

Vermont Vegetable and Berry Growers Association Listserv

LIST-SERV *'lis(t),sərv/*. Noun.

An application that distributes messages to subscribers on an electronic mailing list.

The purpose of the listserv is to help growers help one another with practical farming issues:

- to buy and sell items from each another, or to buy in bulk
- to share knowledge about farming practices
- to share experience with products, equipment and supplies/suppliers
- to discuss management issues such as insurance, labor, financing
- to share farm employment opportunities or farm property for sale

Please refrain from sending any:

- political messages
- surveys
- meeting announcements (send to Vern for the VT veg and berry newsletter)
- spam of any kind
- postings for other growers that should join the VVBGA to get on the list!
It's OK to post for a person or business seeking to purchase fresh produce from growers.

Sending non-practical messages will dilute the purpose of the listserv and reduce participation.

Members that do not honor the purpose of the listserv may be removed.

The listserv is only available to [VVBGA members](#) in good standing.

To send a message to everyone on the list, email it to: vtvegandberry@list.uvm.edu

Important:

- include a meaningful topic in the subject line of your email
- reply only to the sender of the message – NOT the list
- when a question of general interest is asked to the list, such as “how do growers dry garlic?” the sender should compile all the answers and send out one message to the list with a descriptive subject matter line, "responses to garlic drying question."

This method limits the total number of emails coming from the listserv, and it allows one to more easily look for information in the listserv archives, which only shows the subject line.

All past messages are archived, by month, at
<http://list.uvm.edu/cgi-bin/wa?A0=vtvegandberry>

You can search the archives by key word(s).

It is possible to set up a listserv 'digest' that will send you only one email maximum per day, showing all the messages posted that day. Go to:

<https://list.uvm.edu/cgi-bin/wa?A0=vtvegandberry>

On the right side of the screen under Options click on 'subscribe or unsubscribe'.

Then, under 'subscription type,' select 'digest, traditional'

Questions? Vern Grubinger, vegetable and berry specialist, University of Vermont Extension
