other officers of the Board and the University are hereby authorized and directed to do all such acts and things and to execute all such documents as may be necessary to carry out and comply with the provisions of the Bond Purchase Agreement as executed.

Residency

Policy Statement

The Vermont Legislature has established a lower rate of tuition for students who are Vermont residents. These regulations define eligibility requirements for in-state status classification. All students at The University of Vermont and State Agricultural College (UVM) shall be assigned an in-state or out-of-state status classification consistent with these regulations. The establishment of domicile in Vermont is necessary, but not sufficient, for a student to qualify for in-state status.

Reason for the Policy

To define criteria for in-state residency status of students in accordance with Vermont Statute (Title 16, Chapter 75, section p. 2282).

Applicability of the Policy

This policy applies to all University of Vermont students.

Policy Elaboration

In-State Classification Rules

1. Domicile shall mean a person's true, fixed, and permanent home. It is the place at which one intends to remain indefinitely and to which one intends to return when absent.
2. In addition to establishing domicile, an in-state status applicant must reside in Vermont continuously for one full year prior to the semester for which in-state status is sought.
3. A residence or domicile established for the purpose of attending UVM shall not qualify a student for in-state status.
4. An in-state status applicant who applies for admission or registers for class within one year of first moving to the state shall have created a rebuttable presumption that residency in Vermont is for the purpose of attending UVM and/or acquiring in-state status for
tuition purposes.

5. A domicile or residency classification assigned by a public or private authority other than UVM neither qualifies nor disqualifies a student for UVM in-state status. Such classification may be taken into consideration, however, in determining the student's status at UVM.

6. It shall be presumed that a student who has not reached the age of majority (18) holds the domicile of his/her parents or legal guardian(s).

7. Receipt of financial support by a student from his/her family shall create a rebuttable presumption that the student's domicile is with his/her family, regardless of whether the student has reached the age of 18.

8. A student who has not reached the age of 18 whose parents are legally separated or divorced shall be rebuttably presumed to hold the domicile of the parent with legal custody.

9. A student of parents legally separated or divorced may be granted in-state status if a noncustodial or joint custodial parent is domiciled in Vermont and has contributed more than 50 percent of financial support for at least one year prior to the semester for which in-state status is sought.

10. The burden of proof as to eligibility for in-state status rests with the student. Eligibility must be established by clear and convincing evidence.

Residency Rules for Members of the Armed Forces and Their Family Members - In compliance with the Higher Education Opportunity Act, the following rules and definitions apply for members of the armed forces, their spouses and dependent children:

1. A member of the armed forces who is on active duty for a period of more than 30 days and whose domicile or permanent duty station is in Vermont, or his or her spouse or dependent children, will be charged tuition at the in-state rate.

2. The member of the armed forces or his or her family member eligible for in-state tuition under this paragraph will continue to be eligible for in-state tuition as long as the individual is continuously enrolled, even if there is a subsequent change in the permanent duty station of the member to a location outside of the State of Vermont.

3. For purposes of this Rule for members of the armed forces the following definitions apply:
   a. “Armed Forces” means the Army, Navy, Air Force, Marine Corps, and Coast Guard.
   b. “Active duty for a period of more than 30 days” means active duty under a call or order that does not specify a period of 30 days or less.
   c. “Active duty” means full-time duty in the active military service of the United States and includes full-time training duty, annual training duty, and attendance, while in the active military service, at a school designated as a service school by law or by the Secretary of the military department concerned. Such term does not include full-time National Guard duty.
Residency Rules for V.A. Beneficiaries – In compliance with section 702 of the Veterans Access, Choice, and Accountability Act of 2014, individuals using certain Department of Veterans Affairs education benefits will be charged tuition at the in-state rate if the individual:

1. is a covered veteran who lives in Vermont and enrolls in the University within three years of discharge from a period of active duty service of ninety days or more;
2. is a covered spouse or child using a veteran’s transferred benefits, who lives in Vermont and enrolls in the University within three years of the transferor veteran’s discharge from a period of active duty service of ninety days or more; or
3. is a covered spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship, who lives in Vermont and enrolls in the University within three years of the Service Member’s death in the line of duty following a period of active duty service of ninety days or more.

Procedures

In-State Status Classification Documentation:
1. The student must submit with the Application for In-State Status all relevant information.
2. The classification decision shall be made by the Residency Officer based upon information furnished by the student, information requested of the student, and other relevant information available consistent with University policies and procedures and legal guidelines.
3. Additional documents and/or verification may be requested.
4. The student's failure to produce information requested may adversely affect the decision for in-state status.
5. A student or others furnishing information may request the deletion of irrelevant private data from documents.
6. A determination of in-state status is valid only if a student actually enrolls for the semester in question. If a student does not enroll, they must submit a new and timely Application for In-State Status for subsequent semesters.

Appeal of In-State Status Classification:
The decision of the Residency Officer must be appealed in writing to the Residency Appellate Officer within thirty (30) calendar days of the date of the Residency Officer's written decision. Appeal to the Residency Appellate Officer is the final internal appeal at UVM.
In-State Status Reclassification:
1. A student who does not qualify for in-state status classification may reapply for such classification once each semester by submitting the Application for In-State Status to the Residency Officer.

2. In-state status reclassification becomes effective for the semester for which the successful application was made, provided that the Application for In-State Status was received on or before the last day to add/drop classes for that semester. An application may be submitted as early as 75 days in advance of the first day of classes for a semester or as requested by the Residency Officer. Approved residency reclassification will not be applied retroactively to previous terms.

Re-Examination of Classification Status:
Classification status may be re-examined upon the initiative of the Residency Officer in the exercise of sound discretion. Circumstances such as periodic enrollment may be cause for re-examination. An in-state student who leaves Vermont may be required to re-apply and re-establish residency upon returning.

Approval of Amended Trustee Conflict of Interest Policy
(note, this was not finalized until approved by the Board at their May 16, 2015 Meeting)

RESOLVED, the Audit Committee hereby approves the amended Trustee Conflict of Interest Policy appearing as Appendix A to this document and recommends it to the Board of Trustees for approval.
CONFLICT OF INTEREST POLICY

Policy Statement

University Trustees work in service to the institution and the public trust and are obligated to fulfill their responsibilities in a manner consistent with this charge. All decisions of the Board and its members individually must be made in good faith, with diligence and care, in a manner reasonably believed to be in the best interests of the University, and with due regard for the University’s reputation. It is therefore the policy of the University and this Board that Trustees have an affirmative duty to identify, disclose and manage conflicts in conformance with this Policy and the law.

Definitions

Conflict of interest. A conflict arises when there is a direct or indirect potential, apparent or actual divergence between a Trustee’s private interests and his or her fiduciary duties as a University Trustee. Conflicts may affect non-financial as well as financial Trustee interests. The Trustee may be personally involved in a proposed transaction, have an employment, fiduciary or investment relationship with an entity with which the University is dealing, or have a family relationship with a person or entity with which the University is engaged.

For purposes of this Policy, a conflict of interest arises where the relevant material facts affect a Trustee, a member of his/her immediate family, or an affiliate, as herein defined. In the case of conflicts involving a member of the immediate family or an affiliate of a Trustee, the Trustee is obligated to make disclosure when he or she knows or reasonably should know of a conflict.

An apparent conflict exists when a reasonable person would conclude from the circumstances that a Trustee’s ability to discharge his or her duties as a Trustee, as summarized in the Policy Statement above, are compromised by personal interest.

A member of the immediate family of a Trustee includes a spouse or civil union partner, child, parent, sibling, or such relations by marriage or civil union partnership (wherever residing), person claimed as a dependent for federal income tax purposes (wherever residing), and any relative residing in the same household as the Trustee. There may be other family members as to
whom disclosure should also be made to avoid the appearance of a conflict, and doubts should be resolved in favor of disclosure.

An affiliate includes a business, association, corporation, or other legal entity in which a Trustee or a member of his/her immediate family is a director, trustee, officer, partner, joint venturer, principal, employee, owner, and/or holder of five percent (5%) or more of voting stock or a controlling interest. In addition, an affiliate is an entity from which the Trustee or a member of his/her immediate family otherwise annually receives or has the right to receive $10,000 or more compensation, income, or other financial consideration or value.

A “substantial interest” means an interest in “business” “with which the Trustee is associated” in the manner and to the extent described in this paragraph. A “business” is any of the following: a. Association; b. Business trust; c. Corporation; d. Enterprise; e. Joint venture; f. Organization; g. Partnership; h. Proprietorship; i. Vested trust; j. Every other business interest, including ownership or use of land for income. A business “with which the Trustee is associated: means a business in which the Trustee or any member of the Trustee’s immediate family: a. Is an employee; b. Holds a position as a director, officer, partner, proprietor, or member or manager of a limited liability company, irrespective of the amount of compensation received or the amount of interest owned; or c. Owns a legal, equitable, or beneficial interest of five percent (5%) or more of the business, other than as a trustee on a deed of trust.

Policy Elaboration

It is not possible to provide an all-inclusive list of situations giving rise to a conflict of interest. In general, Trustees may not use their positions or confidential information to which they become privy as Trustees for the gain of themselves or others. Below are examples of situations presenting potential, actual or apparent conflicts.

1. Commercial transactions. The University will consider engaging in commercial transactions, such as contracts for goods or services, with a Trustee or any business entity in which a Trustee has a substantial interest only if the proposed transaction has undergone the customary conflict of interest disclosure and University procurement processes and, after review, the Board Audit Committee determines that the transaction is in the best interests of the University, following which the Board must take action on the Audit Committee’s recommendations. Examples of when such a contract might be in the best interest of the University include, but are not limited to, when it has financially advantageous terms, when the goods or services to be provided are demonstrated to be unique, or when the contract is a continuation of a contract that was in effect before the person with the substantial interest became affiliated with the University.

2. Confidential, Proprietary or Privileged Information. Except as required by law, no Trustee shall, without proper Board or institutional authorization, give or release University information or data (“Information”) of a confidential, proprietary or privileged nature, or use such Information to gain personal advantage or avoid personal detriment, insofar as such Information is not in the public domain. This rule applies to Trustees.
during and after their University service relative to Information acquired in the course of their Trusteeship.

3. **Business Opportunities.** No Trustee shall divert from the University for private gain of self or others a business opportunity in which the University would foreseeably engage in furtherance of its mission, unless the University has been offered, and through an authorized official declined, a right of first refusal.

4. **Trustee Employment at UVM.** Except under extenuating circumstances as determined by a two-thirds (2/3) majority of the Board, no Trustee may enter into compensated employment with the University while the individual is a Trustee and for a period of one year after leaving the Board. This prohibition does not apply to student trustees who wish to engage in part-time University employment during their trusteeship, subject to the conflict of interest disclosure rules otherwise state in this Policy.

5. **Employment or Retention of Immediate Family Members or Affiliates.** No Trustee may be directly or indirectly involved in the hiring, supervision, performance evaluation, compensation or retention of personal or business services by the University of an immediate family member or an affiliate.

6. **Remuneration, Honoraria, Gifts, and other Consideration**
   
a. **From External Parties.** No Trustee shall solicit or accept from any person, organization, corporation, or other legal entity (or representatives thereof) seeking to do, or doing, business with, or otherwise gain benefit from, the University, any remuneration, gift, gratuity, services, loans, travel, entertainment or other consideration of more than nominal value in exchange for a promise, or reasonable inference, that the Trustee’s influence with the University has been exchanged for such consideration. This prohibition applies without limitation to vendors, contractors, sponsors, donors, and job or admissions applicants.

   b. **From the University.** It shall not be considered a conflict of interest for a Trustee to accept from the University (1) gifts or other items of value in consideration of his/her service or retirement from University service; (2) customary honoraria; (3) reasonable reimbursement for travel, food, or lodging for expenses incurred in connection with University Trusteeship pursuant to applicable University policy and procedures; or (4) complimentary tickets for a Trustee and his/her guest at University functions or events when the presence of the Trustee is deemed to serve the best interests of the University.

   c. **From External Parties or the University.** No Trustee shall solicit or accept any fee or honorarium offered in return for a speech or appearance or article made or written in the individual’s official capacity as a Trustee. Reasonable and necessary expenses reimbursed to the Trustee for participation in such an event are permissible subject to the filing of a conflicts disclosure form. Any such appearance shall be subject to the provisions of the Statement of Trustee Responsibilities, and in particular the requirement that a Trustee recognize that the President is the...
spokesperson for the University and the Chair is the spokesperson for the Board and that, when a Trustee engages in communications with University personnel, students, the citizenry, and the media on an individual basis, the Trustee shall be guided by the duty of loyalty as set forth in the Statement of Trustee Responsibilities.

7. **Employment of University Personnel.** A Trustee wishing to employ or retain a University officer of administration for private consulting or other non-University purposes must first obtain from the General Counsel an opinion as to whether such engagement does, or may, give rise to a conflict of interest. If the General Counsel concludes that a conflict does, or may, arise, the Trustee shall disclose the proposed employment or consulting arrangement to the Board Chair. The Board Chair will either authorize or decline to authorize the proposal, conferring with the Executive Committee in his/her discretion. If the proposal is authorized, the Chair shall communicate the authorization in writing to the Trustee, with a copy to the General Counsel. The Trustee’s Conflict of Interest Disclosure Form shall then be amended to reflect the affiliation. In the case of proposed employment of other University personnel, the Trustee should consider whether such employment might reasonably result in a conflict of interest and, if so, he/she should thus amend the Conflict of Interest Disclosure Form.

8. **Testimony.** A Trustee who testifies in person or through recorded or written communication before any public body or public official, whether judicial, legislative or administrative, shall make it initially and clearly known on the record when s/he is speaking on the matter as a University representative. Trustees shall obtain authorization to speak on behalf of the University by means of customary governance protocols.

9. **Political or Appointive Office.** The constituency of each Trustee is the University, regardless of the source of appointment. Trustees whose service on the Board is incidental to elective or appointive office shall engage in such service with due regard for the fiduciary duties of a Trustee, and in a manner consistent with this Policy.

**Summary of Protocol**

Upon commencement of Board service, Trustees file Conflicts Disclosure Forms, amending them no less than once annually and otherwise as circumstances dictate.

In advance of any meeting at which a conflict may foreseeably arise, the Trustee must disclose the conflict to the Committee Chair (and/or to the Board Chair if the conflict will arise during a Board meeting). The Trustee, Committee Chair, or Board Chair may request an opinion on the existence of a conflict from the General Counsel. In the event that a Board Chair or a Committee Chair conflict is in issue, the disclosure shall be made to the Vice Chair, who may also request a legal opinion from the General Counsel.

Once having disclosed the conflict, the Trustee may him/herself decide to decline to participate in discussion of, and any vote upon, the matter as to which a conflict exists. In such instances, the meeting record shall reflect his/her self-recusal and abstention.
If the Trustee does not her/himself decline to participate in discussion of the matter as to which a conflict exists, the Committee (or Board) Chair shall, prior to consideration of the matter, and in open session, identify the conflict. In the event that a Board Chair or Committee Chair conflict is in issue, the Vice Chair shall identify the conflict. The Trustee as to whom a conflict is identified may participate in open session discussion of the matter if a majority of the members of the Committee or the Board authorize such participation by majority vote; if such authorization is given, the Trustee shall nonetheless abstain from voting on the matter. The Trustee shall be excused from any portion of an Executive Session devoted to the matter as to which a conflict arises.

A Trustee who recuses from participation in discussion of, and/or voting upon, a matter before a Committee or the Board shall not be counted toward a quorum.

Protocol

Disclosure Forms

Each Trustee shall file a Trustee Disclosure Form at the time of initial appointment and by March 1 of each subsequent year of service. The Form will require the Trustee to acknowledge his/her review of the Policy and to agree to disclose on the Form and as otherwise required by the Policy any matter as to which a conflict does, or may, exist. The Trustee shall update the Form during the year as circumstances dictate. Forms will be filed with the Trustee Coordinator, and maintained by the Assistant Secretary of the Board, with a copy to the General Counsel.

Disclosure Obligation

In advance of any meeting at which a conflict may foreseeably arise, the Trustee must disclose the conflict and all relevant material facts to the Committee (or Board) Chair. If the Trustee with such conflict is the Committee or Board Chair, the conflict shall be disclosed to the Vice Chair, who shall instead preside for the agenda item as to which the matter arises.

Relevant material facts may include the benefits that could inure to the Trustee; the extent to which, if any, the Trustee is participating in a competitive process to enter into a transaction or business affiliation with the University; whether the Trustee is privy, in his or her capacity as a Trustee, to proprietary or other non-public University information that could be advantageous to the Trustee in relation to other parties interested in a proposed transaction; and/or if the University would be likely to enter into the proposed transaction or relationship in the absence of the Trustee’s University affiliation.

A Trustee may elect, following such disclosure, to self-recuse from participation in discussion of the matter as to which disclosure is made. Alternatively, if a Trustee submits a disclosed conflict for consideration by a Committee or the Board, when the item arises on the agenda the Chair shall, for the record, identify to the Committee or the Board the conflict and the material facts relating thereto. (If the Trustee with such conflict is the Committee or Board Chair, the conflict
shall be identified by the Vice Chair, who shall preside for the agenda item as to which the matter arises.)

The Trustee shall request authorization from the Committee or the Board to participate in any discussion of the agenda item that takes place in open session, and shall be recused from any portion of an Executive Session devoted to the matter as to which a conflict arises. If the Committee or Board by majority vote authorizes the Trustee’s participation in such public discussion, the Trustee shall nonetheless abstain from voting on any such item.

In all instances, the determination as to whether to permit the Trustee to participate in discussion of the agenda item as to which a conflict arises shall be made following full disclosure by the Trustee of the nature of the conflict, and on the basis of whether, in the considered judgment of the Committee or the Board, the University’s interests will be best served by participation of the Trustee notwithstanding the conflict.

**Role of the University General Counsel**

Prior to each Committee and Board meeting, the General Counsel shall review the agenda in relation to Trustee Disclosure Forms to determine whether a conflict may, or will, arise. If a conflict is identified, the General Counsel shall contact the Trustee and the Committee (or Board) Chair regarding the relevant agenda item. The Trustee and the Chair shall otherwise proceed as described in the first section of this Protocol (“ Disclosure Obligation”).

Upon request of the Trustee and/or the Committee or Board Chair, the General Counsel shall provide an opinion as to whether a conflict of interest arises as to such Trustee. All such opinions shall be subject to applicable privileges under law.

**Approval of a Conflict of Interest Transaction**

If a conflict is identified for the first time subsequent to any action by the Board in which a conflicted Trustee participated, such action shall be voidable by the Board in accordance with the Vermont Nonprofit Corporation Act and otherwise applicable procedures relating to Board meetings and action.

Notwithstanding the preceding paragraph, a conflict of interest transaction is not voidable or the basis for imposing liability on the Trustee if the transaction (a) was fair at the time it was entered into or (b) is approved in advance by vote of the Board or a Committee if (i) the material facts of the transaction and the Trustee’s interest are disclosed or known to the Board or Committee; and (ii) Trustees approving the transaction in good faith reasonably believe that the transaction is fair to the University. Any approval must receive an affirmative vote of a majority of the Trustees on the Board, and any Trustee who recuses from participation in discussion of, and/or voting upon, a matter before the Committee or Board shall not be counted toward a quorum.

In cases in which the Board or a Committee considers approval of a conflict of interest transaction, its review of the material facts and its resulting decision shall be documented in the meeting minutes.
Post-Transaction Challenge Procedure

Complaints of non-compliance with this Policy shall be filed promptly and in writing with the Chair of the Board, with copies to the Secretary and Assistant Secretary of the Board. Disposition of such complaints shall be handled in the same manner as proposed or approved transactions under this Policy and, as to a non-compliant Trustee, under relevant provisions of the University Charter, Bylaws and Vermont Nonprofit Corporation Act.

Policy Statement

University Trustees work in service to the institution and the public trust and are obligated to fulfill their responsibilities in a manner consistent with this charge. All decisions of the Board and its members individually must be made in good faith, with diligence and care, in a manner reasonably believed to be in the best interests of the University, and with due regard for the University’s reputation. It is therefore the policy of the University and this Board that Trustees have an affirmative duty to identify, disclose and manage conflicts in conformance with this Policy and the law.

Definitions

Conflict of interest. A conflict arises when there is a direct or indirect potential, apparent or actual divergence between a Trustee’s private interests and his or her fiduciary duties as a University Trustee. Conflicts may affect non-financial as well as financial Trustee interests. The Trustee may be personally involved in a proposed transaction, have an employment, fiduciary or investment relationship with an entity with which the University is dealing, or have a family relationship with a person or entity with which the University is engaged.

For purposes of this Policy, a conflict of interest arises where the relevant material facts affect a Trustee, a member of his/her immediate family, or an affiliate, as herein defined. In the case of conflicts involving a member of the immediate family or an affiliate of a Trustee, the Trustee is obligated to make disclosure when he or she knows or reasonably should know of a conflict.

An apparent conflict exists when a reasonable person would conclude from the circumstances that a Trustee’s ability to discharge his or her duties as a Trustee, as summarized in the Policy Statement above, are compromised by personal interest.

A member of the immediate family of a Trustee includes a spouse or civil union partner, child, parent, sibling, or such relations by marriage or civil union partnership (wherever residing), person claimed as a dependent for federal income tax purposes (wherever residing), and any relative residing in the same household as the Trustee. There may be other family members as to whom disclosure should also be made to avoid the appearance of a conflict, and doubts should be resolved in favor of disclosure.
An **affiliate** includes a business, association, corporation, or other legal entity in which a Trustee or a member of his/her immediate family is a director, trustee, officer, partner, joint venturer, principal, employee, owner, and/or holder of five percent (5%) or more of voting stock or a controlling interest. In addition, an affiliate is an entity from which the Trustee or a member of his/her immediate family otherwise annually receives or has the right to receive $10,000 or more compensation, income, or other financial consideration or value.

A “**substantial interest**” means an interest in “business” “with which the Trustee is associated” in the manner and to the extent described in this paragraph. A “business” is any of the following: a. Association; b. Business trust; c. Corporation; d. Enterprise; e. Joint venture; f. Organization; g. Partnership; h. Proprietorship; i. Vested trust; j. Every other business interest, including ownership or use of land for income. A business “with which the Trustee is associated: means a business in which the Trustee or any member of the Trustee’s immediate family: a. Is an employee; b. Holds a position as a director, officer, partner, proprietor, or member or manager of a limited liability company, irrespective of the amount of compensation received or the amount of interest owned; or c. Owns a legal, equitable, or beneficial interest of five percent (5%) or more of the business, other than as a trustee on a deed of trust.

**Policy Elaboration**

It is not possible to provide an all-inclusive list of situations giving rise to a conflict of interest. In general, Trustees may not use their positions or confidential information to which they become privy as Trustees for the gain of themselves or others. Below are examples of situations presenting potential, actual or apparent conflicts.

1. **Commercial transactions.** The University will consider engaging in commercial transactions, such as contracts for goods or services, with a Trustee or any business entity in which a Trustee has a substantial interest only if the proposed transaction has undergone the customary conflict of interest disclosure and University procurement processes and, after review, the Board Audit Committee determines that the transaction is in the best interests of the University, following which the Board must take action on the Audit Committee’s recommendations. Examples of when such a contract might be in the best interest of the University include, but are not limited to, when it has financially advantageous terms, when the goods or services to be provided are demonstrated to be unique, or when the contract is a continuation of a contract that was in effect before the person with the substantial interest became affiliated with the University.

2. **Confidential, Proprietary or Privileged Information.** Except as required by law, no Trustee shall, without proper Board or institutional authorization, give or release University information or data (“Information”) of a confidential, proprietary or privileged nature, or use such Information to gain personal advantage or avoid personal detriment, insofar as such Information is not in the public domain. This rule applies to Trustees
during and after their University service relative to Information acquired in the course of their Trusteeship.

3. **Business Opportunities.** No Trustee shall divert from the University for private gain of self or others a business opportunity in which the University would foreseeably engage in furtherance of its mission, unless the University has been offered, and through an authorized official declined, a right of first refusal.

4. **Trustee Employment at UVM.** Except under extenuating circumstances as determined by a two-thirds (2/3) majority of the Board, no Trustee may enter into compensated employment with the University while the individual is a Trustee and for a period of one year after leaving the Board. This prohibition does not apply to student trustees who wish to engage in part-time University employment during their trusteeship, subject to the conflict of interest disclosure rules otherwise state in this Policy.

5. **Employment or Retention of Immediate Family Members or Affiliates.** No Trustee may be directly or indirectly involved in the hiring, supervision, performance evaluation, compensation or retention of personal or business services by the University of an immediate family member or an affiliate.

6. **Remuneration, Honoraria, Gifts, and other Consideration**

   a. **From External Parties.** No Trustee shall solicit or accept from any person, organization, corporation, or other legal entity (or representatives thereof) seeking to do, or doing, business with, or otherwise gain benefit from, the University, any remuneration, gift, gratuity, services, loans, travel, entertainment or other consideration of more than nominal value in exchange for a promise, or reasonable inference, that the Trustee’s influence with the University has been exchanged for such consideration. This prohibition applies without limitation to vendors, contractors, sponsors, donors, and job or admissions applicants.

   b. **From the University.** It shall not be considered a conflict of interest for a Trustee to accept from the University (1) gifts or other items of value in consideration of his/her service or retirement from University service; (2) customary honoraria; (3) reasonable reimbursement for travel, food, or lodging for expenses incurred in connection with University Trusteeship pursuant to applicable University policy and procedures; or (4) complimentary tickets for a Trustee and his/her guest at University functions or events when the presence of the Trustee is deemed to serve the best interests of the University.

   c. **From External Parties or the University.** No Trustee shall solicit or accept any fee or honorarium offered in return for a speech or appearance or article made or written in the individual’s official capacity as a Trustee. Reasonable and necessary expenses reimbursed to the Trustee for participation in such an event are permissible.
subject to the filing of a conflicts disclosure form. Any such appearance shall be subject to the provisions of the Statement of Trustee Responsibilities, and in particular the requirement that a Trustee recognize that the President is the spokesperson for the University and the Chair is the spokesperson for the Board and that, when a Trustee engages in communications with University personnel, students, the citizenry, and the media on an individual basis, the Trustee shall be guided by the duty of loyalty as set forth in the Statement of Trustee Responsibilities.

7. **Employment of University Personnel.** A Trustee wishing to employ or retain a University officer of administration for private consulting or other non-University purposes must first obtain from the General Counsel an opinion as to whether such engagement does, or may, give rise to a conflict of interest. If the General Counsel concludes that a conflict does, or may, arise, the Trustee shall disclose the proposed employment or consulting arrangement to the Board Chair. The Board Chair will either authorize or decline to authorize the proposal, conferring with the Executive Committee in his/her discretion. If the proposal is authorized, the Chair shall communicate the authorization in writing to the Trustee, with a copy to the General Counsel. The Trustee’s Conflict of Interest Disclosure Form shall then be amended to reflect the affiliation. In the case of proposed employment of other University personnel, the Trustee should consider whether such employment might reasonably result in a conflict of interest and, if so, he/she should thus amend the Conflict of Interest Disclosure Form.

8. **Testimony.** A Trustee who testifies in person or through recorded or written communication before any public body or public official, whether judicial, legislative or administrative, shall make it initially and clearly known on the record when s/he is speaking on the matter as a University representative. Trustees shall obtain authorization to speak on behalf of the University by means of customary governance protocols.

9. **Political or Appointive Office.** The constituency of each Trustee is the University, regardless of the source of appointment. Trustees whose service on the Board is incidental to elective or appointive office shall engage in such service with due regard for the fiduciary duties of a Trustee, and in a manner consistent with this Policy.

**Summary of Protocol**

Upon commencement of Board service, Trustees file Conflicts Disclosure Forms, amending them no less than once annually and otherwise as circumstances dictate.

In advance of any meeting at which a conflict may foreseeably arise, the Trustee must disclose the conflict to the Committee Chair (and/or to the Board Chair if the conflict will arise during a Board meeting). The Trustee, Committee Chair, or Board Chair may request an opinion on the existence of a conflict from the General Counsel. In the event that a Board Chair or a Committee
Chair conflict is in issue, the disclosure shall be made to the Vice Chair, who may also request a legal opinion from the General Counsel.

Once having disclosed the conflict, the Trustee may him/herself decide to decline to participate in discussion of, and any vote upon, the matter as to which a conflict exists. In such instances, the meeting record shall reflect his/her self-recusal and abstention.

If the Trustee does not her/himself decline to participate in discussion of the matter as to which a conflict exists, the Committee (or Board) Chair shall, prior to consideration of the matter, and in open session, identify the conflict. In the event that a Board Chair or Committee Chair conflict is in issue, the Vice Chair shall identify the conflict. The Trustee as to whom a conflict is identified may participate in open session discussion of the matter if a majority of the members of the Committee or the Board authorize such participation by majority vote; if such authorization is given, the Trustee shall nonetheless abstain from voting on the matter. The Trustee shall be excused from any portion of an Executive Session devoted to the matter as to which a conflict arises.

A Trustee who recuses from participation in discussion of, and/or voting upon, a matter before a Committee or the Board shall not be counted toward a quorum.

**Protocol**

**Disclosure Forms**

Each Trustee shall file a Trustee Disclosure Form at the time of initial appointment and by March 1 of each subsequent year of service. The Form will require the Trustee to acknowledge his/her review of the Policy and to agree to disclose on the Form and as otherwise required by the Policy any matter as to which a conflict does, or may, exist. The Trustee shall update the Form during the year as circumstances dictate. Forms will be filed with the Trustee Coordinator, and maintained by the Assistant Secretary of the Board, with a copy to the General Counsel.

**Disclosure Obligation**

In advance of any meeting at which a conflict may foreseeably arise, the Trustee must disclose the conflict and all relevant material facts to the Committee (or Board) Chair. If the Trustee with such conflict is the Committee or Board Chair, the conflict shall be disclosed to the Vice Chair, who shall instead preside for the agenda item as to which the matter arises.

Relevant material facts may include the benefits that could inure to the Trustee; the extent to which, if any, the Trustee is participating in a competitive process to enter into a transaction or business affiliation with the University; whether the Trustee is privy, in his or her capacity as a Trustee, to proprietary or other non-public University information that could be advantageous to the Trustee in relation to other parties interested in a proposed transaction; and/or if the
University would be likely to enter into the proposed transaction or relationship in the absence of the Trustee’s University affiliation

A Trustee may elect, following such disclosure, to self-recuse from participation in discussion of the matter as to which disclosure is made. Alternatively, if a Trustee submits a disclosed conflict for consideration by a Committee or the Board, when the item arises on the agenda the Chair shall, for the record, identify to the Committee or the Board the conflict and the material facts relating thereto. (If the Trustee with such conflict is the Committee or Board Chair, the conflict shall be identified by the Vice Chair, who shall preside for the agenda item as to which the matter arises.)

The Trustee shall request authorization from the Committee or the Board to participate in any discussion of the agenda item that takes place in open session, and shall be recused from any portion of an Executive Session devoted to the matter as to which a conflict arises. If the Committee or Board by majority vote authorizes the Trustee’s participation in such public discussion, the Trustee shall nonetheless abstain from voting on any such item.

In all instances, the determination as to whether to permit the Trustee to participate in discussion of the agenda item as to which a conflict arises shall be made following full disclosure by the Trustee of the nature of the conflict, and on the basis of whether, in the considered judgment of the Committee or the Board, the University’s interests will be best served by participation of the Trustee notwithstanding the conflict.

Role of the University General Counsel

Prior to each Committee and Board meeting, the General Counsel shall review the agenda in relation to Trustee Disclosure Forms to determine whether a conflict may, or will, arise. If a conflict is identified, the General Counsel shall contact the Trustee and the Committee (or Board) Chair regarding the relevant agenda item. The Trustee and the Chair shall otherwise proceed as described in the first section of this Protocol (“Disclosure Obligation”).

Upon request of the Trustee and/or the Committee or Board Chair, the General Counsel shall provide an opinion as to whether a conflict of interest arises as to such Trustee. All such opinions shall be subject to applicable privileges under law.

Approval of a Conflict of Interest Transaction

If a conflict is identified for the first time subsequent to any action by the Board in which a conflicted Trustee participated, such action shall be voidable by the Board in accordance with the Vermont Nonprofit Corporation Act and otherwise applicable procedures relating to Board meetings and action.
Notwithstanding the preceding paragraph, a conflict of interest transaction is not voidable or the basis for imposing liability on the Trustee if the transaction (a) was fair at the time it was entered into or (b) is approved in advance by vote of the Board or a Committee if (i) the material facts of the transaction and the Trustee’s interest are disclosed or known to the Board or Committee; and (ii) Trustees approving the transaction in good faith reasonably believe that the transaction is fair to the University. Any approval must receive an affirmative vote of a majority of the Trustees on the Board, and any Trustee who recuses from participation in discussion of, and/or voting upon, a matter before the Committee or Board shall not be counted toward a quorum.

In cases in which the Board or a Committee considers approval of a conflict of interest transaction, its review of the material facts and its resulting decision shall be documented in the meeting minutes.

**Post-Transaction Challenge Procedure**

Complaints of non-compliance with this Policy shall be filed promptly and in writing with the Chair of the Board, with copies to the Secretary and Assistant Secretary of the Board. Disposition of such complaints shall be handled in the same manner as proposed or approved transactions under this Policy and, as to a non-compliant Trustee, under relevant provisions of the University Charter, Bylaws and Vermont Nonprofit Corporation Act.

DIVERSITY

Why Diversity and Inclusive Excellence is an Academic and Institutional Strategic Priority for the University of Vermont

“Of all the civil rights for which the world has struggled and fought for 5,000 years, the right to learn is undoubtedly the most fundamental.” W.E.B. DeBois

The University of Vermont holds that diversity and academic excellence are inseparable. A distinguished university, particularly one that is a public land grant, must be accessible and inclusive to all who can positively contribute to and excel at the institution, regardless of individuals’ backgrounds and circumstances, including race, color, gender, gender identity and expression, sexual orientation, national and ethnic origin, socio-economic status, cultural and geographic background, veteran’s status, religious belief, age, disability, and other characteristics.

The University must prepare our students and support all members of our community to effectively function in and contribute to a complex, diverse, and evolving world. Through the tenets of respect, integrity, innovation, openness, justice, and responsibility found in Our Common Ground, the ideals of accessibility, inclusiveness, and academic excellence are reflected in the University’s values.

The nation’s success depends on global networks and markets, and our future security and prosperity require us to be a respected partner with cultures, countries, and communities across the globe. Research and scholarship are increasingly international and co-operative enterprises that require not only cultural awareness, but the ability to work collaboratively within diverse teams. Many of the most pressing problems our graduates will face in their lifetimes are regional or global in nature, including violence and war, disease, poverty, climate change, and intense competition for diminishing resources. An education grounded in diverse perspectives will better enable our graduates to confront and successfully resolve these and emerging problems.

Our mission as a public research university is to educate students and to create and disseminate knowledge. We also have the responsibility to prepare our students to be leaders, change agents, and global citizens. To be successful in this charge, we must educate our students about the world in which they live and help them (as well as other members of the University community) acquire the knowledge and skills necessary for successful and productive lives. Essential to achieving these goals are: having diversity among our faculty, staff and students to add intellectual and social vibrancy to the
community; cultivating a safe and respectful climate for all members of our University community; supporting the development of cultural competency; providing a curriculum that teaches critical thinking and engages learners of different multicultural perspectives across all disciplines; and having co-curricular experiences that provide community members with opportunities to engage across differences, as well as to develop and deepen critical life skills.

For these reasons, a diverse and inclusive UVM community is a compelling institutional interest that is indispensable to achieving our goal of inclusive excellence. If we are successful in this endeavor, the University of Vermont will continue to attract talented students, staff, and faculty who will not only enhance the University and local communities, but will make significant contributions to the nation and world. In sum, the success of the University’s goals on promoting diversity also will advance the public good in society as the U.S. Supreme Court observed in the landmark case of *Grutter v. Bollinger* (2003).

“Education is the most powerful weapon which you can use to change the world.”

Resolution Approving Revisions to Residency Policy

RESOLVED, that the Executive Committee hereby accepts technical corrections to the Residency Policy, including those required by the U.S. Department of Veterans Affairs to comply with Section 702 of the federal Veterans Access, Choice, and Accountability Act of 2014. The newly-revised policy appears as Appendix A to this resolution.
Residency

Policy Statement

The Vermont Legislature has established a lower rate of tuition for students who are Vermont residents. These regulations define eligibility requirements for in-state status classification. All students at The University of Vermont and State Agricultural College (UVM) shall be assigned an in-state or out-of-state status classification consistent with these regulations. The establishment of domicile in Vermont is necessary, but not sufficient, for a student to qualify for in-state status.

Reason for the Policy

To define criteria for in-state residency status of students in accordance with Vermont Statute (Title 16, Chapter 75, section 2282).

Applicability of the Policy

This policy applies to all University of Vermont students.

Policy Elaboration

In-State Classification Rules

1. Domicile shall mean a person's true, fixed, and permanent home. It is the place at which one intends to remain indefinitely and to which one intends to return when absent.
2. In addition to establishing domicile, an in-state status applicant must reside in Vermont continuously for one full year prior to the semester for which in-state status is sought.
3. A residence or domicile established for the purpose of attending UVM shall not qualify a student for in-state status.
4. An in-state status applicant who applies for admission or registers for class within one year of first moving to the state shall have created a rebuttable presumption that residency
in Vermont is for the purpose of attending UVM and/or acquiring in-state status for tuition purposes.

5. A domicile or residency classification assigned by a public or private authority other than UVM neither qualifies nor disqualifies a student for UVM in-state status. Such classification may be taken into consideration, however, in determining the student's status at UVM.

6. It shall be presumed that a student who has not reached the age of majority (18) holds the domicile of his/her parents or legal guardian(s).

7. Receipt of financial support by a student from his/her family shall create a rebuttable presumption that the student's domicile is with his/her family, regardless of whether the student has reached the age of 18.

8. A student who has not reached the age of 18 whose parents are legally separated or divorced shall be rebuttably presumed to hold the domicile of the parent with legal custody.

9. A student of parents legally separated or divorced may be granted in-state status if a noncustodial or joint custodial parent is domiciled in Vermont and has contributed more than 50 percent of financial support for at least one year prior to the semester for which in-state status is sought.

10. The burden of proof as to eligibility for in-state status rests with the student. Eligibility must be established by clear and convincing evidence.

Residency Rules for Members of the Armed Forces and Their Family Members - In compliance with the Higher Education Opportunity Act, the following rules and definitions apply for members of the armed forces, their spouses and dependent children:

1. A member of the armed forces who is on active duty for a period of more than 30 days and whose domicile or permanent duty station is in Vermont, or his or her spouse or dependent children, will be charged tuition at the in-state rate.

2. The member of the armed forces or his or her family member eligible for in-state tuition under this paragraph will continue to be eligible for in-state tuition as long as the individual is continuously enrolled, even if there is a subsequent change in the permanent duty station of the member to a location outside of the State of Vermont.

3. For purposes of this Rule for members of the armed forces the following definitions apply:
   a. “Armed Forces” means the Army, Navy, Air Force, Marine Corps, and Coast Guard.
   b. “Active duty for a period of more than 30 days” means active duty under a call or order that does not specify a period of 30 days or less.
   c. “Active duty” means full-time duty in the active military service of the United States and includes full-time training duty, annual training duty, and attendance, while in the active military service, at a school designated as a service school by law or by the Secretary of the military department concerned. Such term does not include full-time National Guard duty.

Residency Rules for V. A. Beneficiaries – In compliance with section 702 of the Veterans Access, Choice, and Accountability Act of 2014, individuals using certain Department of
Veterans Affairs education benefits will be charged tuition at the in-state rate if the individual:

1. is a covered veteran using educational assistance under either chapter 30 (Montgomery G.I. Bill – Active Duty Program) or chapter 33 (Post-9/11 G.I. Bill), of title 38 United States Code, who lives in Vermont and enrolls in the University within three years of discharge from a period of active duty service of ninety days or more;
2. is a covered spouse or child anyone using a veteran’s transferred Post-9/11 GI Bill benefits (38 U.S.C. § 3319), who lives in Vermont and enrolls in the University within three years of the transferor veteran’s discharge from a period of active duty service of ninety days or more; or
3. is a covered spouse or child anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311(b)(9)), who lives in Vermont and enrolls in the University within three years of the Service Member’s death in the line of duty following a period of active duty service of ninety days or more.

After the expiration of the three year period following discharge or death as described in 38 U.S.C. § 3679(c), a student who initially qualifies under this subsection will continue to be charged tuition at the in-state rate as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters or terms) at an institution, even if he/she enrolls in multiple programs.

Procedures

In-State Status Classification Documentation:

1. The student must submit with the Application for In-State Status all relevant information.
2. The classification decision shall be made by the Residency Officer based upon information furnished by the student, information requested of the student, and other relevant information available consistent with University policies and procedures and legal guidelines.
3. Additional documents and/or verification may be requested.
4. The student's failure to produce information requested may adversely affect the decision for in-state status.
5. A student or others furnishing information may request the deletion of irrelevant private data from documents.
6. A determination of in-state status is valid only if a student actually enrolls for the semester in question. If a student does not enroll, they must submit a new and timely Application for In-State Status for subsequent semesters.
Appeal of In-State Status Classification:

The decision of the Residency Officer must be appealed in writing to the Residency Appellate Officer within thirty calendar days of the date of the Residency Officer's written decision. Appeal to the Residency Appellate Officer is the final internal appeal at UVM.

In-State Status Reclassification:

1. A student who does not qualify for in-state status classification may reapply for such classification once each semester by submitting the Application for In-State Status to the Residency Officer.

2. In-state status reclassification becomes effective for the semester for which the successful application was made, provided that the Application for In-State Status was received on or before the last day to add/drop classes for that semester. An application may be submitted as early as 75 days in advance of the first day of classes for a semester or as requested by the Residency Officer. Approved residency reclassification will not be applied retroactively to previous terms.

Re-Examination of Classification Status:

Classification status may be re-examined upon the initiative of the Residency Officer in the exercise of sound discretion. Circumstances such as periodic enrollment may be cause for re-examination. An in-state student who leaves Vermont may be required to re-apply and re-establish residency upon returning.
