February 5, 2022

COMMITTEE OF THE WHOLE

1. Resolution accepting fiscal year 2021 audited financial statements

WHEREAS, the financial statements of the University of Vermont and State Agricultural College for the fiscal year ended June 30, 2021, have been audited by KPMG LLP, Certified Public Accountants, in accordance with 16 V.S.A. Section 2281(a);

WHEREAS, the audited financial statements for the fiscal year 2021 were presented to the Audit Committee of the Board of Trustees at the Audit Committee’s November 8, 2021 meeting;

WHEREAS, the Audit Committee approved a resolution recommending acceptance of the FY 2021 audited financial statements;

BE IT RESOLVED, that the Board of Trustees hereby accepts the fiscal year 2021 audited financial statements as recommended by the Audit Committee.

EDUCATIONAL POLICY AND INSTITUTIONAL RESOURCES COMMITTEE

2. Resolution approving the establishment of a School of the Arts within the College of Arts and Sciences; the creation of the Programs of Art & Art History, Music, and Theatre & Dance within the School of the Arts; and the termination of the Departments of Art & Art History, Music, and Theatre & Dance in the College of Arts and Sciences

WHEREAS, a School of the Arts will support the excellence of our arts faculty and curricula, expand interdisciplinary courses and research opportunities for our students, respond to contemporary trends in the arts that are crossing disciplinary barriers, elevate and better promote the value of the arts as part of a liberal arts education, and communicate more effectively the importance of the arts for the enrichment of and engagement with diverse communities at UVM and beyond; and

WHEREAS, the proposal for a School of the Arts has been reviewed and approved by the faculty in the Departments of Art and Art History, Music, and Theatre and Dance; the faculty of the College of Arts and Sciences; the Dean of the College of Arts and Sciences; the Faculty Senate; Provost Patricia Prelock, and President Suresh Garimella; and

WHEREAS, the Programs of Art and Art History, Theatre and Dance, and Music will be created as internal units within the School of the Arts to maintain their unique identities and visibility, and the existing stand-alone Departments of Art and Art History, Theatre and Dance, and Department of Music in the College of Arts and Sciences will be eliminated; and
WHEREAS, the goals of the School of the Arts include the recruitment of more students interested in the arts; strengthening existing learning areas, certificates, majors and minors; better meeting the need for Catamount Core general education arts requirements for students across the university; increasing opportunities for interdisciplinary collaboration for arts faculty and students; increasing the visibility of the arts on campus; improving coordination of arts related events on campus; deepening community engagement in arts related events; expanding collaborations with community arts partners in Vermont and beyond; and advancing fundraising efforts for all units and programs in the School;

BE IT RESOLVED, that the Board of Trustees approves the establishment of a School of the Arts within the College of Arts and Sciences effective July 1, 2022, as detailed in the Provost’s report and the presentation made to the Board on this date.

3. **Resolution endorsing the relocation of the Geology Program to the Department of Geography and Geosciences and the termination of the Department of Geology in the College of Arts and Sciences**

WHEREAS, the regular and systematic review of low enrollment/low completion programs is essential to aligning our resources with our priorities and supporting the institution’s long-term financial sustainability, and curating our degree offerings is important to providing our students with an array of properly resourced programs that can maintain strong enrollments, fostering the vitality necessary to achieve a high-quality academic experience: and

WHEREAS, since 2018, the College of Arts and Sciences faculty and leadership have been in discussions regarding a reorganization in response to a change in enrollment patterns and the need to focus on academic program curation and stewardship; and

WHEREAS, the enrollments in the Department of Geology have experienced a sustained decline, and the Departments of Geography and Geology have had extensive discussions in recognition of their overlapping scholarship, research, and teaching as well as the significant opportunities for teaching and research collaborations; and

WHEREAS, the Department of Geography has been renamed the Department of Geography and Geosciences to reflect the strengths and expertise of both the Departments of Geography and Geology, and the Geology faculty will be reassigned to this renamed department; and

WHEREAS, the M.S. in Geology formerly housed in the Department of Geology has been moved to the newly renamed department of Geography and Geosciences, and the B.A. and B.S. degrees in Geology as well as the Geology minor have been deactivated,

BE IT RESOLVED, that the Board of Trustees endorses the relocation of the Geology Program to the Department of Geography and Geosciences and approves the termination of the vacated Department of Geology in the College of Arts and Sciences effective July 1, 2022, as approved and advanced by Dean Bill Falls, Provost Patricia Prelock, and President Suresh Garimella.
4. **Resolution approving the creation of a Micro-Certificate of Graduate Study in Sustainable Family Enterprise in the Graduate College in conjunction with the Grossman School of Business**

8. **Resolution reaffirming Equal Opportunity policies**

BE IT RESOLVED, that the Board of Trustees reaffirms the Equal Employment Opportunity/Affirmative Action policy, attached here as Appendix A; and

BE IT FURTHER RESOLVED, that the Board of Trustees reaffirms the Equal Opportunity in Educational Programs and Activities and Non-Harassment policy, attached here as Appendix B.

**BUDGET, FINANCE & INVESTMENT COMMITTEE**

9. **Resolution approving revisions to the Debt Policy**

WHEREAS, in September 2004, the Board of Trustees adopted a Debt Policy to guide the portfolio management of debt, to be reviewed annually; and
WHEREAS, since its creation in 2006, the Budget, Finance, and Investment Committee has been charged with the annual review of the Debt Policy, which it most recently revised in February 2019;

BE IT RESOLVED, that the Board of Trustees hereby accepts revisions to the policy, appearing as Appendix C to this document.

10. **Resolution approving revisions to the Statement of Investment Policies and Objectives**

WHEREAS, in February 2011, the Board adopted a Statement of Investment Policies and Objectives to govern the investment of UVM’s Long-Term Investment Pool, including the Endowment Fund; and

WHEREAS, the Investment Subcommittee is charged with an annual review of the Statement of Investment Policies and Objectives; and

WHEREAS, on December 15, 2021, the Investment Subcommittee reviewed and endorsed proposed revisions to the Statement of Investment Policies and Objectives for referral to the Budget, Finance & Investment Committee;

BE IT RESOLVED, that the Budget, Finance & Investment Committee hereby recommends that the Board adopt the amended Statement of Investment Policies and Objectives, appearing as Appendix D to this document.

11. **Resolution approving appointment of Investment Subcommittee advisor**

BE IT RESOLVED, that the Board of Trustees approves the appointment of H. Whitney Wagner as advisor to the Investment Subcommittee, for a one-year period commencing March 1, 2022, subject to the terms and conditions reported on this date.

**FULL BOARD**

12. **Resolution authorizing formulation of an implementation plan for establishment of and the University’s participation in a nonprofit investment management subsidiary of the University of Vermont Foundation to oversee and manage the University’s and the Foundation’s combined endowment assets**

WHEREAS, prior to creation of the University of Vermont Foundation (“the Foundation”), the University had a single endowment (“the legacy endowment”);

WHEREAS, following creation of the Foundation, endowment donations primarily have been directed to the Foundation;

WHEREAS, all donations received by the Foundation are for the benefit of the University;
WHEREAS, the UVM Board of Trustees Investment Subcommittee currently manages investment of both the legacy endowment and certain Foundation endowment assets (“the combined endowment”);

WHEREAS, the mission of the Foundation is to “secure and manage private support for the benefit of the University of Vermont”;

WHEREAS, in light of the increasing value of the combined endowment, including the increasing value of the endowment assets raised by the Foundation, the Foundation board charged an advisory committee to study endowment management and governance options as the University’s board and the Foundation’s board consider how best to meet their fiduciary responsibilities in the management and investment of the growing endowment;

WHEREAS, a majority of the advisory committee members were individuals who currently or in the past held leadership positions on the UVM Board of Trustees;

WHEREAS, following careful study, the advisory committee has proposed that, in collaboration with UVM, the Foundation should establish a nonprofit investment management subsidiary to oversee and manage the combined endowment assets;

WHEREAS, the UVM Board of Trustees agrees with the concept recommended by the advisory committee;

THEREFORE, BE IT RESOLVED, that the Board of Trustees authorizes the administration to formulate a proposed implementation plan to bring back to the Board for its consideration, in accordance with terms and conditions discussed on this date.

13-15. **Retiring Trustee Resolutions**

*Briar L. Alpert (2016–2022)*

WHEREAS, Briar L. Alpert is nearing the completion of his term as Trustee of the University of Vermont and State Agricultural College; and

THEREFORE, BE IT RESOLVED, that the Board of Trustees of the University of Vermont and State Agricultural College expresses its appreciation, affection, and heartfelt best wishes to Trustee David B. Aronoff.

Berke Tinaz (2020–2022)

WHEREAS, Berke Tinaz is nearing the completion of his term as Trustee of the University of Vermont and State Agricultural College; and

WHEREAS, Berke Tinaz has served as an insightful, dedicated, and thoughtful member of the board, participating actively and responsibly during his membership on board committees, including the Audit Committee; Educational Policy and Institutional Resources Committee; Budget, Finance and Investment Committee; and the Committee on Board Governance; with additional service to the University as Secretary of, and Senator on, the Graduate Student Senate, and as Graduate Student Senate representative on the Faculty Senate Student Affairs Committee, Plant Biology Department Graduate Student representative, and as assistant coach for UVM’s rowing team;
THEREFORE, BE IT RESOLVED, that the Board of Trustees of the University of Vermont and State Agricultural College expresses its appreciation, affection, and heartfelt best wishes to Trustee Berke Tinaz.
Title: Equal Employment Opportunity/Affirmative Action Policy

Policy Statement

The University of Vermont and State Agricultural College is committed to a policy of equal employment opportunity and to a program of affirmative action in order to fulfill that policy. The President of the University fully supports the University's equal employment opportunity policy and the University's affirmative action program.

The University will accordingly recruit, hire, train, and promote persons in all positions and ensure that all other personnel actions are administered without regard to unlawful criteria including race, color, religion, ancestry, national origin, place of birth, sex, sexual orientation, disability, age, positive HIV-related blood test results, genetic information, gender identity or expression, or status as a disabled veteran, recently separated veteran, active duty wartime or campaign badge veteran, or Armed Forces service medal veteran (collectively "protected veterans"), or crime victim status, as these terms are defined under applicable law, or any other factor or characteristic protected by law, and ensure that all employment decisions are based only on valid job requirements.

In addition, the University of Vermont recognizes that discriminatory harassment and sexual harassment are forms of unlawful discrimination, and it is, therefore, the policy of the University that discriminatory harassment and sexual harassment will not be tolerated. The University also prohibits unlawful harassment on the basis of other characteristics protected by law.

Further, employees and applicants will not be subjected to harassment, intimidation, threats, coercion, or retaliation because they have engaged in or may engage in the following: filing a complaint or assisting or participating in an investigation regarding alleged discrimination or harassment as prohibited in the policy statement above; filing a complaint or assisting or participating in an investigation, compliance evaluation, hearing, or any other activity related to the administration of the Vietnam Era Veterans' Readjustment Assistance Act of 1974 ("VEVRAA"), Section 503 of the Rehabilitation Act of 1973 ("Rehabilitation Act"), or the Affirmative Action provisions of any other federal, state or local law; opposing any act or practice made unlawful by VEVRAA or any other federal, state, or local law requiring equal employment opportunities for individuals with disabilities or protected veterans; or exercising any other rights protected by VEVRAA or the Rehabilitation Act. Additionally, the University will not discharge or in any other manner discriminate against employees or applicants because they have inquired about, discussed, or disclosed their own pay or the pay of another employee or applicant.

The University of Vermont maintains an audit and reporting system that: measures the effectiveness of the University's affirmative action program; indicates any need for remedial action; determines the degree to which the University's objectives have been attained; measures the University's compliance with its
affirmative action obligations; and determines whether individuals with disabilities and veterans have had the opportunity to participate in all University sponsored educational, training, recreational and social activities.

Title: Equal Opportunity in Educational Programs and Activities and Non-Harassment

Policy Statement

The University of Vermont and State Agricultural College is committed to a policy of equal educational opportunity. The University therefore prohibits discrimination on the basis of unlawful criteria such as race, color, religion, national or ethnic origin, age, sex, sexual orientation, marital status, disability, or gender identity or expression, as those terms are defined under applicable law, in admitting students to its programs and facilities and in administering its admissions policies, educational policies, scholarship and loan programs, athletic programs, and other institutionally administered programs or activities made available to students at the University. The University also prohibits harassment, as defined in the Vermont Statutes at Title 16, section 11(a)(26). Unlawful harassment is a form of discrimination and is therefore prohibited.

The University of Vermont’s strategic planning is a long-term process that establishes University-wide priorities as well as University and divisional programmatic objectives. The University’s strategic plan identifies specific goals and initiatives, including capital plans, that identify necessary and desired University facility investments. To fund its plan, the University will continue to utilize a mix of financing sources including State and Federal sources, philanthropy, internal reserves, public-private partnerships, and external University-supported debt.

This policy, in conjunction with the strategic and capital planning, will aid management in ensuring that an appropriate mix and types of funding sources are utilized and that the University’s debt capacity is allocated strategically. A UVM-specific debt policy is appropriate to ensure adequate financial strength to service existing and proposed debt, maintain leverage within an acceptable risk tolerance while investing in priority capital projects, maintain a strong financial profile to ensure a competitive position relative to its peers, and maintain the budgetary capacity to invest in other initiatives.

Management and the Board of Trustees, acting through the appropriate Board of Trustee committee, will assess this policy on an ongoing basis to ensure that it remains responsive to UVM’s evolving academic, research and strategic priorities and financial position.

The University believes that financial discipline is a critical component of long-term debt management and that the Board and management, operating through the appropriate Board of Trustee committee, should establish a limited number of financial ratios and limits in order to manage debt within acceptable ranges consistent with UVM’s objectives. These measures will be monitored and reported on in light of UVM’s evolving strategic initiatives and capital needs.
INTRODUCTION AND OBJECTIVES

</tbody>

Just as investments represent an integral component of assets, debt is viewed to be a long-term component of liabilities that, therefore, should be managed on a long-term portfolio-basis consistent with the institution’s policy objectives, with an overarching objective of managing the balance sheet. The objectives of the policy are to:

(i) Maintain the University’s access to capital. Management will utilize and issue debt in order to provide timely access to capital to fund project priorities that have been approved by the Board;

(ii) Manage the University’s credit to meet its long-term strategic objectives while maintaining creditworthiness consistent with the most favorable relative cost of capital and borrowing terms.

(iii) Limit risk of the University’s debt portfolio. Debt will be managed on a portfolio, rather than a transactional or project-specific, basis. Management’s continuing objective of incurring the lowest achievable long-term risk-adjusted cost of capital will be balanced with the goal of appropriately limiting exposure to market shifts within acceptable budgetary parameters. Various types of debt structures and financial instruments will be considered, monitored, and managed within the framework established in this policy and according to internal management procedures; and

(iv) Permit the optimization of the investment of the University’s working capital and cash balances. Management will explore various options and alternatives to internal cash holdings regarding the optimal funding mechanism for short-term equipment needs, bridge financing and cash requirements. Management recognizes that working capital requirements, debt management, and the investment of cash/net assets should be viewed comprehensively in order to optimize overall funding and investment return strategies.

In addition to establishing a framework relating to the administration of debt, the policy provides for periodic updates pertaining to UVM’s debt capacity and financial management to both internal and external parties.
By adopting this policy and regularly reviewing it with the appropriate Board of Trustee committee, management will follow and report on guidelines and requirements regarding debt utilization. With appropriate authorizations consistent with the policy, management will have flexibility to implement specific financial transactions and utilize approved financing vehicles in accordance with stated procedures.

The Office of the Vice President for Finance and Administration will manage all funding sources, including debt, for capital projects authorized by the Board. The structure of any individual transaction (e.g., maturity, interest rate mode, use of derivative products, other financing structures) will be based upon overall University needs to ensure that (i) long-term costs to the University and its operating units are minimized consistent within the context of other strategic objectives and (ii) overall risk does not exceed acceptable levels as defined in this policy.

Because this debt policy is a living document, the appropriate Board of Trustee committee will review this policy on an annual basis and report any recommended changes or revisions to the Board of Trustees. This review process is necessary to ensure that the policy remains consistent with the University’s objectives and responsive to evolving practices, competitive pressures in the external environment, and financial indicators.

This policy establishes limits to measure the total amount of outstanding debt compared to University balance-sheet resources and the annual operating budget. These ratios can be derived from the financial statements and other information and are subject to review periodically. The ratios are to be calculated using annual audited financial statements of the University such as the University’s associated fundraising foundation.

The policy identifies ratios that (i) are based on current GAAP requirements and (ii) are consistent with ratios utilized in the higher education industry to permit benchmarking.

In addition to the two primary policy ratios below, the University may consider tracking other ratios in addition to the policy ratios. Listed below are the policy ratios and limits that will be followed.

### Ratio 1 – Debt Burden Ratio

This ratio measures the University’s ability to repay debt service associated with all outstanding debt and the impact on the overall budget and includes all activities of the University. The defined limit for this ratio is intended to maintain the University’s long-term operating flexibility to fund existing requirements and new initiatives, although the University may target a desired ratio below this limit.

\[
\frac{\text{Annual Debt Service}}{\text{Total Expenses}} < 5.75\%
\]

The measure is based on aggregate operating expenses as opposed to operating revenues because expenses typically are more stable (e.g., no one-
time operating gifts, investment return, variability of State funding) and better reflect the operating base of the University. Management recognizes that a growing expense base would make this ratio appear more attractive. The limit for this ratio is not to be greater than 5.75%, until June 30, 2023 and will revert to 5% thereafter. This ratio will be adjusted to include the impact of non-amortizing or non-traditional debt structures that could result in significant single year fluctuations, as well as an assumption of an appropriate variable rate.

*Ratio 2 - Leverage Ratio (calculated as Spendable Cash and Investments to Debt)*

This ratio indicates one of the most basic determinants of financial health by measuring the availability of liquid and expendable assets compared to aggregate debt. The ratio measures the medium to long-term health of the University’s balance sheet and debt capacity and is a critical component of universities with the highest credit quality.

Many factors influence the leverage ratio, affecting both the assets (e.g., investment performance, philanthropy) and liabilities (e.g., timing of bond issues), and therefore the ratio is best examined in the context of changing market conditions so that it accurately reflects relative financial strength. For example, a leverage ratio that is acceptable and entirely appropriate in one market condition may be relatively stronger or weaker in other market environments.

This policy establishes a debt policy limit (floor) for this ratio of 1.0 to ensure that sufficient balance sheet strength is maintained at all times.

\[
\frac{\text{CASH & INVESTMENTS} - \text{PERMANENTLY RESTRICTED NET ASSETS} + \text{PLEDGES CLASSIFIED AS PERMANENTLY RESTRICTED NET ASSETS}}{\text{AGGREGATE DEBT}} > 1.0x
\]

This ratio will include any financings that impact the University credit, including guarantees of third-party debt.

The 1.0x limit is recognized as a limit, and not a long-term objective. Over time, to remain competitive and retain the flexibility to invest in future strategic initiatives, UVM will want to target and maintain a ratio above 1.0x.

Annually, based on the results of the audited financial statements, the Vice President for Finance and Administration will report to the appropriate Board of Trustee committee on the actual ratio results and any existing conditions that put the University out of compliance with this policy. In the event that the University is out of compliance with the policy, the appropriate Board of Trustee committee will take up the matter for consideration and make recommendations it deems appropriate to the Board of Trustees.

To further evaluate the leverage of the University, the Vice President for Finance and Administration will report the University’s Expendable Financial Assets to Debt ratio. This ratio will be reviewed relative to prior years, peers and rating agency medians and will be calculated with and without the Governmental Accounting Standards for Other Post Retirement Benefits. The Vice President for Finance and Administration will report to the appropriate Board of Trustee committee on any existing conditions that cause notable year-over-year changes in this ratio, particularly relative to peers and rating medians.
The University has established its ratios and associated ratio limits based on internally established guidelines. The ratios and limits are not intended to provide a long-term target or track a specific rating, but rather will enable the maintenance of the University’s competitive financial profile and complement the capital planning process. The debt policy will be shared with external credit analysts and other third parties in order to provide them with the context regarding UVM’s assessment of self-determined debt capacity and affordability, which is subject to ongoing review.

### TYPES OF FINANCINGS

<td></td>
</tr>
<tr>
<td>5. Consider other financing sources.</td>
<td>a. Management will explore securitizations, joint ventures and other financial structures to provide for the optimal funding for any project.</td>
</tr>
</tbody>
</table>

The University recognizes that there are numerous types of financing structures and funding sources available, each with specific benefits, risks, and costs. All potential funding sources will be reviewed by management within the context of the debt policy and the overall portfolio to ensure that any financial product or structure is consistent with UVM’s objectives. Regardless of what financing structure(s) is(are) utilized, a full understanding of the transaction, including (i) quantification of potential risks and benefits, and (ii) analysis of the impact on University creditworthiness and debt capacity, will be required. Any financial transaction which, in management’s opinion, utilizes the University’s credit, will be subject to the limits set forth in this policy regardless of source.

### Tax-Exempt Debt

The University recognizes that debt will remain a long-term component of the University’s capitalization over the foreseeable future due in part to its continued need for capital and the substantial economic benefits associated with tax-exempt debt. Therefore, financial transactions will be managed on a portfolio basis with a long-term perspective. (In all circumstances, however, individual projects must continue to be identified and tracked to ensure compliance with all tax and reimbursement requirements).

Debt will be structured to meet the University’s comprehensive long-term objectives, and each project being financed will be required to provide a sound business plan, including the source of repayment for the debt and appropriate and realistic repayment terms. Among other things, the repayment terms will require that the loan term is no greater than the expected componentized useful life of the asset financed. Additionally, the financed project will be required to budget and fund principal payments on a fully amortized basis.

### Taxable Debt

While all of the University’s capital projects may not qualify for tax-exempt debt, taxable debt should only be used in appropriate cases as it generally
represents a more expensive source of capital relative to tax-exempt issuance.

**Commercial Paper**

The CP program can provide substantial financial flexibility to the University including the ability to manage and optimize cash balances and provide an alternative to lease transactions and other purposes. CP can offer the University interim financing for capital projects in anticipation of the receipt of funding either in the form of future philanthropy or the issuance of long-term debt for permanent financing, as well as offer greater flexibility regarding the timing and structuring of individual bond transactions.

**Derivative Products**

Management recognizes that derivative products may enable more opportunistic and flexible management of the debt portfolio. Derivative products, including interest rate swaps, may be employed primarily to manage or hedge the University’s interest rate exposure for a specific period of time. The University will utilize a framework to evaluate potential derivative instruments through consideration of (i) its variable rate allocation, (ii) market and interest rate conditions, (iii) impact on future financing flexibility, and (iv) the compensation for assuming risks, or the costs for eliminating certain risks and exposure. In addition, the University will analyze and quantify the cost/benefit of any derivative instrument relative to achieving desirable long-term capital structure objectives. Under no circumstances will a derivative transaction be utilized that is not understood fully by management or that imposes inappropriate risk on the University. Risks include but are not limited to tax risk, interest rate risk, liquidity risk, counterparty credit risk, basis risk, and any other potential risks either imposed or removed through the execution of any transaction. In addition, management will consider and disclose the potential impact of any derivative product on the University’s financial statements and the appropriate treatment in calculating the debt policy ratios. The University will regularly report on the status and performance of its derivative products, if any, to the appropriate Board of Trustee committee. Given the risks and complexity associated with derivative products, they will be considered more seriously only when: (i) conventional financing sources are relatively more expensive (e.g. exceed the portfolio blended interest rate), and (ii) can achieve desired financial objectives more efficiently or at a significantly lower risk-adjusted cost than traditional structures. Management is required to present any recommended derivative product to the appropriate Board of Trustee committee and must receive Board approval prior to execution.

**Other Financing Sources**

The University recognizes that a variety of transactions, not limited to debt insured directly by UVM, may impact the University’s credit while the University’s limited debt capacity and substantial capital needs require the consideration of various financing alternatives, including possible opportunities for alternative and non-traditional transaction structures. The University recognizes these types of transactions may also impact the University’s credit and also often can be more expensive than traditional University debt structures.
Therefore all non-traditional financing structures including guarantees and third party debt can only be considered once the economic benefit and the likely impact on the University’s debt capacity and credit has been determined. Specifically, for any third-party or developer-based financing, management will ensure the full credit impact of the structure is evaluated and quantified to the extent possible prior to execution and the analysis must be presented to the appropriate Board of Trustee committees and must receive Board approval prior to execution.

| PORTFOLIO MANAGEMENT OF DEBT |
|-------------------------------|---------------------------------------------------------------|
| **Purpose**                   | The University considers its debt portfolio holistically; that is, it optimizes the portfolio of debt for the entire University rather than on a project-by-project basis and takes into account the University’s cash and investments. |
| 1. Permit decisions regarding debt issuance and structure to be made on a portfolio basis, rather than on a per-project basis. | |
| 2. Manage variable rate exposure of the debt portfolio. | |
| a. Limit variable rate exposure. | |
| b. Manage the overall liquidity requirements associated with outstanding debt. | |
| c. Target overall variable rate debt exposure. | |
| 3. Evaluate exposure to other financing vehicles and third parties on a portfolio-wide basis. | |
| **Variable Rate Debt**        | It is recognized that a degree of exposure to variable interest rates within the University’s debt portfolio may be desirable in order to: |
| (i) take advantage of repayment/restructuring flexibility; | |
| (ii) benefit from historically lower average interest costs; | |
| (iii) diversify the debt portfolio; and, | |
| (iv) provide a hedge to short-term working capital balances | |
| Management will monitor overall interest rate exposure, analyze and quantify potential risks, and coordinate appropriate fixed/variable allocation strategies. The portfolio allocation to variable rate debt may be managed or adjusted through (i) the issuance of debt (potentially new issues and refunding), (ii) and the use of interest rate swaps and other derivative products. While the utilization of commercial paper impacts the University’s variable rate exposure, outstanding CP will not be included in the ratio, given the expected interim financing purpose. | |
| Recognizing the desire to manage interest rate risk, the amount of variable rate debt outstanding shall not exceed 35% of the University’s outstanding debt. This limit is based on the University’s desire to (i) limit annual variances in its debt service portfolio, (ii) provide sufficient structuring flexibility to management, (iii) keep the University’s variable rate allocation within acceptable external parameters, (iv) utilize variable rate debt (and/or swaps) to optimize debt portfolio allocation and minimize costs, and (v) take into account liquidity needs and exposures for the portfolio, including consideration of the commercial paper program. | |

</tbody>
</table>
The University will exclude from this calculation project-related commercial paper used in advance of expected long-term financing since this commercial paper is used for interim purposes and should not be included in the University’s desired long-term variable rate allocation calculation. The numerator, Variable Rate and Liquidity Exposure, is defined as including all variable rate debt, not adjusted for any floating to fixed swaps, if any, and plus any fixed to floating swaps, if any. Thus, any variable rate debt that is affected by floating-to-fixed interest rate swaps will be considered variable rate debt for the purposes of this calculation since it impacts the University’s liquidity requirements and exposes the institution to counterparty credit exposure. Note that this ratio measures interest rate exposure and liquidity exposure/requirements directly.

**GLOSSARY**

**Annual Debt Service** – refers to the planned principal and interest paid on long-term debt in a fiscal year.

**Bridge Financing** – refers to any type of financing used to “bridge” a period of time. For universities, it generally refers to financings that provide funding in advance of a long-term bond issue or the receipt of gift funding.

**Capital Project** – refers to physical facilities or equipment or software that may be capitalized.

**Commercial Paper** – an alternative to bank line for stronger rated borrowers, commercial paper is short-term promissory notes issued on the open market as an obligation of the borrower. The maturity of commercial paper is less than 270 days, and for most universities, the average maturity of all paper is between 30-50 days. Registration and disclosure for commercial paper is significantly less than traditional university bonds.

**Derivative Products** – generally referred to transactions which are an exchange of specified cash flows for a period of time. The most common types of derivatives are floating-rate-to-fixed-rate or fixed-rate-to-floating-rate swaps.

**GAAP** – refers to Generally Accepted Accounting Principles.

**Leverage** – long-term debt as a component of the total assets of the University. “High leverage” indicates an institution that has a considerable portion of its assets that are debt financed.
UNIVERSITY OF VERMONT

STATEMENT OF INVESTMENT POLICIES AND OBJECTIVES

I. INTRODUCTION

This statement is issued by the Investment Subcommittee (the “ISC”) of the Board of Trustees of the University of Vermont (the “Board”). The ISC was established by the Board and the Budget, Finance and Investment Committee in late 2006 and charged with oversight of investment strategy and investment managers for the Long-Term Investment Pool, including the Endowment Fund, collectively called the “Fund”, of the University. The policy statement will be reviewed annually and modified by the ISC as conditions warrant.

II. FIDUCIARY STANDARDS

The Board, the ISC, the Treasurer and finance staff, and any third-parties (e.g., investment managers) retained to advise the Board, the ISC, the Treasurer and/or finance staff as to investment strategy and management (any and all of whom may be referred to as “Responsible Parties”) shall exercise their responsibilities with respect to the Fund’s assets in compliance with the requirements of the Uniform Prudent Management of Institutional Funds Act (“UPMIFA”), enacted in the state of Vermont in 2009. In accordance with UPMIFA, key facets of the Responsible Parties’ roles include:

- Acting in good faith, with the care an ordinarily prudent person would exercise;
- Incurring only reasonable costs in investing and managing charitable funds;
- Making decisions about each asset in the context of the portfolio of investments, as part of an overall investment strategy;
- Diversifying investments, unless due to special circumstances, the purposes of the Fund are better served without diversification;
- Disposing of unsuitable assets; and
- In general, developing an investment strategy appropriate for the Fund and the University.

III. RESPONSIBILITIES of INVESTMENT SUBCOMMITTEE

Responsibilities and goals of the ISC include:

- Ensuring that current and future spending requirements are supported while also preserving the real purchasing power of the Fund;
- Achieving an optimum level of return within appropriate risk tolerances;
- Developing a sound and consistent investment policy including asset allocation, diversification and rebalancing guidelines;
• Selecting and maintaining qualified investment managers and advisors;
• Monitoring and evaluating results to ensure that policy guidelines are being adhered to and that policy objectives are being met; and
• Taking action under appropriate circumstances to discharge an investment manager or advisor for failing to perform in terms of stated expectations.

The ISC is authorized to delegate certain responsibilities to staff to assist in properly meeting the overall responsibilities as outlined above.

IV. CONFLICT OF INTEREST POLICY

In addition to the responsibilities set forth in the Board of Trustees’ Conflicts of Interest policy, it is the responsibility of the ISC members to disclose to the ISC Chair any situation in which there may be reasonably construed to be a perceived or actual conflict of interest. The ISC Chair will work with the members to determine an appropriate response.

The ISC will generally not consider investments in funds directly managed by a member of the ISC. In addition, a member of the ISC employed by an investment or other firm that provides services to the Fund will recuse him/herself from all discussions and votes on existing or potential investments or other services managed or provided by that firm. The ISC recognizes, however, that certain exceptions to this policy may be appropriate. Such exceptions will be made only upon a majority vote of the disinterested members of the ISC.

In the event that the ISC is considering an investment in an access-constrained investment opportunity, any ISC member wishing to invest for his/her own benefit in such an opportunity shall notify the ISC Chair in writing.

V. MORAL, SOCIAL AND ETHICAL CONSIDERATIONS IN INVESTMENT STRATEGY

The University Statement of Investment Policies and Objectives requires the Board, the Investment Subcommittee (ISC) of the Board Budget, Finance and Investment Committee, the Treasurer, and third parties such as investment managers, to exercise their responsibilities with respect to the Long-Term Investment Pool, including Endowment Fund assets, in compliance with the requirements of the Uniform Prudent Management of Institutional Funds Act (“UPMIFA”).

In accordance with UPMIFA, key facets of the Responsible Parties’ roles, as paraphrased below, include:

• Acting in good faith, with the care an ordinarily prudent person would exercise;
• Incurring only reasonable costs in investing and managing charitable funds;
• Making decisions about each asset in the context of the portfolio of investments, as part of an overall investment strategy;
• Diversifying investments, unless due to special circumstances, the purposes of the Fund are better served without diversification;
• Disposing of unsuitable assets.

Achieving the Financial and Investment Objectives of the Fund is essential to provide resources to fulfill the institutional mission of the University. The core responsibility of the ISC is to achieve the Financial and Investment Objectives of the fund in a manner consistent with the requirements of UPMIFA and prudent fiduciary practices.

The primary objective of achieving the Financial and Investment Objectives of the Fund does not preclude consideration of moral, ethical and social criteria in selecting investments or participating in shareholder resolutions that address moral, ethical or social issues. However, the core responsibility of the Board is to steward University assets in a manner consistent with prudent fiduciary practices.

Restrictions on the portfolio made via Board of Trustee resolutions, such as the Resolution on Socially Responsible Investing, may be found on the University of Vermont website (https://www.uvm.edu/trustees/resolutions).

VI. FINANCIAL & INVESTMENT OBJECTIVES

The overall financial objective of the Fund is to provide a stable and consistent level of ongoing support for the University’s programs through a reasoned spending policy consistent with preserving and enhancing the real (i.e., inflation-adjusted) purchasing power of the Fund over time.

The primary long-term investment objective of the Fund is to attain a real total return\(^1\) (net of investment management fees) that exceeds the amount being distributed for spending and administration, currently set at 5.50\%. This will be measured over the long term, capturing a full market cycle, as it is unlikely that the Fund’s return will meet or exceed the spending rate in each individual year. Other important investment objectives are to achieve annualized returns in excess of the strategic policy portfolio blended benchmark (defined herein), measured over a full market cycle; and to outperform the median return of a pool of endowment funds of similar size with broadly similar investment objectives and policies.

VII. ASSET ALLOCATION

The policy portfolio for the Fund is a target or “normal” set of investments, based on long-term return, risk and correlation assumptions that balance the organization’s need for liquidity, preservation of purchasing power, and risk tolerance. The ISC, with input and assistance from staff and external advisors, shall periodically examine the policy portfolio targets and consider adjustments to the asset allocation as may be appropriate (for example, due to a material change in the capital

\(^1\) Real total return is the sum of realized and unrealized capital appreciation (or loss) and current income in the form of dividends and interest, adjusted for inflation as measured by the Consumer Price Index.
market assumptions). Changes to the policy portfolio targets will be reviewed and approved by the ISC and presented to the Budget, Finance and Investment Committee and the Board, as necessary.

In addition to being diversified across asset classes, the Fund will be diversified within each asset class. This will provide reasonable assurance that the performance of any single security, issuer or class of securities, or active manager will not have a disproportionate impact on the total Fund performance.

The most current asset allocation / strategic policy portfolio for the Fund is attached as Appendix A.

VIII. REBALANCING

The Fund's actual asset allocation will be monitored monthly and reviewed by the ISC at its regular meetings relative to established policy portfolio targets and allowable ranges. Adjustments may be constrained by practical limits with respect to liquidity and transaction costs, but rebalancing efforts will be made as practicable. Cash flow in or out of the Fund may create an opportunity to shift the allocation closer toward policy targets. The ISC may at times authorize investments in new or developing asset classes that are not part of the strategic policy portfolio at the time of their adoption, with the intention of revising the policy portfolio shortly thereafter.

IX. PERFORMANCE EVALUATION, BENCHMARKS, and ASSET CLASS CHARACTERISTICS

The performance objectives for the Total Fund, each asset class and each manager are outlined below, with the purpose of establishing specific parameters for regular and ongoing review. While performance is measured over both short- and long-term periods, the focus and emphasis of performance evaluation is on longer time periods as represented by a full market cycle.

**Overall Total Fund**

There are a number of different benchmarks for assessing performance at the overall Total Fund level:

- **Undiversified Benchmark** — this simple market benchmark helps the ISC evaluate the value added from a sophisticated investment program versus a portfolio that could be easily replicated through investment in index funds.

- **CPI + Spending/Administration (Currently 5.504.75%)** — this benchmark is composed of a combination of both inflation and expected annual distributions. Comparison with the total return of the Fund provides a method to monitor progress in the overall financial objective, preserving and enhancing the real (i.e., inflation-adjusted) purchasing power of the Fund over time.

- **Target Benchmark Policy Index** — this custom benchmark compares the total return of the Fund to a blended benchmark based on applying the target policy weights of each underlying asset class to the performance of the asset class benchmarks. The individual asset class benchmarks are discussed in the next section.
Current Allocation Benchmark Actual Index – this benchmark is composed of the current allocations for each of the underlying composite asset classes weighted against the corresponding returns of their respective benchmarks.

Undiversified Benchmark – this simple market benchmark helps the ISC evaluate the value added from a sophisticated investment program versus a portfolio that could be easily replicated through investment in index funds.
Cambridge Associates’ Universe of Endowment Pool Returns — a universe of over 300 institutions, a broad peer universe against which the ISC compares the Fund’s return. In addition to this broad comparison, the ISC may also compare the Fund’s results to various subsets of this broad universe, which include institutions of similar size and with similar characteristics.

NACUBO-TIAA Study of Endowments (NTSE) – a universe of over 700 institutions, a broad peer universe against which the ISC compares the Fund’s return. In addition to this specific annual study, the ISC may also compare the Fund’s results to other relevant institutional investor comparisons.

Asset Classes & Managers

Each manager will be expected to outperform (net of fees) a benchmark that is appropriate based on the asset class and style of the manager, over a full market cycle. Performance results will be reviewed with the ISC at its regular meetings and in an interim period when there is a major event (personnel change, for example) at the firm. The manager will be evaluated on long-term performance so that shorter-term failure to meet the benchmark target returns is not an automatic basis for manager termination.

Due to the broad nature of the asset classes and the unique style of managers, it is important to note that the specific benchmark of the individual manager may not necessarily be the same as the benchmark for the particular asset class composite as defined below. For example, the Public Global Equity benchmark is MSCI ACWI but US equity managers, for example, will be compared to an appropriate US equity benchmark.

Individual manager accounts will be monitored for consistency of each manager’s investment philosophy and process, return relative to objectives, investment risk as measured by asset concentrations, exposure to extreme economic conditions, and market volatility. In the broadest sense, the monitoring process is intended to confirm that the reasons the manager was initially retained still hold true.

### X. MANAGER GUIDELINES

Investment managers will be hired for a specific skill set, and the resulting investments will be made either through separately managed accounts or pooled vehicles. Each manager of a separate account will adhere to the firm’s stated philosophy and investment strategy. Where investments are in commingled funds, mutual funds, off-shore funds or limited partnerships, the permissible investments are governed by the appropriate fund prospectus or offering memorandum. Some of these products permit the use of derivatives for certain investment strategies and in instances where a manager has demonstrated skill in effectively utilizing these instruments. For example, they may be used in reducing risk or replacing positions to gain flexibility and efficiency.

### A. MANAGER REPORTING

Each investment manager of marketable assets will provide monthly portfolio valuations and total return net of all commissions and fees. On a quarterly basis, managers will report current holdings at market value, and purchases and sales for the quarter. Traditional marketable managers with whom UVM is invested through a separate account may be required to reconcile records of holdings, transactions, and dividend/interest income with the Fund’s custodian on a periodic basis. Specialty managers (who manage hedge funds and non-marketable partnerships) will report on portfolio details with as much transparency as possible. Each of these managers will provide annually their most recent audited financial statements, which include the basis of accounting and the auditor’s opinion. In addition, each specialty manager will disclose its respective valuation policies and procedures on an annual basis.

Regular communication from all managers concerning investment strategy and outlook is expected. The ISC will regularly review a Watch List that is maintained to highlight managers’ relative performance when it is outside the normal range or expected returns, new organizational issues, and/or any significant changes in strategy that raise concerns. Additionally, managers are required to inform the University of Vermont of any significant change in firm ownership,
organizational structure, professional personnel, or fundamental investment philosophy. Managers will also send a copy of their form ADV to the University at least annually.
B. PROXY VOTING GUIDELINES

University of Vermont’s Endowment Accountant votes the shareholder proxies.

C. GUIDELINES FOR TRANSACTIONS

As a general guideline that should apply to all assets managed, transactions should be entered into on the basis of best execution, which is interpreted normally to mean best realized price.

UVM BOARD

May 20, 2022

Resolution approving the Wilbur Trust Fund annual report

BE IT RESOLVED, that the University of Vermont Board hereby approves the Wilbur Trust Fund annual report, appearing as Appendix A to this document.
TO: The University of Vermont Board

FROM: Marie Johnson, Director of Student Financial Services

SUBJECT: Wilbur Trust Grant Awards

DATE: April 20, 2022

Following is a summary report of the University of Vermont Wilbur Trust Fund Grant recipients for the 2021-22 academic year.

1. During the 2021-22 academic year, 171 Vermont high school students received grants from the Wilbur Trust Fund. Grants ranged from $296-$13,421. The total of all grants awarded for the academic year was $851,291.

2. Wilbur Trust Fund grants were awarded without regard to gender, race or creed. Grant recipients were certified by their Vermont high school principal, or a teacher of the public school they attended, that they are of good moral character, desirous of an education, financially unable to obtain an education, and likely to benefit therefrom and become a more useful United States citizen by reason of such education, and be of "extraordinarily good" academic standing.

3. Recipients were notified electronically that they are Wilbur Grant recipients.

4. Grant notification includes a proviso that indicates that receipt of the funding is subject to Board approval.

5. Returning upper-class Wilbur Grant recipients continue to be awarded the Grant throughout their tenure at UVM provided they maintain academic progress consistent with academic requirements published in the University catalog and they otherwise continue to meet the Trust criteria.
CONSENT AGENDA

May 21, 2022

COMMITTEE OF THE WHOLE

1. **Resolution approving revision to Alma Mater** *(Universitas V. Montis)*

   WHEREAS, *Universitas V. Montis*, the Bicentennial Song with tune composed by Jane Oppenlander and lyrics by David Cox, has been the university’s Alma Mater since its adoption in 1991;

   WHEREAS, to inclusively reflect the entire UVM community in the song of celebration for the university and its people;

   BE IT RESOLVED, that the Board of Trustees hereby approves the following revision of the lyrics of the Alma Mater *(Universitas V. Montis)*:

   From the lofty peaks of Mansfield
to the shores of Lake Champlain,
comes a mighty swelling chorus,
whose echo will remain

   **CHORUS:**
   Vermont! Vermont! Vermont!
   Our University!
   Thy loyal sons and daughters Our hearts and minds and voices
   Sing in love and praise to Thee.
   Shadows falling ’cross the campus,
changing seasons’ wond’rous scene,
stir our thoughts of Alma Mater,
and her the colors Gold and Green

   **CHORUS**

2. **Resolution authorizing negotiation and settlement of collective bargaining agreements**

   BE IT RESOLVED, that the Board of Trustees authorizes the administration to negotiate and settle collective bargaining agreements with both units of UVM Staff United on the material terms reported on this date.

Title: Gifts

Policy Statement

It is important that the University of Vermont has policies and guidelines in place to set forth gift acceptance protocols, honor donor intentions, and expedite the processing of gifts from acceptance to deposit and receipt, thereby maximizing the impact of gifts to the University.

For gifts made to the University on or after January 1, 2012, the University of Vermont and State Agricultural College Foundation, Inc. (the “Foundation”) has been recognized by the University as the primary and preferred recipient for charitable gifts to or for the benefit of the University. To make a gift to the Foundation, and see its policies and guidelines on the acceptance and processing of gifts, visit: http://www.uvmfoundation.org.

In limited circumstances, gifts may be made directly to the University on or after January 1, 2012 in accordance with the terms of this policy.

Reason for the Policy

This policy is designed to provide guidance regarding gift acceptance and administration for the limited circumstances in which gifts may be made directly to the University after January 1, 2012. Gifts made to the University prior to January 1, 2012 also remain subject to this Policy.

Applicability of the Policy

This policy applies to all gifts made directly to the University of Vermont, including but not limited to academic units, administrative units, student services and activities, and auxiliary services, such as including, but not limited to, Athletics, Libraries, Fleming Museum, Lane Series, Morgan Horse Farm, and Extension, where it is not possible or desirable for the donor to make a gift of the same to the Foundation after January 1, 2012. This policy does not apply to gifts made to the University of Vermont Foundation, Inc.

None

Procedures

In the limited circumstance that gifts are made directly to the University after January 1, 2012, they must be designed and administered in a manner consistent with applicable legal requirements and the terms of this policy.
In accepting a gift, the University acquires a responsibility to the donor to steward that gift. This stewardship includes administering the gift properly, directing the gift’s use and administration as consistent with the donor’s intentions, providing the donor with appropriate financial information about the gift, and reporting to the donor about the use of the funds.

Solicitations of new gifts after January 1, 2012 shall be coordinated exclusively by and through the Foundation.

A. Gift Purposes and Naming Opportunities for Gifts Made Directly to the University

This policy establishes minimum gift levels and approvals required for gift purposes and naming opportunities at the University. Depending upon the uniqueness of purpose, level of existing and future University support, and other factors, the University may require higher levels of gifts in order to achieve and sustain the donor’s intent. This policy does not govern naming opportunities where there is no gift.

1) Common Purposes and Funds — When it is not possible or desirable for a donor to make a gift of the same to the Foundation, donors may make gifts: (i) to the UVM Fund (the University’s unrestricted fund); (ii) to discretionary funds designated to individual colleges, schools, departments or other units; (iii) to existing current operating gift funds supporting such purposes as scholarships, departmental research or student activities; and (iv) to the University’s unrestricted endowment or other existing endowments, where permitted. Donors may also make gifts not involving a naming opportunity, but with new or special restrictions, for individual colleges, schools, departments or other units by submitting a request to the Vice President for Finance and Administration for review and approval, in consultation with the department’s respective Dean or Vice President.

2) Named Funds — When it is not possible or desirable for a donor to make a gift of the same to the Foundation, donors wishing to establish new named funds may propose the name and any restrictions to the University, which will be reviewed and approved by the University according to the following standards:

a) Named Deanship — Provides support to a range of discretionary uses, including but not limited to a dean’s salary and related expenses, faculty research and scholarship, public service, professional conferences and other programs related to the promotion of academic excellence in the school or college. The minimum endowment gift will be set by the President; factors to be considered shall include but are not limited to the size of the college or school; the marketability of the deanship to prospective donors; actual costs of the dean’s office; and the uniqueness of the naming opportunity. Named Deanship proposals are reviewed and recommended by the Provost and the Vice President for Finance & Administration, with the appropriate Dean or Vice President and the University Budget Director. The President approves Named Deanships.

b) Named Chair or Professorship — Provides support to a faculty member’s salary and related expenses, including but not limited to teaching, instructional programs, research, public service and professional conferences. The minimum endowment gift is $3.0 million for a Chair, $1.0 million for a Professorship and $250,000 for a Green & Gold Professor. Named Chair and Professorship proposals are reviewed and recommended by the Provost, the Vice President for Finance & Administration, and the appropriate Dean or Vice President and with the University Budget Director. The President approves Named Chairs or Professorships; the Provost approves Named Green & Gold Professors.

c) Named Faculty Teaching or Research Award — Provides support to a faculty member’s scholarly activities including teaching, research, public service, professional development and other general purposes. The minimum endowment Gift is $100,000. The minimum current operating
gift is $10,000 per year. Named Faculty Teaching or Research Award proposals are reviewed and recommended by the Vice President for Finance and Administration and the appropriate Dean. The Provost approves Named Faculty Teaching or Research Awards.

d) Named Graduate Fellowship — Provides support in the form of financial aid, stipends or other support to graduate students for education, research and scholarly work. The minimum Endowment Gift is $250,000. The minimum current operating gift is $25,000 per year. Named Graduate Fellowship proposals are reviewed and recommended by the Vice President for Finance and Administration and the Dean of the Graduate College and appropriate School or College Dean. The Provost approves Named Graduate Fellowships.

e) Named Scholarship — Provides financial aid to students. Donors may specify additional restrictions in writing (including undergraduate/graduate, academic unit, degree/program, residency, or merit/need). The minimum endowment gift is $50,000. The minimum current operating gift is $10,000 per year. Named Scholarship proposals are reviewed and recommended by the Vice President for Enrollment Management and appropriate Dean or Vice President. The Vice President for Finance and Administration approves Named Scholarships.

f) Named Departmental or Programmatic Fund — Provides support to a department, program or other unit for its general purposes, including but not limited to teaching, research, professional development, lectureships, and equipment. The minimum endowment gift is $50,000. The minimum current operating gift is $10,000 per year. Named Departmental or Programmatic Fund proposals are reviewed and recommended by the appropriate Dean or Vice President. The Vice President for Finance and Administration approves Named Departmental or Programmatic Funds.

g) Named Research Fund — Provides support for the research activities of a department, including equipment, supplies, wages, and other general research purposes. The minimum endowment gift is $50,000. The minimum current operating gift is $10,000 per year. Fund proposals are reviewed and recommended by the appropriate Dean, the Executive Director for Research Administration, and the Controller. The Vice President for Research approves Named Research Funds.

3) Named Facilities — The minimum gift level for the naming of a facility varies in accordance with the type of facility being named. Generally, the associated gift for a named facility will be used to support construction, renovation and operating expenses of the facility or support other general purposes designated by the University. The naming of a facility is intended to last for the useful life of the facility and, at that time, the Vice President for Finance and Administration is tasked to find a suitable way to honor the original name, based on options available.

When it is not possible or desirable for a donor to make a gift of the same to the Foundation, donors wishing to name new, renovated or existing facilities may propose the name and any restrictions to the University, which will be reviewed and approved according to the following standards:

a) Named Buildings — Includes buildings, halls, wings, arenas, fields and other substantial indoor and outdoor physical spaces. The minimum gift level is as set by the President. The factors the President must consider shall include, but are not limited to, the value of the space to the University; the marketability of the space to prospective donors; actual costs to build, renovate and/or operate the space; the uniqueness of the naming opportunity; and the useful life of the space. Named Building proposals are reviewed and recommended by the Provost and the Vice President for Finance and Administration, with the appropriate Dean or Vice President and the University Budget Director. The President approves Named Building proposals for transmission
to the University Board of Trustees, for resolution specific approval as outlined in the Board of Trustees Resolution on Delegation and Retention of Board Authority.

b) Named Rooms — Includes classrooms, laboratories, offices and other minor physical spaces. The minimum gift level is as set by the Provost. The factors the Provost must consider shall include but are not limited to the value of the space to the University; the marketability of the space to prospective donors; actual costs to build, renovate and/or operate the space; the uniqueness of the naming opportunity; and the useful life of the space. Named Room proposals are reviewed and recommended by the Vice President for Finance and Administration, with the appropriate Dean or Vice President and the University Budget Director. The Provost approves Named Rooms.

4) Named Academic Units — The minimum gift level for the naming of an academic unit varies with the academic unit being named. The factors to be considered shall include, but are not limited to, the history, reputation, and visibility of the academic unit; the marketability of the academic unit to prospective donors; actual costs to operate the academic unit; and the uniqueness of the naming opportunity. Generally, the associated gift for a named academic unit will be used to support faculty scholarly activity, student scholarships and programmatic needs, and other general purposes of the academic unit.

When it is not possible or desirable for a donor to make a gift of the same to the Foundation, donors wishing to name academic units may propose the name and any restrictions to the University for review and approval. Named Academic Unit proposals are reviewed and recommended by the Provost and the Vice President for Finance and Administration, with the appropriate Dean or Vice President and the University Budget Director. The President approves Named Academic Units proposals for transmission to the Board of Trustees for resolution specific approval as outlined in the Board of Trustees Resolution on Delegation and Retention of Board Authority.

5a) Name Approval — The University recognizes its commitment to the public trust and will only approve naming gifts that are consistent with UVM’s mission and values. In addition, the following factors will be considered: the standing of the donor in the community or profession; the nature and duration of the relationship of the proposed honoree to the University; the honor and distinction the proposed name will bring to the University; and whether any philanthropic commitments connected with the naming can be realized.

6a) Name Removal — The University reserves the right to remove any name should the donor not fulfill the associated pledge or if the name comes into disrepute in the University or in the general community. The Vice President for Finance and Administration and the Provost are responsible for making name removal recommendations to the President based on individual gift and naming circumstances. Name Removal proposals related to buildings and academic programs must receive resolution specific approval as outlined in the Board of Trustees Resolution on Delegation and Retention of Board Authority.

7a) Name Based on a Pledge — A naming is contingent upon fulfillment of the associated pledge, and the time frame for fulfillment of a pledge, whether by means of installment payments or otherwise, shall not exceed five years. A donor establishing a named endowment with a multi-year pledge may choose to make additional current operating gifts during the pledge period in support of the same purpose as the named endowment (e.g., professorship, scholarship, and the like). These gifts, which provide immediate support during the pledge period, should approximate the income to be generated from the fully funded endowment. Example: A donor establishes a $1 million professorship with a five-year pledge of $200,000 per year. To appoint the professor immediately,
the donor increases the pledge to $1.2 million, whereby annually $200,000 is added to the endowment and $40,000 is immediately available for the professorship.

B. Gift Types

The University may accept the gift types outlined below directly when the same cannot be directed to the Foundation after January 1, 2012:

1) Common Gift Types — Common gift types include cash, publicly traded securities, unrestricted and restricted realized bequests, tangible personal property or gifts in kind retained by the University for its use. Common gift types must be proposed to and accepted by the University’s Controller.

2) Special Gift Types — Special gift types include but are not limited to real estate; partnership interests; stock options; bargain sales; life income arrangements; bequest intentions; retirement plan designations; life insurance policies; charitable lead trusts; retained life estates; charitable funds managed by others; private grants with no or very limited reporting requirements; tangible personal property or gifts in kind that require undue expenditures, require special IRS documentation or involve the University in unexpected responsibilities because of their source, conditions, or purposes; or any other gift situation not clearly governed by this policy. These special gift types must be proposed to and approved by the Vice President for Finance and Administration in consultation with the General Counsel. In addition, the President must approve all gifts of real estate before the proposed gift is advanced to the University Board of Trustees for approval. In certain cases, such as gifts of real estate or tangible personal property, the University will generally look to the donor to bear expenses incurred in receiving or maintaining gifts; these expenses may include, but are not limited to, real estate appraisal fees, inspection fees, environmental audit expenses incurred by the University as part of due diligence, and ongoing maintenance costs incurred for holding the asset prior to sale.

C. Naming Procedures

1) Name Approval — The University recognizes its commitment to the public trust and will only approve naming gifts that are consistent with UVM’s mission and values. In addition, the following factors will be considered: the standing of the donor in the community or profession; the nature and duration of the relationship of the proposed honoree to the University; the honor and distinction the proposed name will bring to the University; and whether any philanthropic commitments connected with the naming can be realized.

2) Name Removal — The University reserves the right to remove any name should the donor not fulfill the associated pledge or if the name comes into disrepute in the University or in the general community. The Vice President for Finance and Administration and the Provost are responsible for making name removal recommendations to the President based on individual gift and naming circumstances. Name Removal proposals related to buildings and academic programs must receive resolution specific approval as outlined in the Board of Trustees Resolution on Delegation and Retention of Board Authority.

2) Name Based on a Pledge — A naming is contingent upon fulfillment of the associated pledge, and the time frame for fulfillment of a pledge, whether by means of installment payments or otherwise, shall not exceed five years. Exceptions to this rule may be recommended by the Vice President for Finance and Administration to the President based on individual gift and naming circumstances. Exceptions related to academic units, buildings and academic programs must receive resolution specific approval as outlined in the Board of Trustees Resolution on Delegation and Retention of Board Authority. A donor establishing a named endowment with a multi-year pledge may choose to make additional current operating gifts during the pledge period in support of the same purpose as
the named endowment (e.g., professorship, scholarship, and the like). These gifts, which provide immediate support during the pledge period, should approximate the income to be generated from the fully funded endowment. Example: A donor establishes a $1 million professorship with a five-year pledge of $200,000 per year. To appoint the professor immediately, the donor increases the pledge to $1.2 million, whereby annually $200,000 is added to the endowment and $40,000 is immediately available for the professorship.

3) Name Removal — The University reserves the right to remove any name should the donor not fulfill the associated pledge or if the name comes into disrepute in the University or in the general community. The Vice President for Finance and Administration and the Provost are responsible for making name removal recommendations to the President based on individual gift and naming circumstances. Name Removal proposals related to academic units, buildings and academic programs must receive resolution specific approval as outlined in the Board of Trustees Resolution on Delegation and Retention of Board Authority.

C-D. Donor Anonymity

The University recognizes a donor's right to privacy as to personal matters. Donors may request anonymity, and the University will honor that to the maximum extent permitted by law (including the State Vermont Public Records Act), as a condition of a gift or potential gift.

D-E. Gift Agreements and Authorized Signers

Gift agreements are used to document the understanding of the donor and University regarding the gifts and pledges therein. Written agreements are required for Named Funds, Named Facilities, Named Academic Units, Special Gift Types, or special designations or restrictions by donors of $10,000 or more.

Common Gift Types under $10,000 to Common Purposes and Funds may be documented by means of pre-printed response cards, solicitation devices, emails, letters, or any other communications to/from the donor are acceptable.

The President and Vice President for Finance and Administration are the authorized signers on behalf of the University for all gift agreements involving Named Deanships, Named Chairs, Named Professorships, Named Buildings, Named Academic Units and gifts of real estate. The Vice President for Finance and Administration is the authorized signer on behalf of the University for gift agreements involving all other naming opportunities and Special Gift Types (signature is not required for current operating Named Funds).
