CLASSISM IN HIGHER EDUCATION

This session is designed to have participants explore issues of social class and classism in higher education. During this session, attendees will define and explain social class and classism. There will be time dedicated to explore where classism might show up on campus and in workplaces. At the end of the session, participants will begin to explore creating a toolkit to allow them to do a classism audit of their communications, policies, and systems.

Wednesday, June 2nd, 2021
10:00 AM – 12:00 PM EDT
Facilitator: Sherwood Smith
Format: Virtual
