### INTRODUCTION TO THE CLERY ACT & STATEMENT OF COMPLIANCE

- Policy Statement & Definitions
- UVM Investigation, Disciplinary, & Appeals Process
- Remedial & Protective Measures (Administrative actions)
- Policy Listing

### OVERVIEW OF UVM POLICE SERVICES

- Department Summary
- Mission, Values, Vision, & Diversity Statement
- Professional Standards

### REPORTING CRIMES & OTHER INCIDENTS

- Reporting Procedures & Protocols at UVM
- Reporting an Emergency Situation
- Reporting a Crime or Incident Anonymously
- Reporting Crime Occurring at Non-Campus Locations
- Reporting Abuse and Neglect of Minors & Vulnerable Adults
- Reporting Incidents of Discrimination & Harassment
- Reporting Incidents of Sexual Harassment and Sexual Misconduct
- Understanding and Reporting Bias Incidents

### OFFENSES OF SEXUAL MISCONDUCT

- Policy Statement & Definitions
- UVM Investigation, Disciplinary, & Appeals Process
- Remedial & Protective Measures (Administrative actions)
- Policy Listing

### DRUG AND ALCOHOL OFFENSES

- Policy Statements & Drug Free Campus Designation
- Drug and Alcohol Abuse Education Programming
- Policy Listing
- Health Risks, Treatment, & Support Services

### WEAPONS OFFENSES

- Policy Statement & Police Notification

### MISSING STUDENTS

- Policy Statement & Police Notification
- Confidential Missing Student Contact
- Designation of Missing Student Contact

### CAMPUS SECURITY AUTHORITIES AND RESPONSIBLE EMPLOYEES (“UVM REPORTERS”)

- Overview & Statement of Compliance
- Identification of UVM Reporters
- Exemptions from UVM Reporter Status
- Campus Victim’s Advocate
- Reporting Protocol for UVM Reporters

### UNIVERSITY CODE OF CONDUCT & DISCIPLINARY PROCESS

- Policy Statement & Introduction
- Code of Student Conduct
- Larner College of Medicine Fitness Committee
- Other College and Department Student Handbooks
- Student Athlete Handbook and Code of Conduct
- Employee Code of Conduct

### INSTITUTIONAL EMERGENCY RESPONSE

- Policy Statement & Introduction
- Emergency Management and Readiness
- CatAlert System, Warnings, & Notifications
- CatAlert Registration
- Emergency Policies Listing

### COMMUNITY AND SUPPORT RESOURCES
INTRODUCTION TO THE CLERY ACT & STATEMENT OF COMPLIANCE

In 1990, Congress passed “The Crime Awareness and Campus Security Act,” requiring colleges and universities to collect and publish crime statistics and other public safety information. The Act was passed in response to the rape and murder of Jeanne Clery, a Lehigh University freshman, in her residence hall in 1986. Jeanne’s murder was one of 38 violent crimes recorded at Lehigh in three years, but at the time there were no federal laws requiring colleges to report or disclose crimes on campus to students, employees, potential students or their parents. Her family was unaware of crimes that had occurred at Lehigh.

In 1991, the Act was renamed in honor of Ms. Clery: “The Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act,” or, in short form, the “Clery Act.” The Clery Act was meant to ensure public disclosure of crimes on college campuses, to help students and employees protect themselves from campus crime, and to assist prospective students and employees with considering public safety when choosing a college or university. Over the years, the Clery Act has been amended, most recently by the Violence Against Women Reauthorization Act of 2013, which expanded reporting and prevention requirements for certain sex crimes.

To promote safety and security at the University of Vermont, and in compliance with the Clery Act, UVM has adopted a Campus Safety and Security: Clery Act Policy, which is available at [http://www.uvm.edu/policies/riskmgm/clery.pdf](http://www.uvm.edu/policies/riskmgm/clery.pdf). In pertinent part, as detailed in the Policy, the University annually:

1. **Compiles and submits crime statistics to the United States Department of Education.** Each year, the University submits crime statistics for Clery Act crimes by type, location and year to the U.S. Department of Education.
2. **Maintains a daily crime log** of alleged criminal incidents that is open to public inspection. (see page 47).
3. **Issues campus alerts.** The University of Vermont issues a timely warning to the University community when there is information that a Clery crime has occurred that represents a serious or continuing threat to campus safety. (see page 38).
4. **Issues emergency notifications.** The University issues an emergency notification upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. The University tests the emergency notification procedure bi-annually. (see page 38).
5. **Publishes and maintains an Annual Security Report** containing safety and security related policy statements and statistics of Clery Act crimes occurring on University property, adjacent property, and non-University property owned or controlled by the University. To prepare the Annual Security Report, the University collects, classifies, and counts crime reports and crime statistics. The Annual Security Report is distributed annually to all students and employees of the University, and is available to prospective employees through Human Resource Services and to prospective students through the Office of Admissions. A hard copy of the Annual Security Report may be obtained through University Police Services at (802) 656-2027.
6. **Maintains and enforces a missing student policy and notification procedure.** (see page 30).
7. **Compiles and submits fire statistics by type and location to the United States Department of Education.** Each year the University submits fire statistics by location and year to the U.S. Department of Education. The University maintains a daily fire log that is open to public inspection and generates an Annual Fire Report containing fire safety policy statements and statistics ([http://www.uvm.edu/police/reports/clery/fire-safety-report.pdf](http://www.uvm.edu/police/reports/clery/fire-safety-report.pdf)).
**OVERVIEW OF UVM POLICE SERVICES**

**DEPARTMENT SUMMARY**

The Department of Police Services provides comprehensive law enforcement and security services to all components of the University of Vermont and State Agricultural College. The Department has 38 authorized positions including 23 State certified Sworn Police Officers, 4 non-commissioned Service Officers, 6 dispatchers, and 3 administrative support personnel. Police Officers must successfully complete the basic training program for full-time police professionals as prescribed by the Vermont Criminal Justice Training Council. On-duty 24 hours/day, 7 days/week, Police Services performs public safety, law enforcement and service functions. UVM Police Services is a CALEA accredited law enforcement agency (Commission on Accreditation for Law Enforcement Agencies).

UVM Police Officers have full statewide law enforcement authority as enacted by the General Assembly of the State of Vermont in Title 16 VSA § 2283, with primary patrol jurisdiction over all property and landholdings of the University located in Burlington, Vermont. This area is commonly referred to as the University’s core or main campus, and also corresponds to the University’s “Campus Property” as defined by the Clery Act. In addition, UVM Police Services regularly assists area law enforcement agencies upon request at locations not considered Campus Property. Towards that end, Police Services has excellent working relationships with other area law enforcement agencies, to include a county MOU phased response plan with every Chittenden County police agency; including, but not limited to, the City of Burlington Police Department; City of South Burlington Police Department; City of Winooski Police Department; Chittenden County Sheriff’s Department; Vermont State Police; the local field office of the Federal Bureau of Investigation (FBI); and various other state and federal law enforcement agencies. Additionally, UVM Police Services has task force agreements with the U.S. Marshall’s Service, the Chittenden Unit for Special Investigations (CUSI), and intermittent assignment to the Drug Enforcement Administration (DEA). UVM Police Service’s working relationships provide for task force participation, joint noise initiatives, and regular interactions with both shift agency assists and human resource capacity, as requested. These relationships are maintained through periodic communication among agency administrators and mutual aid standard response protocols, in addition to frequent contact between front-line officers and investigators cooperating on specific cases. These strong working relationships are evidenced by the hundreds of Police Agency assists every year.

As a participant in the State of Vermont’s telecommunications and information systems, UVM Police Services has sophisticated communications and computer systems to provide for instant communication with the National Crime Information Center (NCIC), as well as local and state agencies in times of emergency. In fact, Police Services operates the only non-state run E-911 Call Center in accordance with VT E-911 Board policies.

Essential to the goal of maintaining a safe campus is providing courteous and efficient service to the entire UVM community. If you have questions regarding Police Services, or comments or suggestions about their services, please contact UVM Police at (802) 656-3473. You may wish to also visit the department’s website at http://www.uvm.edu/police. The site includes detailed information about the department, services offered, and open data releases about roadside traffic stops made by UVM Police officers.

**MISSION, VALUES, VISION, & DIVERSITY STATEMENT**

The members of UVM Police Services are proud to serve our diverse community through the use of partnerships, law enforcement, and public education to enhance safety. We will demonstrate our commitment to this mission by modeling the values of Respect, Integrity, Service, and Pride in all our professional interactions. Our vision is one in which we will be leaders in the community and the profession in integrated, contemporary, and innovative policing strategies to mitigate crime and increase public safety.

The UVM Department of Police Services recognizes that diversity exists as a driving force in our interactions with people and institutions in the University community. We recognize as well that our authority, and ultimately our institutional existence, is predicated upon the people in our community. In order to provide the highest quality of police service, we must
be committed to the recognition and reflection of that diversity, and incorporate its realities into our strategic planning and our day to day operations. Moreover, Police Services is committed to the belief that there is an intrinsic worth in all people, an irreducible quality whose protection and benefit is the basis for police service. We believe that the recognition of diversity is no less than the recognition of this worth. A commitment to honor the rights and provide for the needs of all people equally is our expression of this recognition.

**Professional Standards**

Police Services’ relationship with our community ensures that we provide excellent service. This relationship is vital to achieving our overall mission of safety, security, and education. All members of the University community can expect to be treated in a courteous and professional manner. Police Services does not tolerate an employee who acts unprofessionally or rudely, or who does not provide an appropriate level of service.

We also wish to recognize instances where our staff have been especially helpful or have exceeded your expectations in the service they provided. To this end, the quality of our service is dependent in part on feedback from our community. We have an extensive professional standards policy in place to respond to citizen praise, complaints, and concerns. The Department has various ways in which we are able to recognize outstanding performance by our employees.

Please help us improve our Department by bringing both your complaints and compliments to the attention of any of the following individuals in a timely manner:

1. Request the on-duty supervisor by calling (802) 656-3473
2. During business hours, contact the Chief at (802) 656-2027
3. Address written correspondence to:
   
   Chief of Police  
   UVM Police Services  
   284 East Ave  
   Burlington, VT 05405

4. Submitting an online Citizen’s Complaint Form at: [https://www.uvm.edu/police/forms/citizens-complaint](https://www.uvm.edu/police/forms/citizens-complaint)
REPORTING CRIMES & OTHER INCIDENTS
*In the event of an emergency, always call 911*

REPORTING PROCEDURES & PROTOCOLS AT UVM
It is an essential goal of the University of Vermont to promote and seek to provide a safe learning, living, working, and campus environment for its community members and visitors. Threats or acts of violence involving persons or property are therefore prohibited and constitute cause for removal from campus, discipline through appropriate channels, and/or civil or criminal prosecution. The University’s full policy on Personal Safety and Security can be found at http://www.uvm.edu/policies/general_html/personalsafety.pdf.

The official channel for reporting criminal offenses and public safety related incidents that occur at UVM is the Department of Police Services (802-656-3473). Reporting incidents to UVM Police Services will aid in providing timely warning and emergency notices, as applicable, to the community, aid in any investigation of criminal conduct, and will ensure that required incidents are included in the University’s annual disclosure of crime statistics (see page 63). The University of Vermont strongly promotes promptly reporting all incidents to include criminal activity, missing persons, and other safety concerns to the appropriate police agency.

There are a number of ways to file a report with UVM Police Services. Ways to report, including instructions for reporting an incident anonymously, are outlined in this section.

REPORTING AN EMERGENCY SITUATION
IN A POSSIBLE OR ACTUAL EMERGENCY SITUATION, all University employees, including administrators, faculty, and staff, must immediately report threats or acts of violence to UVM Police Services. Students are also strongly encouraged to make such reports. This can be done in several ways:

**Call 911 from a personal or cellular phone.** Calls placed from a cellular phone are answered by a Vermont 911 Call Center and forwarded to Police Services. Police Services protocols require an immediate response to emergency calls. UVM Police works closely with the full range of City and County emergency resources to assure a complete and timely response to all emergency calls.

**Call 911 from a campus phone or blue-light call box.** Calling 911 from a campus phone or blue-light call box will connect you directly with the UVM Police Services emergency switchboard, 24 hours a day, 7 days/week. Priority response is given to crimes against persons and personal injuries.

**Call UVM Police Services’ Dispatch directly at 802-656-3473.** UVM Police Services will respond as quickly and safely as possible to any request for assistance, whether it is an emergency or not. Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries, and medical assists have a higher priority than other types of calls. University Police and Security officers in vehicles or on foot are eager to be of assistance and may be contacted directly.

REPORTING A CRIME OR INCIDENT ANONYMOUSLY
IN A NON-EMERGENCY (NOT IN PROGRESS) SITUATION ONLY, members of the campus community may choose to report crimes, suspicious activity/persons, and criminal activity to Police Services anonymously through one of the following forums:
• Anonymous Police Services’ Tip Line via Telephone: 802-656-TIPS / 802-656-8477.
• Anonymous Police Services’ TEXT Tip Line; Include keyword “UVM” in your text message to: 847411. UVM Police Services’ Dispatchers can interact with the individual submitting a tip through this forum, but will not know the phone number or any other identifying information about the individual submitting a tip unless that individual provides it.
• Anonymous Tips Via Online Form available on the Police Services website via Tip 411 at: https://www.citizenobserver.com/cov6/app/webTipForm.html?id=5676
• The Silent Witness program is a tool on the Police Services Website which allows for the transmission of information anonymously, as it removes the sender’s identifying information before it transmits the tip via email. If the reporting party is willing to be contacted by an officer they have the opportunity to provide the necessary contact information before submitting - it is the individual’s choice. Simply select the option to submit the report anonymously before clicking “Submit.” Access the web form directly at https://www.uvm.edu/policing/forms/report-crime.
• Police Services also works with Champlain Valley Crimestoppers (802-864-6666 or toll-free at 800-472-8477). Crimestoppers is a donation-sponsored partnership between the local community, the media, and law enforcement. Its mission is to get the public involved to prevent and solve crimes. Rewards are paid for tips that lead to the arrest and indictment of people charged with crimes.
• In appropriate situations, you may also choose to make a disclosure to a Campus Security Authority or Responsible Employee as defined by federal law and University policy (collectively called “UVM Reporters”), who can assist you in filing an anonymous crime report for statistical inclusion in this report, as well as direct you to available campus and community resources. Some examples of UVM Reporters are the Dean of Students (802-656-3380) and the Director of Affirmative Action and Equal Opportunity (AAEO), who also serves as the University’s Title IX Coordinator (802-656-3368). More information about Campus Security Authorities and Responsible Employees, including their full reporting obligations and procedures, are described in the section headed “CAMPUS SECURITY AUTHORITIES AND RESPONSIBLE EMPLOYEES (UVM REPORTERS)” (see page 31).

If you are the victim of a crime and do not want to pursue action within the Criminal Justice System or the University's campus discipline process, you may still consider making an anonymous report to UVM Police Services as outlined above. This type of report enables you to keep the matter confidential while taking steps to ensure the future safety of yourself and others. With information from anonymous reports, the University can more accurately track the number of criminal incidents occurring on or near campus, identify patterns of crime with regard to particular locations, methods, or assailants, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution (see page 58). Beyond the anonymous reporting options described above, UVM Police Services is not a confidential resource. Individuals who wish to make a confidential report are encouraged to use the above anonymous options, and/or to seek assistance from a confidential resource (see page 43), who can assist in filing an anonymous report with UVM Police Services while keeping your identity confidential.

Please understand that an anonymous report of a crime makes it very difficult to provide you or others similarly affected with many forms of recourse. Providing as much information as possible upon initial report will enable you to change your mind should you decide in the future to seek University and/or Criminal Justice System involvement.

**REPORTING CRIME OCCURRING AT NON-CAMPUS LOCATIONS**

UVM Police Services is responsible for investigating all criminal matters at University-owned facilities located within a reasonable distance from the main campus. Matters occurring at properties more distant from the main campus are handled either entirely by the local police agency with jurisdiction (i.e., city police, state police, etc.) or jointly handled by said agencies in conjunction with UVM Police Services. Non-campus property owned or controlled by University recognized student organizations, such as Greek organizations, is private property and is policed by the municipality in which the property resides. UVM Police Services may assist those agencies as requested, and monitors this non-campus activity through shared police databases.

Although UVM Police Services does not have primary jurisdiction for crimes that occur off University property, it can and does
request and record this data from appropriate authorities as required by the Clery Act, including crimes that occur on non-campus property owned or controlled by recognized student organizations. Specifically, UVM Police Services requests crime statistics on an annual basis from the appropriate police agencies for any non-campus locations owned or controlled for educational purposes by the University or recognized student organizations; for calendar year 2018, many, but not all, agencies responded to this request.

In general, prospective students, employees, and visitors to UVM should know that, as with any campus, there is crime both on and off-campus and that it is important to take reasonable precautions at all times. To report potential criminal activity or request police assistance on or around UVM campus or other University property, contact UVM Police Services at 802-656-3473. Police Services can also assist any member of the community in determining an appropriate point of contact for police matters outside of UVM Police Services’ jurisdiction; contact Police Services at (802) 656-3473 for assistance.

**REPORTING ABUSE AND NEGLECT OF MINORS & VULNERABLE ADULTS**

Vermont law requires that certain professionals listed in 33 V.S.A. § 4913 report any incident in which there is reasonable cause to believe a minor has been abused or neglected to the Vermont Department for Children and Families (DCF) within 24 hours by calling the DCF Child Abuse Hotline at 1-800-649-5285. Vermont law further requires that certain professionals listed in 33 V.S.A. § 6903 report any incident in which there is reasonable cause to believe a vulnerable adult has been abused, neglected, or exploited to the Vermont Department of Disability, Aging, and Independent Living within 48 hours by calling the Abuse Reporting Hotline at 1-800-564-1612.

In addition, to optimally protect the safety of minors and vulnerable adults who are participating in UVM Programs and Activities, the University requires any employee who has reasonable cause to believe that a minor or vulnerable adult participating in a UVM Program or Activity is currently being abused or neglected, or has otherwise been abused or neglected while participating in a UVM Program or Activity, to promptly report the misconduct. To file such a report, an employee must promptly advise their supervisor of the possible abuse or neglect (assuming that there is no reason to believe that the supervisor is involved in the possible abuse or neglect, in which case the employee makes the report to the supervisor’s supervisor), and notify DCF (Child Abuse Hotline: 1-800-649-5285) or the Department of Disability, Aging, and Independent Living (Abuse Reporting Hotline: 1-800-564-1612), as applicable. If a supervisor is so notified, the supervisor must promptly make a report to Police Services (Emergency: 911; Non-emergency: 802-656-3473). Police Services can also assist employees in making appropriate notifications to Vermont DCF and/or the Department of Disability, Aging, and Independent Living.

If you know or suspect that a minor or vulnerable adult is a victim of abuse or neglect, you must act. In deciding whether or not to report an incident or situation of suspected abuse or neglect, you need not have proof that abuse or neglect has occurred. Any uncertainty in deciding whether to report suspected abuse or neglect should be resolved in favor of making a good faith report.

UVM’s Abuse and Neglect of Minors Operating Procedure can be found, in full, at:
http://www.uvm.edu/policies/general_html/abuse_minors.pdf

UVM’s Abuse and Neglect of Vulnerable Adults Operating Procedure can be found, in full, at:
http://www.uvm.edu/policies/general_html/vulnerableadults.pdf

**REPORTING INCIDENTS OF DISCRIMINATION & HARASSMENT**

The University of Vermont promotes the prompt reporting of all criminal incidents, including hate crimes, using the reporting mechanisms outlined above.
Reports of discrimination and harassment, including hate crimes, must be reported to the Office of Affirmative Action and Equal Opportunity (AAEO) by UVM Reporters for administrative review and response in accordance with University policies and procedures using the online Bias, Discrimination, and Harassment Incident Report Form: https://publicdocs.maxient.com/reportingform.php?UnivofVermontAAEO&layout_id=5.

Individuals who have experienced incidents of discrimination and harassment are encouraged to make a report to The Office of Affirmative Action and Equal Opportunity, and, in criminal cases, to UVM Police Services.

Definitions of Discrimination and Harassment

**Discrimination:** Adverse treatment based on an individual’s membership in a legally protected category that is sufficiently serious to unreasonably interfere with or limit an individual’s opportunity to participate in or benefit from a University program or activity, or that otherwise adversely affects a term or condition of the individual’s employment or education. There are two types of discrimination:

1. **Disparate treatment** refers to intentional differential treatment of an individual or group protected by federal and/or state law.
2. **Disparate impact** refers to policies, practices, rules, or other systems that appear to be neutral, but result in a disproportionate negative impact on protected groups, if the policies or practices at issue are not related to bona fide qualifications to a position of employment or to participation in an academic program.

**Harassment:** A form of discrimination (defined above) that encompasses an incident or incidents of verbal, written, visual, or physical communications and/or conduct based on or motivated by an individual’s membership in a legally protected category that is sufficiently severe, pervasive, persistent or patently offensive that it has the effect of unreasonably interfering with that individual’s work or academic performance, or that creates a hostile working, educational or living environment. Harassment may include the use of epithets, stereotypes, slurs, comments, insults, derogatory remarks, gestures, threats, graffiti, display or circulation of written or visual material, taunts, and negative references related to any of these protected categories. There are two types of Harassment:

1. **Hostile Environment:** A hostile environment exists when the conduct is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the University’s educational or employment programs and/or activities. Conduct must be deemed severe, persistent, or pervasive from both a subjective and objective perspective. In evaluating whether a hostile environment exists, the University will consider the totality of known circumstances, including, but not limited to:
   - The frequency, nature, and severity of the conduct;
   - Whether the conduct was physically threatening;
   - The effect of the conduct on the Complainant’s mental or emotional state;
   - Whether the conduct was directed at more than one person;
   - Whether the conduct arose in the context of other discriminatory conduct;
   - Whether the conduct unreasonably interfered with the Complainant’s educational or work performance and/or University programs or activities; and
   - Whether the conduct implicates concerns related to academic freedom or protected speech.
   A hostile environment can be created by persistent or pervasive conduct or by a single or isolated incident, if sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment.

2. **Quid Pro Quo:** a Latin phrase meaning “This for That”, where an employee or student's submission to or rejection of unwelcome treatment based on a protected category is made, either explicitly or implicitly, a term or condition of their employment, academic standing, or participation in any University programs or activities, or is used as the basis for University decisions affecting the individual.

**Hate Crime:** A Hate Crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim due to the victim’s membership or perceived membership in a legally protected category. In order for an incident to be classified as a Hate Crime, sufficient objective facts must be present to lead a reasonable and prudent person to conclude that the offender’s actions were motivated, in whole or in part, by bias.

Although there are many possible categories of bias, under the Clery Act only Hate Crimes motivated by bias based on race, religion, sexual orientation, gender, gender identity, ethnicity, national origin, and disability are reported (definitions of
these categories are available on page 61). **Legally protected categories** in the state of Vermont include race, color, religion, national origin, sex, ancestry, age, service in the U.S. Armed Forces, disability as defined by 21 V.S.A. § 495d(5), sexual orientation, and gender identity (13 V.S.A. § 1455).

**Legally Protected Category:** Identities or characteristics on the basis of which discrimination and harassment are prohibited by state and/or federal law, as defined in the University's Equal Opportunity in Educational Programs and Activities and Equal Employment Opportunity/Affirmative Action Policies.

More information about incidents of discrimination and harassment, and the University’s process for investigation and adjudication of these incidents is available from:
- UVM’s Discrimination and Harassment Policy: [https://www.uvm.edu/policies/student/studentharas.pdf](https://www.uvm.edu/policies/student/studentharas.pdf)
- UVM’s Sexual Harassment and Misconduct Policy: [https://www.uvm.edu/policies/general_html/sexharass.pdf](https://www.uvm.edu/policies/general_html/sexharass.pdf)

**REPORTING INCIDENTS OF SEXUAL HARASSMENT AND SEXUAL MISCONDUCT**

Sexual misconduct includes, but is not limited to, attempted and completed acts of sexual assault, relationship violence, gender-based stalking, sexual exploitation, or facilitation thereof, and other sex crimes. For more information about what constitutes sexual harassment and misconduct and the University’s response to such conduct, please refer to the OFFENSES OF SEXUAL MISCONDUCT section of this report (see page 14).

Any individual who has experienced acts of sexual harassment or misconduct may request a criminal investigation, an internal University investigation, both, or neither, and has the right to participate in any such investigation and in any resulting disciplinary process.

**Reporting to Police to Initiate a Criminal Investigation**

To report an act of sexual harassment or misconduct and initiate a criminal investigation, individuals should contact UVM Police Services by calling 802-656-3473 (or 9-1-1 in an emergency) or visiting UVM Police at 284 East Avenue in Burlington, Vermont. All UVM Police Officers are specially trained in best practices for first responders to sexual misconduct.

The Title IX Coordinator, Title IX Deputy Coordinators, and Dean of Students are available and trained to assist individuals with contacting law enforcement; these individuals can also help individuals connect to support resources, set up remedial and protective measures through AAEO, or initiate an internal (non-criminal) University investigation in the aftermath of an incident of sexual harassment or misconduct.

Note that except in cases of emergency or an imminent or continuing threat of harm, the University must respect the decision of an individual not to report an incident to law enforcement, unless otherwise required by law.

**Reporting to UVM for Non-Criminal Investigation of Sexual Harassment or Misconduct**

Any affiliate or non-affiliate may file a complaint with the Office of Affirmative Action and Equal Opportunity (AAEO) and request an internal (non-criminal) investigation against a student, staff member, faculty member, affiliate, or other participant in programs and activities sponsored by the University or occurring on University premises who is believed to have violated the University’s Sexual Harassment and Misconduct Policy:

- **In Person:** 428 Waterman Building
- **By Phone:** (802) 656-3368
- **By Email:** Title9@uvm.edu or TitleIX@uvm.edu

Individuals may also disclose information that an incident of sexual harassment or misconduct occurred to a UVM Reporter who has legally required reporting obligations under Title IX, the Clery Act, related state and federal laws, and University Policy, as outlined above (see page 6). More information about UVM Reporters can be found in the section of this report titled **CAMPUS SECURITY AUTHORITIES AND RESPONSIBLE EMPLOYEES (“UVM REPORTERS”)** (see page 31).
An individual who reports that they have experienced an incident or incidents of sexual harassment or sexual misconduct, as outlined in this section, shall be provided with a written explanation of their rights and options for both University and criminal action, as well as applicable support resources available on campus and in the greater Burlington community, including but not limited to counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and student financial aid resources. Generally, the Title IX Intake and Outreach Coordinator provides this information in an email sent to the individual’s official UVM email account.

The University strongly encourages the reporting of sexual harassment and misconduct and seeks to remove any barriers to an individual or group making a report. The University recognizes that individuals who experience incidents of sexual harassment or misconduct may be reluctant to report such conduct to the University because they fear that they themselves may be accused of policy violations, such as underage drinking or drug use at the time of the incident. Accordingly, if the University learns of a complainant’s or witness’ own personal consumption of alcohol or drugs via a complaint, or investigation of a complaint, the University will not use this information in a disciplinary process against the complainant or witness unless the conduct placed the health or safety of any other person at risk. For example, this provision will not protect from disciplinary action an individual who knowingly serves alcohol to minors or administers drugs to another person facilitating conduct prohibited by the University’s Sexual Harassment and Misconduct Policy.

A full copy of the University's Sexual Harassment and Misconduct Policy can be found at http://www.uvm.edu/policies/general_html/sexharass.pdf.

Inquiries and Confidential Disclosure Options
The Title IX Coordinator, Deputy Title IX Coordinators, and Investigator(s) in the Office of Affirmative Action and Equal Opportunity (AAEO) are available to provide general information about the University’s sexual harassment and misconduct complaint and investigation procedures upon request. However, if an individual wishes to discuss a specific incident confidentially without filing a complaint, he or she should directly contact:

- Campus Victim’s Advocate (confidential) …………………………… (802) 656-7892
- UVM Counseling & Psychiatry Services (confidential) ..........(802) 656-3340
- Student Health Services (confidential) …..................................................(802) 656-3350
- Invest Employee Assistance Program (confidential) ………….. 1-866-660-9533

The University also has excellent working relationships with several community agencies, as detailed in the Community Resources section of this Report (see page 45), that are available to provide confidential counseling and support free of charge.

Retaining Evidence of Sexual Misconduct & Gender Based Crimes
It is critical that you seek medical attention as soon as possible following an incident of physical assault, including incidents of domestic violence, dating violence, and/or sexual assault – do not bathe or change clothes if you have experienced a physical assault of any kind, or you may inadvertently eliminate criminal evidence. Additionally, do not delete or dispose of any communications or interactions with any involved parties, including on social media, text, voice, or email messages, or other types of communication, as they may contain important evidence. This evidence may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.

All UVM Police are specially trained in best practices for first responders to sexual misconduct. These officers’ primary role is to assure your safety and wellbeing, as well as provide immediate support. Additionally, the University’s Campus Victim’s Advocate is available for support throughout the investigatory process, University conduct process and/or criminal process. UVM Police Services is also aware of community resources, including advocates who are available 24/7 that will accompany you to the hospital if you wish, and can put you in contact with those resources upon request.
The UVM Medical Center has specially trained Sexual Assault Nurse Examiners (S.A.N.E. nurses) who can provide confidential medical examinations at no-cost to individuals who have been sexually assaulted. More information about S.A.N.E. nurses and the S.A.N.E. program at UVM Medical Center is available at: https://www.uvmhealth.org/medcenter/Pages/Departments-and-Programs/Sexual-Assault-Nurse-Examiners-SANE-Program.aspx.

Please remember, as someone who has experienced a physical assault, act of sexual misconduct, or other criminal behavior, just because you file a report and it is investigated does not mean that you will have to testify in a criminal proceeding or participate in a University disciplinary process. Those decisions are yours to make. The length of time between an incident and making a report will not affect the willingness of the University to investigate the allegations or to provide support and other services to you. However, a prompt report will significantly impact the ability of University officials to conduct a full investigation, and the effectiveness of any criminal and/or University process that may result. Individuals are therefore strongly encouraged to report to University Police Services incidents of both physical and electronic gender-based crimes immediately following the occurrence.

**UNDERSTANDING AND REPORTING BIAS INCIDENTS**

As a University, we know that in order to excel in our educational and work environment, every member of our community must flourish. We aspire for all members of the University community (students, staff, and faculty) to feel safe, respected, and valued. While we aspire to the values of inclusion, we recognize that there may be times when community members do not feel that way based on their experiences surrounding their identities. For these reasons, the University of Vermont has developed a collaborative approach to addressing the impact bias incidents that do not rise to the level of University policy violations or criminal conduct can have on the well-being and success of students, staff, and faculty – The Bias Response Program.

**Purpose of the Bias Response Program**

The Bias Response Program is a centralized system for reporting bias at the University of Vermont. This program does not replace or alter existing protocols and processes to resolve alleged violations of UVM policies regarding harassment, sexual misconduct, and discrimination, or violations of criminal law through UVM Police Services (described elsewhere in this report). Rather, the purpose of the Program is explicitly educational – to raise awareness and deepen conversations about complex, and often deeply sensitive issues. To this end, the Program serves as a mechanism to address incidents of bias impacting UVM community members by providing immediate, meaningful, and effective support to all parties that have been directly or indirectly impacted.

It cannot be over-emphasized that the University vigorously supports freedom of inquiry and expression within the academic community as protected by the First Amendment. However, while these freedoms protect controversial ideas, differing views, and sometimes offensive and hurtful words, one of the Bias Response Program’s goals is to address emerging campus climate issues that are antithetical to our University’s commitment to diversity and the shared-values outlined in Our Common Ground. The development of this Program speaks to the University’s understanding that it is important to recognize and address the impact caused by bias incidents through incident-specific educational efforts, regardless of whether the acts of bias are policy violations or violations of law.

More information about the Bias Response Program is available online at: https://www.uvm.edu/deanofstudents/bias_response_program

**Definitions and Response Classifications**

**Bias Incident:** Speech or expressive conduct directed toward an individual or group that is based on or motivated by the individual or group’s real or perceived membership in a protected category. Bias incidents may include hate crimes, discrimination, or harassment, as defined above, but may also include actions that are motivated by bias but that are protected by the First Amendment and do not meet the necessary elements required to prove a crime or a violation of University policy.

**Microaggressions:** Bias Incidents which do not rise to the level of a University policy violation (e.g. Discrimination, Harassment, etc.) or Hate Crime, in which everyday verbal, nonverbal, and environmental slights, snubs, or insults, communicate hostile, derogatory, or negative messages to target persons based solely upon their group membership. Microaggressions may be intentional or unintentional, and are generally protected by the First Amendment.

**Response Classifications:** The following table illustrates the types of bias related incidents and violations, and the University’s
response for each.

<table>
<thead>
<tr>
<th>Primary Classification</th>
<th>Hate Crime</th>
<th>Discrimination &amp; Harassment</th>
<th>Code of Student Conduct</th>
<th>Microaggression</th>

<th>Bias Response Team</th>
</tr>
</thead>
</table>

| Primary Type of Response* | Criminal Process (campus discipline may also result) | Disciplinary | Disciplinary | Educational, e.g. Restorative Practices, Community Dialogue |

*All Bias Incident types will be responded to educationally.

**Reporting Microaggressions and Other Bias Incidents**

Microaggressions and other bias incidents may be reported to the Bias Response Team through the Office of Affirmative Action and Equal Opportunity’s online Bias, Discrimination, & Harassment Reporting Form available at https://cm.maxient.com/reportingform.php?UnivofVermontAAEO&layout_id=5.

Depending on the nature and severity of the behavior, the associated bias, and impact, Bias Incidents will be addressed through interventions as appropriate, such as: education, restorative practices, community dialogue, formal processes through institutional offices (e.g., review, investigation, resolution), and/or referral to local law enforcement. Although not every incident will be a violation of university policy or law, all reported incidents will be reviewed for an appropriate response.
OFFENSES OF SEXUAL MISCONDUCT

POLICY STATEMENT & DEFINITIONS

Sexual misconduct is defined by the University to include, but is not limited to, attempted and completed acts of sexual assault, relationship violence, gender-based stalking, and sexual exploitation, or facilitation of any of those acts, as defined below. Sexual misconduct and sexual harassment (as defined below) are strictly prohibited by Vermont law and/or University policy and will not be tolerated at UVM. Retaliation against an individual for making a good faith report of sexual harassment or misconduct is strictly prohibited UVM policy, as is retaliation against any individual providing information, participating in the investigation of any such report, or otherwise being involved in the process of responding to, investigating, or addressing allegations of sexual harassment and/or misconduct.

Any member of the University community or non-affiliate who has experienced an incident of sexual misconduct by a University community member may request: a criminal investigation (by filing a report with UVM Police Services or local police agency), an internal University investigation (by filing a report with the Title IX Coordinator in UVM’s AAEO Office), both, or neither, and has the right to participate in any such investigation. University personnel including the Deputy Title IX Coordinator for Intake and Outreach (802-656-3368), Dean of Students (802-656-3380), Campus Victim’s Advocate (802-656-2604), or Title IX Coordinator (802-656-3368) can also assist you in filing a report with the police agency of your choice.

For more about reporting incidents of sexual misconduct, see the Reporting Incidents of Sexual Harassment and Sexual Misconduct heading of this report (see page 10).

If an individual who has experienced conduct prohibited by UVM’s Sexual Harassment & Misconduct Policy does not want an investigation, or expresses a desire to the Title IX Coordinator for their identity to be kept confidential, the University will seek to honor the request of the reporting individual but reserves the right to investigate and/or take other appropriate action as may be necessary to protect the safety of both the individual and the campus community. The decision as to whether the University will proceed with an investigation or pursue other appropriate action under these circumstances ultimately rests with the University’s Title IX Coordinator, in consultation with the University’s Institutional Interest Committee (IIC).

Definitions

Advisor:
An individual selected by either party to provide personal support throughout the reporting, investigation, and any resulting disciplinary process under the Sexual Harassment and Misconduct Policy. Advisors may have no other role, such as witness, in the University process, and may not speak on behalf of or otherwise represent their advisees during investigatory or sanctioning meetings. While advisors are not limited to members of the campus community, the University has identified several faculty and staff members to serve as AAEO Process Advisors (https://www.uvm.edu/aaeo/aaeo-process-advisors), all of whom have received dedicated training on University policies and procedures, and can assist with identifying additional appropriate resources. Additionally, in many cases, the Campus Victim’s Advocate (https://www.uvm.edu/womenscenter/campus-advocacy) is selected by Complainants to serve as an Advisor.

Coercion:
To compel or force one to act based on pressure, harassment, threats, or intimidation.

Complainant: The individual who experienced behaviors or conduct alleged to be in violation of the Sexual Harassment and Misconduct Policy, irrespective of whether that individual initiated any formal University process, or has otherwise chosen to participate in such a process. The determination as to whether to proceed with an investigation is made by the University’s Title IX Coordinator.

1 Non-gender based stalking is reviewed under the terms of the University’s Code of Student Conduct dealing with ‘Offenses Against Persons’ for student respondents, and applicable University practices, policies, and collective bargaining agreements for employee respondents. Both gender based and non-gender based stalking are illegal in the state of Vermont.
IX Coordinator, as detailed in this the University’s Sexual Harassment and Misconduct Policy and accompanying procedures.

Consent (UVM Policy Definition):
A person’s willingness to engage in a specific sexual act or form of sexual contact.

- Consent is an understandable exchange of affirmative words or actions, which indicate a willingness to participate in mutually agreed upon sexual activity, in the context of all the circumstances. Consent may be revoked or withdrawn any time.
- Consent is specific to particular sexual activity, and is absent when the activity in question exceeds the scope of consent given. It is the responsibility of the person who wants to engage in the sexual activity to ensure that they have consent from any other person engaging in sexual activity or contact. The existence of a dating relationship or a past sexual relationship between the persons engaging in sexual activity or contact is not a sufficient basis to assume consent.
- Consent cannot be gained by threat, force, coercion, or intimidation, or by ignoring words or actions that indicate a lack of consent or objection to the activity. Consent cannot be gained by taking advantage of the incapacitation of another where the Respondent knows or reasonably should have known of such incapacitation.
- An essential element of consent is that it be freely given. Freely given consent may not be present or possible in relationships of a sexual or intimate nature between individuals where one individual has power, supervision, or authority over another.
- Individuals under the age of 16 are incapable of providing consent to sexual activity under UVM’s Sexual Harassment and Misconduct Policy.

Consent (State of Vermont Definition):
For purposes of the Vermont criminal statutes, consent is defined as “words or actions by a person indicating a voluntary agreement to engage in a sexual act”. 13 V.S.A. § 3251 (3).

Facilitation:
An act taken with the purpose of aiding, promoting, or encouraging the commission of an act prohibited by the Sexual Harassment and Misconduct Policy by another person.

Gender-Based Stalking:
Engaging in a course of conduct directed at a specific person based on their gender, sexual orientation, gender identity, and/or gender expression that would cause a reasonable person to (1) fear for their safety or the safety of others; or (2) suffer substantial emotional distress. A course of conduct means two or more acts, including but not limited to acts in which a person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about another person, or interferes with another person’s property. Substantial emotional distress means significant mental suffering or anguish.

Note: Stalking is a crime in the State of Vermont. To read Vermont’s definition of Stalking, please refer to APPENDIX B: Vermont Criminal Statute Definitions (see page 67).

Incapacitation:
A mental or physical state where a person is rendered temporarily or permanently incapable of making decisions for any reason or is otherwise unable to give clear consent.

- Mental incapacitation means that a person is temporarily or permanently incapable of appreciating or controlling their conduct or understanding the nature or consequences of their conduct. Such incapacity may be the result of the influence of a controlled or intoxicating substance.
- Physical incapacitation means a person is unconscious, asleep, unaware, or otherwise physically unable to

---

2 This definition is consistent with VAWA.
communicate consent and also includes physical incapacity or inability to resist unwanted sexual advances regardless of the cause for that inability.

- **Consumption of alcohol or drugs** alone is insufficient to establish incapacitation. Alcohol-related incapacity results from a level of alcohol or drug ingestion that is more severe than mere impairment, being under the influence, drunkenness, or intoxication.

- The question of incapacitation is determined on a case-by-case basis using both objective and subjective standards, and includes an analysis of the objective behaviors of the Complainant and whether the Respondent knew or reasonably should have known that they were incapacitated. Whether the Respondent knew or reasonably should have known the Complainant was incapacitated will be assessed by considering whether a sober, reasonable person in like circumstances would have believed them to be incapacitated. Intoxication of the Respondent is not a defense.

- The following are some objective physical indications of incapacity: slurred speech, difficulty walking or standing, vomiting, unconsciousness and/or losing consciousness, and marked mood swings.

**Preponderance of the Evidence:**

The evidentiary standard used in campus investigation and disciplinary processes to determine whether or not a Respondent is responsible for a violation of UVM’s Sexual Harassment and Misconduct Policy. A preponderance of the evidence is found when the alleged actions are more likely to have occurred than not.

**Relationship Violence:**

Any act of violence or threatened act of violence that occurs between individuals who are or have been in a social relationship of a romantic or intimate nature. “Relationship violence” includes “dating violence” and “domestic violence” as defined by VAWA, and consistent with VAWA the University will evaluate the existence of a romantic or intimate relationship based upon the Complainant’s statement(s) and taking into consideration the length of the relationship, type of relationship, and frequency of interaction between the persons involved in the relationship. Relationship Violence may include any form of prohibited conduct under this policy, including Sexual Assault, Stalking, and Sexual Exploitation, as well as acts of physical assault as defined in the Vermont Criminal Statutes (see 13 V.S.A § 1021, 1023, 1024). For purposes of this Policy, Relationship Violence does not include acts that meet the definition of domestic violence under Vermont law (15 V.S.A. § 1101(2)) that are based solely on cohabitation (e.g. roommates).

*Note: Domestic Violence is a crime in the State of Vermont. To read Vermont’s definition of Domestic Violence, please refer to APPENDIX B: Vermont Criminal Statute Definitions (see page 67).*

**Respondent:**

An individual who has been accused of violating UVM’s Sexual Harassment and Misconduct Policy.

**Responsible Employee:**

See the CAMPUS SECURITY AUTHORITIES AND RESPONSIBLE EMPLOYEES (“UVM REPORTERS”) section of this report (see page 31).

**Retaliation:**

Any adverse action taken against a person for making a good faith report of prohibited conduct, or participating in any proceeding, under UVM’s Sexual Harassment and Misconduct Policy. Acts of retaliation may include, but are not limited to, intimidation, threats, harassment, coercion, discrimination, or any other conduct that would discourage a reasonable person from engaging in activity protected by UVM Policy. Retaliation does not include good faith actions lawfully pursued in response to a report of prohibited conduct. Retaliation may be undertaken or attempted either directly or by someone acting on behalf of another.
Sexual Act:
Conduct between persons consisting of contact between the penis and the vulva, the penis and the anus, the mouth and the penis, the mouth and the vulva, or any intrusion, however slight, by any part of a person's body or any object into the genital or anal opening of another.

Sexual Assault (UVM Policy Definition):
A sexual act that occurs (1) without consent of the other person, or (2) by threatening or coercing the other person, or (3) by placing the other person in fear that any person will suffer imminent bodily injury.

Note: Sexual Assault is a crime in the State of Vermont. To read Vermont's definition of Sexual Assault, please refer to APPENDIX B: Vermont Criminal Statute Definitions (see page 67).

Sexual Exploitation:
- Non-consensual use of another individual’s nudity or sexuality, other than Sexual Harassment, Sexual Assault, Relationship Violence, and Gender-Based Stalking. Examples of Sexual Exploitation include, but are not limited to, purposely or knowingly: Touching the sexual or other intimate parts of a person, or causing such person to touch your sexual or other Intimate parts, including intentional touching of the breasts, buttocks, groin, or genitals, whether clothed or unclothed, or intentionally touching another with any of these body parts, and making another touch you or themselves with or on any of these body parts;
- Exposing one’s genitals to another person without consent;
- Causing the incapacitation of another person (through alcohol, drugs, or any other means) for the purpose of compromising that person’s ability to give consent to sexual activity;
- Engaging in voyeurism (e.g. watching or taking pictures, videos, or audio recordings of another person engaging in a sexual act, in a state of undress, or in a place and time where such person has a reasonable expectation of privacy, such as a changing room, toilet, bathroom, or shower, without the consent of all parties);
- Disseminating, streaming, or posting images or video of private sexual activity and/or a person’s intimate parts (including breasts, buttocks, groin, or genitals) without consent;
- Compelling a person through force, fraud, or coercion to engage in a commercial sexual act (e.g. prostitution);
- Possession of sexual materials that are illegal under federal or state law;
- Knowingly exposing another person to a sexually transmitted infection or virus without the other individual’s knowledge; or
- Luring a child under 16, or a person believed to be under 16, by any means, including in person, over the phone, or through electronic communication, to engage in a sexual act or touch the intimate part of the person or child whether clothed or unclothed. This does NOT apply if an actor is younger than 19 and the child is at least 15 and the contact is consensual

Sexual Harassment:
Unwelcome sexual advances, requests for sexual favors, and other unwanted verbal, written, visual, or physical conduct of a sexual nature, when the following conditions are present:
- Submission to or rejection of that conduct is made, either explicitly or implicitly, a term or condition of a person’s employment, academic standing, or participation in any University programs or activities, or is used as the basis for University decisions affecting the individual (often referred to as “quid pro quo” harassment); or
- Such conduct creates a hostile environment.
A “hostile environment” exists when the conduct is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the University’s education or employment programs and/or activities. Conduct must be deemed severe, persistent, or pervasive from both a subjective and objective perspective. In evaluating whether a hostile environment exists, the University will consider the totality of known circumstances, including, but not limited to:
The frequency, nature and severity of the conduct;
- Whether the conduct was physically threatening;
- The effect of the conduct on the Complainant’s mental or emotional state;
- Whether the conduct was directed at more than one person;
- Whether the conduct arose in the context of other discriminatory conduct;
- Whether the conduct unreasonably interfered with the Complainant’s educational or work performance and/or University programs or activities; and
- Whether the conduct implicates concerns related to academic freedom or protected speech.

A hostile environment can be created by persistent or pervasive conduct or by a single or isolated incident, if sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment.

**Students:**
Any person registered for, enrolled in or auditing any course(s) at the University of Vermont. Examples include, but are not limited to, students who are enrolled but not taking classes due to an academic break, medical leave, suspension, or other personal leave; students who were enrolled at the time of the incident; persons who demonstrate an intent to enroll by registering for courses; and students participating in study abroad programs.

**Violence Against Women Act and Vermont State Statute Definitions**
The University of Vermont strictly prohibits Sexual Assault, Dating Violence, Domestic Violence, and Stalking as defined above and contemplated by The Violence Against Women Reauthorization Act of 2013 (VAWA). To read how VAWA defines these behaviors and attempted behaviors, please refer to Appendix A (see page 66).

Sexual Assault, Domestic Violence, and Stalking are criminal acts in the State of Vermont. To read Vermont's definitions of these crimes, please refer to Appendix B (see page 67). In the Vermont Criminal Statutes, all incidents of Dating Violence, as defined by VAWA, are captured by the definition of Domestic Violence.

**UVM Investigation, Disciplinary, & Appeals Process**

**Receipt of Reports and Investigation**
When a report is made to the Title IX Coordinator in the Office of Affirmative Action and Equal Opportunity (AAEO) by a complainant, or an investigation (non-criminal) is otherwise initiated by the University, a trained Title IX Investigator in AAEO will conduct a thorough, prompt, and impartial investigation and generate a report which includes a determination of whether or not the Respondent violated UVM's Sexual Harassment and Misconduct Policy (or any other UVM Policies), based on a preponderance of the evidence standard, consistent with AAEO's [Procedural Guidelines for Investigating and Resolving Discrimination Complaints](https://www.uvm.edu/sites/default/files/UVM-Policies/policies/discrimcomplaints.pdf). The assigned Investigator will provide written notice to the Respondent of the filing of a complaint, including the general allegations of that complaint, and invite the Respondent to be interviewed. The Respondent has the opportunity to provide a list of individuals the Investigator may want to speak with and to pose questions the Investigator might want to ask of the other party or witnesses. Prior to completion of the investigation, both parties will be provided with the totality of relevant facts and documents collected for review and response. Typically, an investigation will be completed, and an investigation report will be issued, within sixty (60) days from receipt of a formal complaint, or the date upon which the Title IX Coordinator decides to pursue an investigation independently, whichever is first. However, in some circumstances, it may be necessary to extend that timeframe because of the complexity of the case, availability of witnesses, or other factors which unavoidably delay the investigation. If the investigation timeframe is extended, the Respondent is notified.

---

1 Individuals assigned to investigate violations of the University's Sexual Harassment and Misconduct Policy receive, at a minimum, annual training related to the dynamics of dating violence, domestic violence, sexual assault, and stalking, and on how to conduct an investigation process that protects the safety of all participants and promotes accountability.
Upon completion of the investigation, AAEO will concurrently provide a copy of the investigative report to both involved parties. Following the issuance of a Final Investigation Report by AAEO, the applicable disciplinary procedures are based on the status of the Respondent (i.e., the Respondent’s affiliation to the University) as detailed below. These procedures are guided by the principles of fairness and respect for Complainants and Respondents. In situations when a Respondent is both a Student and an Employee, the Student-Respondent Procedures will apply if the Respondent is a full-time Student but not a full-time Employee, the Employee-Respondent Procedures will apply if the Respondent is a full-time Employee but not a full-time Student, or the Title IX Coordinator will determine which of the procedures applies based on relevant facts and circumstances (such as which role predominates and the role most applicable in the incident). Irrespective of which procedures apply in such cases, either or both of the sanctions applicable to Students or Employees can be imposed, commensurate with the severity of the conduct.

**Student Respondents**

**Finding of Responsibility**

If the Respondent is a Student and is found Responsible, AAEO will make available its report to both the Respondent and the Complainant (collectively the “parties”), as well as the University’s specially-trained Sexual Harassment & Misconduct Sanctioning Panel, which is coordinated by the Center for Student Conduct. Individuals on the University’s Sanctioning Committee for student cases receive, at a minimum, annual training related to the dynamics of dating violence, domestic violence, sexual assault, and stalking, and on how to conduct a fair and impartial sanctioning process that protects the safety of all involved and promotes accountability. Three Panel members will be appointed for a given case to determine the appropriate sanction(s), the full range of which are listed in APPENDIX C: Listing of Potential Student Sanctions for Sexual Harassment & Misconduct Policy Violation of this report (see page 69) and are available at [http://www.uvm.edu/policies/general_html/sanction_procedures.pdf](http://www.uvm.edu/policies/general_html/sanction_procedures.pdf). To the extent permitted by law, both parties will be informed, simultaneously and in writing, of the Panel’s sanctioning determination and appeal procedures. The Sanctioning Panel Procedures further specify the timeline for all steps in the sanctioning process, starting with receipt of a report from AAEO to issuance of a sanctioning determination letter.

Either party may appeal the final AAEO decision and/or any resulting sanction(s) imposed by the Sanctioning Panel. Appeals must be submitted to the Dean of Students, or designee, in writing, within five business days of the Panel’s final determination. The decision may be appealed for the following reasons only:

1. a procedural error unfairly and materially affected the outcome of the case;
2. material evidence has been discovered that was not reasonably available at the time of the investigation or sanctioning determination; or
3. there was a clear abuse of discretion on the part of the Investigator or Sanctioning Panel.

When submitting an appeal, the appealing party must provide a rationale for the appeal, and adequate information, including documentation, in support thereof. If sufficient information has been submitted to support an appeal on one of the above listed bases, the Dean of Students, or designee, shall then provide a copy of the written appeal and any supporting documentation to the other party. The other party may submit a written response to the appeal to the Dean of Students, or designee, within five business days of the date the appeal was sent to that party. A copy of this response, if any, will be sent to the appealing party from the Dean of Students or designee. The Dean of Students or designee will thereafter review all submitted materials, and the pertinent case documents, and render a written decision within ten business days, absent extenuating circumstances. Should additional time be required, the Dean of Students or Designee will promptly notify both parties of the revised (expected) timeframe. The Dean of Students or designee will issue a copy of the written appeal decision to the parties who are UVM affiliates, in accordance with federal law. The appeal decision may uphold, modify, or overturn the original investigative and/or sanctioning decision, or, in appropriate cases, refer the matter back to AAEO.

**No Policy Violation is Found Following Investigation**

UVM Annual Security Report – Issued September 27, 2019  
Page | 19
If the AAEO investigation finds no policy violation occurred, AAEO will make available its report to both parties and the Dean of Students. The investigator’s conclusion that no policy violation occurred may be appealed by either party. Appeals must be submitted to the Dean of Students, or designee, in writing, within five (5) business days of the Report’s issuance, as detailed in the above section: “Finding of Responsibility.”

If the Respondent is a Student in a Program with Established Professional Standards

At the conclusion of the applicable appeal period outlined above, the Dean of Students shall send a copy of the case file, including investigation report, Sanctioning Panel decision letter, and any appeal/appeal determination to the program’s applicable Dean or Director for student services. While the decision of AAEO, the Sanctioning Panel, and the Appellate Official shall be considered final following expiration of the applicable appeal period, the Respondent’s program may also, in its discretion, review conduct under the program’s established professional standards to determine whether any additional, program-specific disciplinary action is needed.

Employee Respondents

When AAEO has concluded its investigation, AAEO will forward its report to the Respondent and the Complainant (collectively the “parties”), as well as notify the Vice President for Human Resources, Diversity, and Multicultural Affairs (“VP HRDMA”).

Either party may appeal the investigator’s conclusion that a policy violation did or did not occur to the VP HRDMA, or designee, in writing, within five business days of the Report’s issuance. The decision may be appealed for the following reasons only:

1) a procedural error unfairly and materially affected the outcome of the case;
2) material evidence has been discovered that was not reasonably available at the time of the investigation or sanctioning determination; or
3) there was a clear abuse of discretion on the part of the AAEO Investigator.

When submitting an appeal, the appealing party must provide a rationale for the appeal and adequate information, including documentation, in support thereof. If an acceptable basis for appeal is stated, the VP HRDMA, or designee, shall then provide a copy of the written appeal and any supporting documentation to the other party. The other party may submit a written response to the appeal to the VP HRDMA, or designee, within five business days of the date the appeal was sent to that party. A copy of this response will be sent to the appealing party by the VP HRDMA. The VP HRDMA, or designee, will thereafter review all submitted materials, and the pertinent case documents, and render a written decision within ten business days, absent extenuating circumstances. Should additional time be required, the VP HRDMA, or designee, will promptly notify both parties of the revised (expected) timeframe. The VP HRDMA, or designee, will issue a copy of the written appeal decision to both parties, in accordance with federal law. The appeal decision may uphold, modify, or overturn the original investigative decision, or, in appropriate cases, refer the matter back to AAEO.

When the investigation’s appeal period has expired, or an appeal decision has been rendered by the VP HRDMA (if applicable), AAEO shall send a copy of the case file, including investigation report and any appeal/appeal determination, to the administrative official immediately responsible for the Respondent’s supervision, and to the appropriate Vice President, Dean or Director for the unit or college in which the Respondent works. The immediate administrative official shall determine any appropriate discipline in accordance with applicable University practices, policies, and collective bargaining agreements, including applicable grievance procedures, as detailed at https://www.uvm.edu/hrs/handbooks-policies, regardless of whether AAEO finds a violation of UVM Policy did or did not occur if unprofessional behavior is substantiated.

The Title IX Coordinator must also notify the Complainant of the final outcome, and rationale therefore, of that disciplinary process in accordance with federal law.
Non-Affiliate Respondents
In cases where the Respondent is not affiliated with the University through academic enrollment, employment, or other affiliation, the University’s ability to take direct action against that individual may be limited. However, the University is committed to conducting an inquiry into what occurred, and taking steps to provide appropriate remedies and support, as appropriate.

Non-Affiliate Complainants
To the extent that a non-affiliate discloses to AAEO that they have experienced acts of sexual harassment or misconduct by a University community member, and the University determines that it has jurisdiction to initiate charges under the Sexual Harassment and Misconduct Policy, the non-affiliate will be provided notice of the final outcome of any investigation and resultant disciplinary process, including any appeal by the Respondent, as applicable, in accordance with federal law.

Equal Treatment of Parties
Regardless of which entity is responsible for the sanctioning process, as determined by the Respondent’s affiliate status, both parties shall have the same opportunities to be present and to present evidence at the appropriate times of the investigation and resulting disciplinary process, if any; both may choose to be accompanied at investigative and disciplinary meetings by an advisor of their choice, as outlined in applicable University policy; both will be simultaneously informed in writing of the outcome at each stage of the process (i.e. investigation, sanctioning, appeal, as applicable) until deemed final, in accordance with applicable law and University policy; and both shall have an equal opportunity to appeal the outcome. Both parties shall receive timely notice for meetings at which they may be present, respectively. Both shall receive timely notice for meetings at which both may be present, and both shall be provided timely and equal access to any information that will be used during informal and formal disciplinary meetings and hearings (as will appropriate officials). The institution will provide a written explanation of the procedures for institutional disciplinary action to both parties in all cases of sexual harassment and misconduct, including dating violence, domestic violence, sexual assault, and gender-based stalking as defined by the Violence Against Women Act Reauthorization of 2013. If the Complainant is deceased as a result of such crime or offense, their next of kin shall be provided with the notices and opportunities described in this paragraph.

The proceedings described above shall be conducted in a manner consistent with University policies and transparent to parties and shall be conducted by officials who do not have a conflict of interest or bias for or against either party.

Non-Retaliation Statement
As a matter of law and University policy, no employee, student or community member shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities relative to allegations of sexual harassment or misconduct.

Commitment to Privacy of Information
The University of Vermont seeks to protect the confidentiality of all parties to the greatest extent possible. With respect to reports of sexual harassment and misconduct, the University cannot guarantee confidentiality but will make all reasonable efforts to protect the privacy of participants, in accordance with applicable state and federal law, while balancing the need to gather information to assess the report and to take steps to eliminate any sexual harassment and misconduct, to prevent its recurrence, and remedy its effects.

---

4In accordance with federal law, following an investigation and/or disciplinary action, the University will disclose to the Complainant in a case of sexual harassment or misconduct or the victim of a crime of violence (as that term is defined in Section 16 of Title 18 of the United States Code) the report on the results (i.e. outcomes) of any disciplinary proceeding conducted by the University against a Respondent or the alleged perpetrator of such a crime or misconduct. Complainants who are affiliates of the University will be provided with the full investigatory report and disciplinary results, while complainants who are not affiliated with the University will be provided with a report/notice of the results of any disciplinary proceedings only. If the Complainant or victim is deceased as a result of such crime or offense, the next of kin shall be provided with the notices described in this paragraph.
Privacy and confidentiality have distinct meanings under UVM Policy:

**Privacy:** Privacy means that information related to a report of sexual harassment and misconduct will be shared with a limited circle of University Employees who “need to know” in order to assist in the provision of appropriate support, as well as the assessment, investigation, and resolution of the report. All Employees who are involved in the University’s response to reports of conduct prohibited by this policy receive specific training and guidance about sharing and safeguarding private information in accordance with state and federal law.

Further, both parties, and witnesses, have reasonable expectations of privacy in the investigation and resolution of reports of sexual harassment and misconduct. While it is not and cannot be mandated by UVM, it is requested that the parties to a complaint observe the same standard of strict privacy, which is in their mutual best interest. Failure to maintain the privacy of information may, in some circumstances, be regarded as retaliation under applicable UVM Policy and itself subject the violator to disciplinary action.

**Confidentiality:** Confidentiality exists in the context of laws that protect certain relationships, including with medical and clinical care providers, and those who provide administrative services related to the provision of medical and clinical care, mental health providers, counselors, ordained clergy, and the Campus Victim’s Advocate, all of whom may engage in confidential communications under Vermont law when a report is made to them while serving in that capacity. Collectively, these individuals are referred to as “Confidential Employees.” When information is shared by an individual with a Confidential Employee, or a community professional with the same legal protections, the Confidential Employee cannot reveal the information to any third party except when an applicable law or court order requires or permits disclosure of such information, or they have been provided permission by the individual that disclosed the information.

If a Complainant does not want to participate in an investigation, or expresses a desire to AAEO for their identity not to be shared (e.g. remain anonymous), the University reserves the right to investigate and/or take other appropriate action as may be necessary to protect the safety of both parties and the campus community, as further described in AAEO’s Procedural Guidelines for Investigating and Resolving Discrimination Complaints (https://www.uvm.edu/sites/default/files/UVM-Policies/policies/discrimcomplaints.pdf). The decision as to whether the University will proceed with an investigation or pursue other appropriate action under these circumstances ultimately rests with the University’s Title IX Coordinator. In the event this request cannot be honored, the Title IX Coordinator will contact the Complainant about this decision.

**Remedial & Protective Measures (Administrative Actions)**

Following an incident, the University will offer reasonable and appropriate measures to protect the campus community, bystanders, and individuals who have experienced an act of violence, criminal activity, sexual misconduct or other form of discrimination or harassment; reasonable and appropriate measures will further be offered to facilitate continued access to University employment or education programs and activities for individuals who have experienced an incident as described above. These measures may be remedial (designed to address the safety, well-being, and continued access to educational and/or employment opportunities) or protective (involving action against another individual). The University will provide remedial measures to persons accused of policy violations or criminal conduct and/or third parties as appropriate and available. With respect to third parties, the University will take into account the role of the third party and the nature of any contractual relationship with the university. Remedial and protective measures are determined and provided on a case-by-case basis.

Remedial and protective measures, which may be temporary or permanent, may include issuance of no-contact directives, residence modifications, academic modifications and support, work schedule modifications, interim disciplinary suspension, suspension from employment, and pre-disciplinary leave (with or without pay). Remedial measures are available regardless of whether an individual who has experienced violence, criminal activity, or other form of discrimination or harassment pursues a criminal complaint, a complaint/investigation internal to the University, such as through AAEO or Student Conduct, or no formal investigation process.
The University will maintain the privacy of any remedial and protective measures provided to any party to the extent practicable, such that maintaining such privacy would not impair the ability of the institution to provide said measures, and will promptly address any violation of protective measures taken.

All individuals are encouraged to report concerns about the failure of another individual to abide by any restrictions imposed as a protective measure to UVM Police Services and AAEO. The University will take immediate and responsive action to enforce a previously implemented measure.

Please contact the Deputy Title IX Coordinator for Intake and Outreach for assistance with obtaining remedial or protective measures related to incidents of discrimination or harassment, including sexual misconduct. In all other instances, students should contact the Dean of Students Office and employees should work with Labor and Employee Relations. The Intake and Outreach Coordinator, in consultation with the Director of AAEO/Title IX Coordinator, or designee, or other issuing official, has the discretion to impose and/or modify any imposed measure based on all available information, and is available to meet with individuals requesting remedial measures or affected by protective measures to address any concern about the provisions of such measures.

Affirmative Action and Equal Opportunity can provide additional information about policies and procedures pertaining to remedial and protective measures, which is provided in writing to individuals who have experienced an incident of sexual harassment or misconduct once that incident has been reported to a UVM Reporter.

Orders of Protection, “No-Contact” Orders, and “No-Trespass” Notices
A UVM community member who has a basis for concern about his or her personal safety on campus as a result of criminal or campus proceedings, or due to threats or incidents of violence, is urged to contact UVM Police Services promptly regarding such concerns for law enforcement or public safety assistance. UVM Police Services and the Campus Victim’s Advocate can also assist with obtaining orders of legal protection. If an individual has already secured a judicial no-contact, restraining, or protective order, they should notify UVM Police Services to facilitate compliance with that order, as well as to determine appropriate safety plans while on-campus. UVM Police may also facilitate compliance with University imposed no-contact orders and no-trespass notices, which are typically issued by the Title IX Coordinator, Dean of Students Office, or Chief Risk and Public Safety Officer.

When a person’s or group’s actions violate civil or criminal laws, University policy, or pose a threat to the health, safety, welfare, or academic experience of members of the University community, that person or group may be denied access to all or part of campus through issuance of a written No-Trespass Notice. The full text of the University's No Trespass Operating Procedure may be found at: http://www.uvm.edu/policies/general_html/notrespass.pdf.
**Policy Listing**

The full text of the University’s Sexual Harassment and Misconduct Policy can be found at:

To learn more about the University’s investigation practices and protocols under Title IX, please see the University Operating Procedure *Procedural Guidelines for Handling and Resolving Discrimination Complaints* at:
http://www.uvm.edu/policies/hr/discrimcomplaints.pdf.

Sanctioning Panel procedures for student cases are also available online at:

For detailed definitions, procedures, and resources for both parties in sexual harassment and misconduct cases, please visit UVM’s dedicated **Title IX and Sexual Misconduct** web site at: https://www.uvm.edu/aaeo/title-9-sexual-misconduct.

More about **Remedial & Protective Measures** can be found in the following University Policies:

- Discrimination and Harassment Policy: https://www.uvm.edu/policies/student/studentharas.pdf
DRUG AND ALCOHOL OFFENSES

Policy Statements & Drug Free Campus Designation

All students, faculty, staff, and visitors are subject to local, state and federal laws, as well as University drug, alcohol, and tobacco policies, while on University-owned or leased properties or while involved with off-campus activities sponsored by the University or a recognized University organization.

Drug-Free Campus

The UVM Campus is a drug-free campus. The possession, use, sale, manufacture, and distribution of controlled/illicit drugs substances, including cannabis, is illegal under local, state and/or federal laws and strictly prohibited by University policy. The possession or use of drug paraphernalia is also strictly prohibited by UVM Policy.

Of specific note, the possession and use of cannabis (defined as the parts, products, and non-hemp derivatives of the plant cannabis sativa, indica, ruderalis and hybrid strains, including medical marijuana) on University property and at University activities is strictly prohibited by UVM policy, regardless of any state law to the contrary. Cannabis is a Schedule 1 Controlled Substance under the Controlled Substances Act and is strictly prohibited under federal law. Both the furnishing of cannabis to and possession of cannabis by parties under 21 years of age is also illegal under Vermont state law. Purchasing or furnishing cannabis or other illicit drugs to an underage person, or enabling an underage person to access, purchase, or consume cannabis or other illicit drugs is strictly prohibited by UVM Policy.

Tobacco-Free Campus

The UVM Campus is a tobacco-free campus. The possession and use of tobacco, tobacco products, and tobacco substitutes on University property is strictly prohibited by UVM Policy. Additionally, the possession and purchase of tobacco products, tobacco substitutes, and tobacco paraphernalia by persons under 21 years of age is strictly prohibited by Vermont state law.

University Alcohol Policy

Possession or consumption of alcohol on University Property or at University Activities is allowed only by individuals 21 years of age and older and only in areas designated by the University for the sale or consumption of alcohol. Possession or consumption of alcohol by individuals under the age of 21, or possession or consumption of alcohol at any University property or activity that is not specifically designated for the sale or consumption of alcohol is strictly prohibited by UVM Policy. Possession or consumption of alcohol in on-campus residence halls is strictly prohibited by UVM Policy.

The possession, sale or the furnishing of alcohol on the University campus is governed by UVM Policy and Vermont state law. The legal drinking age in Vermont is 21. If you are under 21 it is illegal for you to have in your personal possession an alcoholic beverage, knowingly or willingly misrepresent your age to obtain alcohol, enter or attempt to enter any licensed premises or otherwise identified as prohibiting to minors. It is illegal to loan your ID to someone else, use an ID belonging to someone else, or falsify an ID. It is illegal to furnish or make alcohol available to a minor in any fashion, including selling or collecting party donations.

Enforcement of Drug, Tobacco, and Alcohol Laws

State and federal laws, as described above, are strictly enforced by UVM Police Services. Violators are subject to University disciplinary action, criminal prosecution, fine, and imprisonment, as applicable.

For information regarding federal and state laws regarding drug use please contact the Office of the U.S. Attorney General in Burlington at 951-6725 and the Office of the State’s Attorney in Burlington at 863-2865.
Drug and Alcohol Abuse Education Programming

The University of Vermont takes the issue of alcohol and substance misuse seriously, regarding the issue as one which threatens the health and wellbeing of individuals and its community as well as representing a significant barrier to the effective engagement of students in their academic and co-curricular endeavors.

- The high prevalence of alcohol and substance misuse among the college student population is acknowledged and is a topic of discussion and earnest effort.
- Senior leadership takes an active role in articulating concerns about supporting the implementation and maintenance of evidence-informed prevention measures.
- The University has implemented a variety of systems-oriented initiatives designed to mitigate the impact of alcohol misuse on students and the community.
- Students and the larger campus community are the recipients of effective educational efforts intended to provide knowledge about the scope of the issue and the social, health, and legal issues associated with use.
- Students actively engage in self-reflection in their personal decision-making regarding the use of alcohol and other drugs.
- All segments of the community – students, faculty, staff, and appropriate representatives from the larger Burlington area – are engaged and mobilized in efforts to effect these outcomes.

With specific focus on the issue of high risk drinking, the University’s efforts over the last eight years have resulted in a decrease in the prevalence of high risk drinking from 57% to 38%. EverFi, a national consortium of institutions of higher education working to ensure the use of best practices in issues related to student health, wellbeing, and success, recognized the University’s efforts with an inaugural Excellence Prevention Award in the Spring of 2017.

Annual Notice

On an annual basis, the University distributes in writing to each employee and each student taking one or more credits:

- Notice of the University’s policy regarding the unlawful possession, use, or distribution of alcohol and illicit drugs by students on its property or as part of any of its activities;
- A description of the applicable legal sanctions under local, State, and Federal law for the unlawful possession or distribution of drugs and alcohol;
- A description of the health risks associated with the use of illicit drugs and the abuse of alcohol;
- A description of drug and alcohol counseling and treatment options available to students and employees;
- A clear description of the University’s disciplinary response to students and employees who violate the University’s policy regarding alcohol and illicit drug use.

AlcoholEdu for College Students

The University of Vermont continually takes active steps to reduce unsafe alcohol use on campus. Toward that end, every incoming student under age 21 is required to complete AlcoholEdu for College Students, an online tangible population-level prevention program that challenges students’ expectations around alcohol while encouraging students to make healthier and safer decisions, and to reduce risk. For more information, please email the Dean of Students Office at deanofstudents@uvm.edu.

BASICS

The BASICS program is designed to help students explore their alcohol and drug use in a supportive and non-shaming environment. The program is based on research conducted at the University of Washington and Western Washington University. Its aim is to reduce high-risk use of alcohol and other drugs as well as the harmful problems associated with misuse.
Any UVM student is welcome to participate in BASICS at no cost. Some students are required to attend as part of an athletic team or fraternity and sorority life chapter. Other students attend as a result of a conduct violation.

If you would like to participate in the BASICS program, or if you have any questions, contact:
Tom Fontana at tom.fontana@uvm.edu

Biennial Review
In accordance with the Higher Education Act of 1965 and the Drug-Free Schools and Communities Act, the University conducts a biennial review of its alcohol and other drug comprehensive prevention program to:

- Determine its effectiveness and implement changes to its comprehensive alcohol and other drug prevention program and policies, if they are needed
- Ensure that its disciplinary sanctions are consistently enforced.

For more information about the Biennial Review, contact the Dean of Students’ office at DeanofStudents@uvm.edu.

Policy Listing
Alcohol, Tobacco, Cannabis and Other Drug Use - Students: www.uvm.edu/policies/student/drugandalco.pdf.
Alcohol, Tobacco, Cannabis and Other Drug Use - Faculty and Staff - Interim (Drug-Free Workplace Policy): http://www.uvm.edu/policies/general_html/drugfreeworkplace.pdf.

Health Risks, Treatment, & Support Services
Serious health and personal risks are associated with the use of illegal drugs, misuse of prescription drugs, and abuse of alcohol. They include temporary or permanent physical or mental impairment, and injury or death. Use and abuse of such substances may lead to conduct which causes injury, death or damage to the user/abuser or to the person or property of others. Abuse and misuse of drugs and alcohol can have serious negative consequences.

The Center for Health and Well-being provides overall coordination of the Drug-Free School Program, which provides services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, and referrals. More information can be found at https://www.uvm.edu/health (students) or https://www.uvm.edu/hrs/wellness (employees).

Support Services Information
Catamount Recovery Program
The UVM Catamount Recovery Program (CRP) provides an affirming and empowering community for students in recovery from substance misuse. The CRP creates a supportive environment within campus culture that reinforces the decision to engage in a recovering lifestyle. CRP students have educational, academic, advisory, community building, and programmatic opportunities that support their decision to maintain their recovery as well support their academics and gain skills for life. Through its holistic approach to continuing care, the Catamount Recovery Program helps to provide a supportive college experience for students in recovery.

The CRP provides opportunities for students to engage with one another, develop community and support, and participate in a true college experience. Activities, events, meetings, service work, advocacy, recovery-based housing, one-on-one support, collaborations, referrals and social media all offer means to develop these connections.

For more information about the Catamount Recovery Program, visit: https://www.uvm.edu/health/CRP
Counseling and Psychiatry Services (CAPS)
UVM Counseling and Psychiatry Services offers free, confidential, mental health counseling to UVM Students. CAPS can provide help to students with concerns about alcohol or other drug use. For more information visit https://www.uvm.edu/health/CAPS or call 802-656-3340 to schedule an individual session.

CAPS Recovery Group
In addition to individual counseling sessions, CAPS offers group counseling, and hosts a weekly recovery group for people who are substance-free for at least 30 days and interested in exploring issues that arise as part of living a substance free life. Participants may be involved in formal recovery programs for this group, but this is not a requirement. For more information about CAPS group counseling, visit https://www.uvm.edu/health/group-counseling. If you are interested in joining the CAPS Recovery Group, call 802-656-3340 to schedule a pre-group meeting.

Employee Assistance Program
UVM’s Employee Assistance Program, Invest EAP, is a Vermont-based public and private non-profit collaborative. Invest EAP provides UVM Employees with a confidential hotline to immediately access clinical counseling services (1-866-660-9533), as well as onsite counseling appointments. Invest EAP can provide help to employees with concerns about alcohol or other drug use, as well as any number of other concerns or stressors. For more information visit https://www.uvm.edu/hrs/wellness/wellnessatwork or call Invest EAP at (866) 660-9533. To schedule an onsite counseling appointment, follow the directions at https://www.uvm.edu/sites/default/files/Employee-Wellness/InvestEAP.pdf.
WEAPONS OFFENSES

POLICY STATEMENT & POLICE NOTIFICATION

The possession of firearms, fireworks, explosives, incendiary devices or weapons of any kind, and replicas or facsimiles thereof, (collectively “weapons”) is prohibited on UVM property and facilities including residence halls, grounds, leased spaces, and personal vehicles in UVM parking lots, as they pose a substantial danger to the safety of all residents. Exceptions may be made with permission from the Chief of Police or designee for academic or other legitimate purposes. Certified Law Enforcement Officers may wear a firearm while on campus in accordance with appropriate federal, state, and local law, as well as their department policy, rules, and regulations.

UVM will impose disciplinary sanctions upon students and employees who possess weapons in violation of University policy. Any person found responsible for a weapons offense will be subject to University disciplinary sanctions up to, and including, immediate suspension or dismissal and referral to federal and/or state law enforcement officials for criminal prosecution.

For information regarding federal and state laws regarding weapons possession please contact the Office of the U.S. Attorney General in Burlington at (802)-951-6725 or the Office of the State's Attorney (Burlington) at (802)-863-2865.

The full text of the University’s Weapons and Explosives Policy can be found at https://www.uvm.edu/policies/general_html/firearms.pdf.
MISSING STUDENTS

Policy Statement & Police Notification

In the event that a faculty or staff member obtains information that a residential student is or may be missing, he or she must notify UVM Police Services immediately. Students are urged promptly to report to a Residential Life staff member (for students residing on campus) or directly to UVM Police Services if a student living in University housing is missing or thought to be missing. Upon notification that a student is or may be missing, UVM Police Services shall respond through the exercise of reasonable professional judgment to investigate and make a determination as to whether the student is missing, including appropriate notification of institutional officials and other law enforcement agencies.

Confidential Missing Student Contact

At the beginning of each academic year, the University will notify all residential students of the right to identify an individual to be contacted by the University in the event that the student is determined to be missing. This “missing student contact” may be designated by all students by using the myUVM portal. Missing student contact information will be maintained confidentially, and will only be used by authorized campus officials and law enforcement in the event that a student is determined to be missing; the information will not be disclosed outside of a missing person investigation. The individual identified by the student for this purpose will be contacted only in the event that the student is determined to be missing, in accordance with the University’s Missing Student Policy. If a student under the age of 18 who is not emancipated is determined to be missing, the University will notify the student’s parent(s) or guardian, in addition to the designated contact person. The designated contact person or parent(s)/guardian will be contacted as described above within 24 hours of a student being determined to be missing. In addition to UVM Police Services, other appropriate law enforcement agencies will be notified within 24 hours, regardless of whether the student has provided a contact person, is over 18, or is an emancipated minor. Missing student contact information is separate from emergency contact information, and all students may designate both a missing student contact and an emergency contact in the myUVM portal.

Designation of Missing Student Contact

The University recommends that students update their missing student contact information at the beginning of each academic year, at a minimum. Students are solely responsible for the accuracy of the information provided and updating the information when needed. Students are encouraged to notify their missing student contact that they have been designated as such.

In addition to a missing student contact, the University recommends all students designate an emergency contact, which may or may not be the same as their missing student contact. The emergency contact shall be used in the event of a health or safety emergency.

Every student (residential and non-residential) may enter or change a designated emergency contact and/or missing student contact at any time by updating the information through myUVM. To update this information, log into myUVM at https://myuvm.uvm.edu and navigate to the “Registrar” tab. Here, students may select which contact to add or update, and input the appropriate contact information.

The full text of the University’s Missing Student Policy can be found at:
CAMPUS SECURITY AUTHORITIES AND RESPONSIBLE EMPLOYEES (“UVM REPORTERS”)

OVERVIEW & STATEMENT OF COMPLIANCE

The University encourages all members of the campus community to contact UVM Police Services when they have experienced or witnessed criminal actions. Additionally, under the Clery Act, certain individuals designated as Campus Security Authorities (CSAs) are required to promptly report statistical information about Clery qualifying crimes that occur on or near University property to UVM Police Services for inclusion in this report. Pursuant to Title IX of the Education Amendments of 1972 (Title IX), and other non-discrimination laws, certain individuals designated as Responsible Employees (this designation includes all CSAs) are also required by federal law and University policy to promptly notify the University’s Office of Affirmative Action and Equal Opportunity (AAEO) of all reported incidents of discrimination and harassment, which includes all forms of sexual misconduct (sexual assault, dating violence, domestic violence, stalking, and sexual exploitation), involving members of the University community, regardless of geographic location. Collectively, the University refers to CSAs and Responsible Employees as “UVM Reporters.”

IDENTIFICATION OF UVM REPORTERS

It is the responsibility of the University’s Clery Act Coordinator, in cooperation with the Vice Provost for Student Affairs and the Campus Title IX Coordinator, to annually identify who, as a result of their job duties at the University, has legally required reporting responsibilities (“UVM Reporters”). UVM Reporters are identified as, but not limited to:

- Members of the University of Vermont Department of Police Services and contract security personnel, as well as any other individual responsible for security (for example, individuals responsible for monitoring specified areas or building entrances);
- Supervisors, managers, or higher level employees;
- Any chair, director, or dean of an academic unit;
- All full and part-time faculty members;
- Personnel with oversight responsibilities for students or student employees;
- Advisors to recognized student organizations;
- Coaches and coaching staff;
- University officials who have significant responsibility for student or campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

The annually compiled list of UVM Reporters, as well as copies of submitted crime statistic reports by the same, are retained by the University’s Clery Act Coordinator.

Based on the list compiled by the Clery Act Coordinator, an annual notice will be distributed to all UVM Reporters via their official @uvm.edu email addresses informing them of their responsibilities under the Clery Act, Title IX, other non-discrimination laws, and University policy. Should a UVM Reporter not possess an official UVM email address, the annual notice will be distributed to them via the email address they have provided the University for official communications. This notice also contains basic educational materials about reporting obligations and process. Additionally, the University strongly encourages all UVM Reporters to complete a training program annually to familiarize themselves with their legal obligations. A copy of the presentation, called “Required Reporting at UVM: Clery Act, Title IX and Beyond,” is available at: https://www.uvm.edu/police/uvm-reporters-campus-security-authorities. For information about how to register for an in-person training session, UVM Reporters should contact UVM’s office of Professional Development & Training at 802-656-5800.

5 The University of Vermont’s Title IX Coordinator is part of the Office of Affirmative Action and Equal Opportunity.
EXEMPTIONS FROM UVM REPORTER STATUS

Professional counselors employed by the University whose official responsibilities include providing confidential mental health counseling to members of the campus community are exempt from the above listed reporting responsibilities when acting within the scope of their license. However, while not required by law or policy, these individuals are encouraged to discuss the possibility of filing a voluntary crime report to the appropriate law enforcement agency or University office with clients who have experienced crime, in addition to assisting their accessing both on-campus and community resources.

Medical and healthcare providers, including Athletic Trainers, who are employed by the University in Student Health Services or Athletic Medicine, within the Center for Health and Well-Being, are required to provide anonymous reports of criminal incidents to UVM Police Services for statistical purposes when incidents are disclosed to them in the scope of practice. Practitioners in Student Health Services and Athletic Medicine are, however, exempt from the required reporting requirements of Responsible Employees (i.e. communicating discrimination and harassment incidents to AAEO). Medical providers do not share patient information with UVM Police Services or AAEO absent the express consent of the patient.

CAMPUS VICTIM’S ADVOCATE

The Campus Victim’s Advocate is a free and confidential on-campus resource available to all members of the campus community who have experienced some form of gender based violence, including any form of sexual harassment and/or sexual misconduct. The Campus Victim’s Advocate is a Campus Security Authority, and is required to provide anonymous reports of criminal incidents to UVM Police Services for statistical purposes. The Advocate also communicates anonymous incident trends to the Campus Title IX Coordinator in AAEO. The Campus Victim’s Advocate does not share any identifying information of clients with UVM Police Services or the Campus Title IX Coordinator absent the express consent of the client, except in cases where a continuing threat is present (e.g. stalking or domestic/dating violence). In these cases the CVA's client is never required to pursue any action or investigation, but the Police and/or Title IX Coordinator may contact the client directly to offer protection, safety planning, or investigatory options.

REPORTING PROTOCOL FOR UVM REPORTERS

All UVM Reporters are required to report certain (alleged) crimes, including hate crimes and instances of sexual misconduct, of which they become aware to help inform whether a timely warning or emergency notification to the campus community is warranted; to allow Police Services to optimize the safety of our campus community; to ensure proper statistical inclusion of reported crimes in the University’s Annual Security Report, in compliance with federal law; to facilitate and ensure appropriate support and institutional response in cases of discrimination and harassment, including all forms of sexual misconduct.

Call 9-1-1 immediately if a crime or other emergency is in progress, or if at any time there is an imminent or continuing threat of harm to persons or property. Please note that based on research and experience, it is the policy of the University that incidents of domestic violence, dating violence, and stalking are presumed to pose a continuing threat of harm.

In all other cases, upon the receipt of information that a crime or incident of discrimination or harassment (including sexual misconduct) has occurred, the UVM Reporter MUST:

1. Promptly fill out a CSA form at www.uvm.edu/police/csa, regardless of whether the individual who disclosed the incident to you chooses to file a police report, as outlined above. The name of the alleged victim(s) should not be included unless:

---

6 The University of Vermont does not employ any individuals as pastoral counselors at this time. By law, any individual employed by the University primarily as a licensed pastoral counselor without other job duties triggering mandatory reporting requirements would be considered confidential and exempted from the reporting obligations described in this section when acting within the scope of their license.

7 The University presumes as a matter of policy that incidents of relationship violence and stalking constitute a continuing threat of harm to the targeted individual, thereby requiring notification of UVM Police Services, including names of the individuals involved, to maximize both personal and campus safety, unless such notification by the UVM Reporter is constrained by law (e.g. doctor-patient confidentiality).
a. Disclosure is required by law (e.g. abuse or neglect of minors or vulnerable adults)⁸;
b. The incident presents an “imminent or continuing threat of harm” as described above; or
c. The UVM Reporter is given permission to do so.

UVM Reporters are not responsible for determining authoritatively whether a crime took place. A report should be made based on the information currently available to them, including location, name(s) of alleged perpetrators or witnesses, and an incident description.

2. Promptly contact AAEO to facilitate appropriate support and institutional response, if the (alleged) incident involves discrimination or harassment, including all incidents of sexual harassment and misconduct, as follows:
   a. Sexual Harassment and Misconduct: TitleIX@uvm.edu or Title9@uvm.edu
   b. All Other Forms of Discrimination and Harassment: Bias, Discrimination & Harassment Incident Reporting Form:

3. Make the individual with whom they are in contact aware of their option to report the incident to local law enforcement (UVM Police Services: 284 East Avenue; 656-3473) and that UVM makes confidential and non-confidential resources available to the campus community that may be helpful to individuals who have experienced or witnessed an alleged crime, or incident of discrimination or harassment. Information on confidential and non-confidential resources is available in the COMMUNITY AND SUPPORT RESOURCES section of this report (see page 43). The University must respect the decision of the individual not to report an incident to law enforcement, unless otherwise required by law.

A copy of the full Campus Security Authority and Responsible Employees under Federal Law operating procedure can be found at http://www.uvm.edu/policies/riskmgm/campussecurity.pdf.

⁸ For more about reporting abuse or neglect, see the section Reporting Abuse and Neglect of Minors & Vulnerable Adults on page 8.
UNIVERSITY CODE OF CONDUCT & DISCIPLINARY PROCESS

POLICY STATEMENT & INTRODUCTION

Where there is reason to believe that University rules and policies have been violated, the University will pursue strong disciplinary action through established channels. During the applicable disciplinary process, the rights of the parties are as described in the following policies and procedures.

Policy and procedures for allegations of sexual harassment and misconduct are detailed in the “OFFENSES OF SEXUAL HARASSMENT AND MISCONDUCT” section of this report (see page 14).

Policy and procedures for allegations of other discrimination and harassment are described in the Reporting Incidents of Discrimination & Harassment section of this document (see page 8), and in the University’s Discrimination and Harassment Policy (https://www.uvm.edu/policies/student/studentharas.pdf).

CODE OF STUDENT CONDUCT

By formulating a general student code of conduct, the University reaffirms the principle of student freedom coupled with personal responsibility and accountability for individual action and the consequences of that action. Reports of a perceived violation of the Code of Student Conduct may be made to the Center for Student Conduct by contacting the Director at (802) 656-4360 or visiting http://www.uvm.edu/sconduct. Perceived criminal activity reported to UVM Police Services will be appropriately investigated, and a report forwarded to the Center for Student Conduct, when a student is the (alleged) perpetrator. To the extent possible, the Center for Student Conduct will wait for the outcome of any investigation and accompanying report, such as a police report, before proceeding with the conduct process.

Upon receipt of a report from any source, Center for Student Conduct will evaluate the report and determine whether, if the facts as alleged were proven, the conduct would be a violation of this Code. The Center for Student Conduct may decide, in its sole discretion and based on this review, whether to proceed with the conduct process by way of a formal conduct hearing or by way of an alternate process, such as administrative action, mediation, or others as fully outlined in the Code. Any student found responsible for violation of the Code will be subject to University disciplinary sanctions up to, and including, immediate suspension or dismissal. For the full range of sanctions available to and considered by the Center for Student Conduct, please see Section I(I) of the code. For incidents of sexual harassment and misconduct, the full range of sanctions is outlined in Section III(C) of the University Operating Procedure Sexual Harassment and Misconduct Sanctioning Procedures for Student Respondents, which is provided in Appendix C of this report (see page 69).

Upon conclusion of the discipline process, the Center for Student Conduct will provide a written decision (sent via the Respondent’s University email account) stating what evidence was considered and a rationale for the decision that was reached. If the Respondent is found responsible, the decision will state what sanctions will be imposed. In cases involving a Complainant and Respondent, and where the allegations include conduct that could constitute a crime of violence, the Complainant will be copied on the decision letter to the Respondent.

The full text of the University’s Code of Student Conduct can be found at: http://www.uvm.edu/policies/student/studentcode.pdf

LARNER COLLEGE OF MEDICINE FITNESS COMMITTEE

Students in the Larner College of Medicine are expected to meet, at a minimum, the behavioral expectations found in the University’s Code of Student Conduct, the University’s Sexual Harassment and Misconduct Policy, and the University’s Discrimination and Harassment Policy, and are subject to the procedures outlined therein. Violation of University policy, including the commission of any criminal act, may result in sanctions up to and including dismissal from the Larner College of Medicine. In addition, student’s fitness for a career in medicine may be called into question at any time by a member of the faculty of the Larner College of Medicine by making a report to the College’s Committee on Fitness. When a report of (alleged) criminal conduct is made to the Committee on Fitness, the Committee shall be convened to review the conduct,
any related reports from Police Services, or other appropriate University office, and to conduct any additional investigation that may be necessary. The student is notified of charges and provided an opportunity for a formal hearing before the Committee, which is responsible for determining appropriate sanctions.

The full text of the Larner College of Medicine Medical Student Handbook can be found at: http://www.med.uvm.edu/studenthandbook/home

OTHER COLLEGE AND DEPARTMENT STUDENT HANDBOOKS

Colleges and departments have the ability to create student handbooks that include conduct expectations. In addition to the policies and procedures listed above, students should refer to their college or department websites to review the terms of these handbooks and the disciplinary procedures described.

STUDENT ATHLETE HANDBOOK AND CODE OF CONDUCT

The Department of Athletics has established a Student Athlete Handbook, which includes a Student Athlete Code of Conduct containing additional conduct rules and expectations for student athletes. The Student Athlete Code of Conduct is available online at https://uvmathletics.com/documents/2019/8/30/Student_Athlete_Code_of_Conduct_2019_20.pdf.

EMPLOYEE CODE OF CONDUCT

The University has a Code of Conduct and Ethical Standards for employees, which outlines expectations for employee conduct and disciplinary processes for employees. It is available online at http://www.uvm.edu/policies/general_html/businessconduct.pdf.

Additionally, employees, including both staff and faculty, are subject to discipline for violation of work rules, criminal conduct, or other conduct that presents a threat to the health and safety of the campus community. When a report of alleged misconduct is received by a supervisor, that supervisor is required to notify Police Services if the alleged conduct is criminal in nature. If the alleged conduct implicates violation of University policies on discrimination, including policies prohibiting harassment or discrimination, including instances of sexual misconduct, the supervisor must report the incident to the Affirmative Action and Equal Opportunity (AAEO) Office. Upon completion of an investigation by Police Services or AAEO, a report is provided to the supervisor to determine appropriate discipline after the employee is provided an opportunity to respond to any alleged conduct before a final determination is made.

Processes related to discipline of Non-Represented Employees, including information on sanctions, may be found in the Staff Handbook, available online at: https://www.uvm.edu/hrs/handbooks-policies

Processes related to discipline of Represented Faculty and Staff, including information on sanctions, may be found in the applicable collective bargaining agreement. All collective bargaining agreements are available online at: https://www.uvm.edu/hrs/handbooks-policies
INSTITUTIONAL EMERGENCY RESPONSE

*In the event of an emergency, always call 911*

POLICY STATEMENT & INTRODUCTION

The University has taken steps to prepare for emergency situations, as the University of Vermont’s resilience is directly related to its ability to manage the unexpected by maintaining critical functions during and following an emergency. The University has developed an Emergency Operations Plan and has in place an Emergency Management and Institutional Continuity policy in order to ensure emergency readiness, and maintains a trained group of key administrators called the Emergency Operations Group (EOG) to manage operational decisions in campus-wide emergencies.

Additionally, in the interest of campus health and safety and in keeping with federal law, UVM maintains a robust emergency alerting system called CatAlert to notify the campus community (or segments of the campus community) upon confirmation by UVM Police Services that a significant emergency or dangerous situation involving an immediate or continuing threat to the health or safety of students or employees is occurring on or near UVM campus (within Clery geography). Notifications may also be distributed for other situations and by different methods as appropriate and detailed below.

EMERGENCY MANAGEMENT AND READINESS

Emergency Management

During a disaster or campus crisis and in accordance with the University’s Emergency Management Institutional Continuity Policy (https://www.uvm.edu/policies/riskmgm/emergency.pdf), the President (or the next most senior available administrator) has ultimate responsibility and authority for declaring (and ending) a “state of campus emergency,” setting direction as to how the emergency will be managed, and making key executive decisions. At the appropriate time, the President (or next most senior administrator) will declare an end to the “state of campus emergency.” The President will be advised by a Policy Group of senior executives and has delegated institution-wide operational decisions to the Emergency Operations Group (EOG) composed of key administrators and led by a designated EOG Manager. The Vice President for Executive Operations9 serves as the link between the Policy Group and the EOG.

The Emergency Operations Group meets monthly to ensure readiness for an emergency situation. When an emergency exceeds the capacity of the on-scene Incident Commander or the nature of an emergency requires a University-Wide response, the Emergency Operations Group will be assembled under the direction of either the Vice Provost for Student Affairs or the Chief Risk and Public Safety Officer, depending upon the nature of the emergency. The Emergency Operations Group will be supported by an on-scene Emergency Management Coordinator who will provide situational updates and integrate into the unified command.

The University maintains a detailed Emergency Operations Plan, (https://www.uvm.edu/emergency/preparing_and_planning_emergencies) that describes how the University will respond to emergencies of varying scope and scale, and details the protocol for EOG activation and response.

Tests will be conducted at least annually on UVM’s ability to respond to an emergency, including activation of its Emergency Operations Group and a table-top exercise involving a campus-based scenario. Participants will include the Emergency Operations Group, their designated back-ups, select Emergency Support Function representatives, and at least one member of the Policy Group. Additional tests will involve evacuation drills (see Campus Emergency Evacuation Procedures at: https://www.uvm.edu/riskmanagement/evacuation-procedures) overseen by the Campus Fire Marshal.

9After October 1, 2019, the role of Vice President for Executive Operations will be replaced by the Vice President for Operations and Public Safety.
Incident Command System

During an on-campus emergency, the University follows the Incident Command System (ICS) model which includes an on-scene Incident Commander (often from UVM Police Services), and an Emergency Operations Center (staffed by the Emergency Operations Group) that can be activated to support Incident Command during a major emergency. A separate Policy Group of senior leaders is available, as needed.

Official Communications in Emergency Situations

The following methods and resources may be used by the University to provide updates to the campus community and the general public, in addition to the CatAlert system, in the event of an emergency situation on the University campus.

- **CatAlert System**: The University has licensed a multi-modal alerting system (automated email, with opt-in text messaging, phone calls, paging, social media) to be used to notify the campus community of pending or current emergency situations, and to provide direction (for example: evacuation or shelter-in-place). The CatAlert system is described in more detail in the CatAlert System, Warnings, & Notifications section of this report (see page 36). This system will generally be used for campus-wide communications in emergency situations.

- **Emergency Operations Information Line**: A special Emergency Operations Information Line with a recorded message has been established (802-656-0000) and can be used to help keep faculty, staff, students, parents, and the community at large updated regarding an emergency.

- **Voice Mail and E-Mail Broadcast Capabilities**: As an alternative to the CatAlert System, broadcast voice mail (using Nortel Meridian) or broadcast e-mail (using UVM E-mail System) may be sent to everyone on campus with hardwired phones and/or computer access.

- **Incoming Call Center**: During a type 1 or 2 emergency, as defined within the University’s Emergency Operations Plan, or when the nature of the emergency suggests there will be an influx of telephone inquiries concerning the well-being of faculty, staff, and students, a special incoming 800 number will be announced through the UVM website, national media, and other appropriate means; a multi-seat call center will be opened.

- **In-Person Notification**: Should both the phone and data network be unavailable, staff will be dispatched by the Emergency Operations Group to alert key leaders in each building, who will be expected to alert others in their building. At the direction of the Supervisor in charge of Police Services, UVM police officers can/may also make announcements through the speakers on their patrol cars.

- **Use of Social Media (e.g. Facebook, Twitter)**: Through the CatAlert System, or direct entry by the EOG Public Information Officer, UVM’s social media sites can be populated with information concerning a campus emergency.

- **Use of Websites**: The UVM website will display a banner across the top of all pages with emergency information. The UVM Emergency Management home page will provide emergency information and updates.

- **Use of Local Media (TV, radio, newspapers, etc.)**: When appropriate, a media briefing center will be established by the Public Information Officer of the Emergency Operations Group and the local media will be advised and regularly updated. Written emergency communications, both on and off-campus, will be coordinated by the Public Information Officer, or his/her designee. During a winter weather emergency, any closing or delayed opening information will be displayed on the banner on local TV stations during morning newscasts.

- **Radio Communications**: UVM has a robust radio communications system utilizing multiple commercial and public safety repeaters. During a large incident, the EOG would also utilize the Mansfield Repeater to communicate with the State Emergency Operations Center and with area higher education institutions. UVM Emergency Management has access to emergency operations channels used by area public safety agencies and interoperability channels used nationally.

- **Building Alarms**: When appropriate, building fire alarms may be activated signaling the need for an evacuation of the facility. A fire alarm can be activated by anyone using the facility by pulling the nearest alarm box.

**CatAlert System, Warnings, & Notifications**

The CatAlert system is a multi-modal alerting system which automatically sends notifications to all uvm.edu e-mail addresses, and allows members of the campus community to opt-in for additional telephone and text-message / SMS based alerts. CatAlert
notifications are also automatically posted to the University's Office of Emergency Management homepage (http://www.uvm.edu/emergency/).

In order to facilitate the CatAlert notification process, all emergencies should be reported to UVM Police Services by calling 911 (from a campus phone whenever possible). Calls placed from cell phones or off-campus telephones related to an emergency on-campus will be routed through the E911 Dispatch Center in Williston, Vermont to UVM Police Services. Additionally, since such events may originate beyond the borders of the campus, UVM Police, Burlington Police, and South Burlington Police collaborate and share information on a daily basis.

Public Awareness and Testing
Every semester, the Chief Risk and Public Safety Officer (for faculty and staff) and the Vice Provost for Student Affairs (for students) will send an e-mail describing the purpose of the CatAlert System, how it works, and providing notice that a test of the system will occur twice a year.

Twice a year, the University’s Emergency Management Coordinator, or the Chief Risk and Public Safety Officer, will initiate (or authorize the initiation of) a test emergency response alert message (usually in September and January). Faculty, staff, and students (all UVM affiliates) are given advance notice of the upcoming test via email sent to their official UVM email account. A description of the CatAlert system and emergency notification procedures, a description of and link to the University's emergency response and evacuation procedures, and encouragement to sign up for expanded notifications (which can include phone call and/or text message notifications for up to three phone lines) are included in the notice of the upcoming test. A record of all such tests, including a description of the test, the date, time, and whether the test was announced or unannounced is accessible from the UVM Emergency Management website at: https://www.uvm.edu/emergency/catalert_campus_alerting_system.

Timely Warning
When a confirmed Clery crime occurs on campus, or in a geographic area near to campus (i.e. within Clery geography), that represents a serious and continuing threat or the possibility of a continuing threat to the safety of the UVM community, a timely warning will be made to alert the campus community of the incident. Whenever a timely warning is sent, it shall be sent to the entire campus community. At no time shall the names or other identifying information of the victim(s) be included as part of a timely warning.

Timely warnings are distributed through the University’s Emergency Notification system, CatAlert, which is capable of sending an e-mail communication to all members of the University community.

The decision whether to issue a timely warning will be made on a case by case basis through consultation with appropriate University officials. Appropriate officials may include but are not limited to Police Services Sergeants and leadership or their designee, the Emergency Management Coordinator, members of the University's Emergency Operations Group, UVM General Counsel, and the Title IX Coordinator. Timely warning notices will normally be issued by UVM Police Services, and all UVM Police leadership staff and Sergeants are empowered to authorize a timely warning. A timely warning will not be issued if it is determined the risk of compromising efforts to contain an emergency outweighs the benefit to the campus community of a particular warning. Periodic updates to timely warnings may be disseminated as information becomes available, but are not sent for all timely warnings.

Emergency Notification
In addition to the above procedures for initiating a timely warning, the University has a policy and procedures in place for immediate emergency response and evacuation. Emergency Notifications shall be issued upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on campus. Generally, Emergency Notifications will be issued via the CatAlert system. Other emergency notification systems may also be utilized, including fire and carbon monoxide alarm systems to alert individuals immediately impacted by an imminent
emergency in a building, or in rare cases on-site announcement of emergency by first responders. Some examples of significant emergencies or dangerous situations include but are not limited to outbreaks of serious illness, approaching extreme weather conditions (e.g. hurricane, tornado, etc.), earthquakes, gas leaks, terrorist incidents, armed intruders, bomb threats, civil unrest or rioting, explosions, and nearby chemical or hazardous waste spills. All members of the University community are automatically enrolled to receive CatAlert emergency notifications at their official University of Vermont email address and may opt in to have CatAlert emergency notifications sent to them by any or all of the following additional means: text message and/or voice message to a cell phone, campus phone and/or home phone. Directions for opting into additional means of notification are described in the CatAlert Registration section of this report.

As appropriate, emergency notifications may be targeted at the full campus community, or at a limited segment or segments of the campus community that is at risk. The University will, without delay, and taking into account the safety of the community, determine the content of an emergency notification and initiate the notification system unless issuing a notification will, in the professional judgement of UVM Police Services and/or the Emergency Operations Group, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The decision whether to issue an emergency notification will be made on a case-by-case basis through consultation with appropriate University officials. Appropriate officials may include but are not limited to Police Services Sergeants and leadership or their designee, the Emergency Management Coordinator, members of the University’s Emergency Operations Group, and the Emergency Operations Group Manager. Confirmation that there is a significant emergency or dangerous situation is generally the responsibility of UVM Police Services, and may include visual verification of the nature and scope of an emergency. For certain emergency conditions, the Emergency Management Coordinator and/or Emergency Operations Group Manager may make the determination of an emergency condition or potential emergency condition, based upon available information like a severe weather forecast or alert.

Determination of the content of an emergency notification, including any required actions (such as evacuate to a safe location or shelter in place away from windows), whom to notify, and the actual launch of the notification will normally be the responsibility of the Emergency Operations Group (EOG) Manager with assistance from the Senior Police Services official on duty or their designee. Depending upon the nature and scope of a confirmed emergency condition, UVM Police personnel, the Emergency Management Coordinator, or the Emergency Operations Group Manager may determine the content and scope and distribute an emergency notification without or prior to the activation of the EOG. The EOG membership is also fully versed in operation of the CatAlert system and may take the lead on initiating campus notification and/or providing updates to emergency notifications as circumstances require. Periodic updates to emergency notifications will be disseminated via the CatAlert system (or onsite announcement, if appropriate) as information becomes available.

Should the nature of the emergency require notification outside the campus community, the responsibility for doing so rests with the Director of University Communications or the person assigned the Public Information Officer (PIO) role within UVM’s Emergency Operations Group. Based upon the nature of the event, the PIO may use differing means and methods including but not limited to those listed on the UVM Emergency Management website at: http://www.uvm.edu/emergency/.

**Campus Advisories**

In situations that do not meet the criteria for a Timely Warning or Emergency Notification, the University may still issue an advisory message (“Campus Advisory”) to inform the campus community and allow individuals to take appropriate precautions. A Campus Advisory may include information about public health and safety concerns (e.g. power outages, snow closures, strings of larcenies), as well as actions individuals may take to ensure their personal safety and wellbeing. Campus Advisories may be disseminated using the CatAlert system, via e-mail to all UVM faculty, staff and students, and/or posted on the Police Services Webpage, Tip411 Page (http://www.tip411.com/agencies/university-of-vermont/groups/20029), or social media accounts (Facebook, Twitter, etc.) Additionally, hard copies of Campus Advisories may occasionally be placed around campus in areas frequented by students, faculty, and staff. Campus Advisories may take the form of educational messages, awareness bulletins, crime alerts, or other messaging.
**CatAlert Registration**

When an Emergency Notification is distributed through the *CatAlert* system, faculty, staff, and students will automatically receive an e-mail notice of the campus emergency to their uvm.edu address, as well as a text message on their cell phone or pager, and/or a voice message, if opted into the “expanded notification” feature, for up to three phone numbers. To opt-in for expanded notification, or to change existing preferences, students may do so through myUVM (https://myuvm.uvm.edu). Faculty and staff can do so through the self-service section of PeopleSoft (https://www.uvm.edu/~erp/portal/).
How to Provide an Emergency Phone Number for Expanded CatAlert Notification

Students:
Log into MyUVM at [https://myuvm.uvm.edu](https://myuvm.uvm.edu) with your netID and password.

Employees (Faculty and Staff):
Log into the Human Resources portal of UVM Peoplesoft at [https://www.uvm.edu/~erp/portal/](https://www.uvm.edu/~erp/portal/) with your netID and password.
EMERGENCY POLICIES LISTING

The full text of the following University Policies and Procedures detailing appropriate incident response can be found at:

- CatAlert Emergency Notification & Response Procedures: [http://www.uvm.edu/emergency/catalert_campus_alerting_system](http://www.uvm.edu/emergency/catalert_campus_alerting_system)
- Campus Emergency Evacuation Procedures: [https://www.uvm.edu/riskmanagement/evacuation-procedures](https://www.uvm.edu/riskmanagement/evacuation-procedures)
**COMMUNITY AND SUPPORT RESOURCES**

UVM Police Officers, the Title IX Coordinator, Deputy Title IX Coordinators, Dean of Students, and the Campus Victim’s Advocate are trained on issues related to victim and bystander support, including assisting individuals with contacting appropriate authorities (at the individual’s election), securing needed medical attention and/or counseling, remedial and protective measures, and other support as requested. Other resources are listed in this section including counseling, health, mental health, victim advocacy, legal assistance, visa & immigration assistance, student financial aid guidance, and other services and supports for victims of crime. Confidential Resources are highlighted in blue.

</table>
**ADDITIONAL RESOURCES & SUPPORT SERVICES RELATED TO SEXUAL MISCONDUCT**

The resources listed above and many more, to include national support hotlines and services, are available on the University’s Sexual Assault and Misconduct Support Resources website at https://www.uvm.edu/aaeo/support-resources-sexual-assault-and-sexual-misconduct. This website includes counseling, health, mental health, victim advocacy, legal assistance, visa & immigration assistance, student financial aid, and other resources, supports, hotlines (including crisis hotlines), and services for individuals who have experienced, witnessed, or are otherwise impacted by incidents of sexual harassment or misconduct that are available from the University and in the community. These resources are provided to all UVM students and employees via email at the start of each fall and spring semester. They are also made available in writing by the Title IX Coordinator to all individuals who report sexual harassment or misconduct to the University.
Safety and security on campus is built on a strong foundation that includes community policing by area agencies, including UVM Police Services, and individual action and responsibility. Towards that end, the University has developed the crime awareness and prevention strategies described in this section to assist the whole UVM community in fostering a safe campus.

**CRIME AWARENESS**

The University of Vermont publishes the following information and statistics in print and via our webpage to promote crime awareness within the campus community:

**Daily Crime & Fire Log**

The University publishes a daily Crime and Fire Log (“Crime Log”) that is available for review 24 hours per day on the UVM Police Services website (https://www.uvm.edu/police/crime-fire-log) or by visiting UVM Police Services at 284 East Avenue during regular UVM business hours. The information in the Crime Log typically includes the nature, date, time, general location, and disposition (if known) of each crime. An entry, an addition to an entry, or a change in the disposition of a complaint, is recorded in the Crime Log within two (2) business days of a report of necessary information to UVM Police Services.

**Annual Security Report**

The University publishes an Annual Security Report (this document) each year by October 1, as required by law. The Annual Security Report includes a statistical report of certain crimes reported to have occurred on or around the UVM Campus and other property owned or controlled by the University for the three previous calendar years. Crime statistics for 2016, 2017, and 2018 are available in the **ANNUAL CRIME STATISTICS: 2016 – 2018** section of this report; statistics begin on page 63.

The Annual Security Report is distributed to all UVM affiliates (faculty, staff, and students) via email upon publication every year by October 1. The Report is available to the public on the UVM Police Services website at: http://www.uvm.edu/police/reports/clery/public-safety-report.pdf, and is available for review in hard-copy by visiting UVM Police Services during regular UVM business hours.

As a matter of policy, to the extent permitted by law, all entries made in the Crime Log and the Annual Security Report, which are both forms of publically available recordkeeping, shall not include identifying information about the victim.

**Sex Offender Registry**

The "Campus Sex Crimes Prevention Act" is a federal law enacted on October 28, 2000 that provides for the tracking of convicted, registered sex offenders enrolled as students, or serving as employees or volunteers at institutions of higher education. The State of Vermont Sex Offender Registry is located at the following link: http://vcic.vermont.gov/sor. This is where all information about sex offenders that are required to register is housed for the entire state, including on and around the University campus.

**Campus Alerts**

The University may distribute different types of alerts to the campus community when certain crimes are reported. One function of alerts distributed to the campus is to promote crime awareness, which can help to reduce crime. The University may issue Campus Advisories, Timely Warning Notifications, or Emergency Notifications as appropriate and in accordance with the procedures described in the **CATAERT SYSTEM, WARNINGS, & NOTIFICATIONS** section of this report (see page 36).
CRIME PREVENTION AND EDUCATION AT UVM

In addition to maintaining a fully sworn comprehensive police agency on campus (UVM Police Services), the University of Vermont has many programs, departments, systems, and other measures in place to enhance public safety and prevent crime. Some of these are outlined in this section.

MAINTENANCE OF CAMPUS GROUNDS AND FACILITIES

The departments of Physical Plant, Police Services and Residential Life, in a coordinated effort, regulate key facilities, campus lighting, shrubbery control, software systems, and hardware systems so as to optimize safety and prevent crime:

Landscaping
Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. The Department of Police Services personnel regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions to the Department of Physical Plant for correction. Other members of the University community are helpful when they report equipment problems to Police Services (802-656-3473) or to Physical Plant Service Operations Support (802-656-2560).

Facility Key and Access Systems
Some UVM facilities are open to the public during regular business hours, while others have restricted access 24/7. For those facilities with restricted access, as well as for access to facilities after regular business hours, the University issues keys or access cards to faculty, staff, and resident students for their designated work and/or living areas. The University has professional locksmiths designated to repair and maintain the integrity of the key and lock system. Based upon occupant requirements, UVM facilities are opened and closed at various times. Once the exterior doors are locked, Police Services personnel conduct patrols to recheck the security of the facility. In Residential Life areas, designated hall staff provides additional patrols.

Residence Hall Access Systems
Residence hall entrance doors have locking devices that can be opened by specially coded keys/cards issued to residents, and should be kept locked at all times (24/7). Exit-only doors have hardware that cannot be opened from outside. Most exterior doors have automatic closing devices. Student room doors have locking hardware that can be locked or unlocked at the discretion of the occupant, and residents are advised to keep their room doors locked at all times. Residential Life employees perform routine maintenance throughout the residences and respond to any reports of problems with locks. Residents are advised to stop and question any stranger in the hall (e.g. “Can I help you with something?”) and notify police immediately of any suspicious activity.

Anti-Intrusion Alarms
Many academic and support areas of special sensitivity are protected by alarm systems which ring in directly to a central station or UVM Police Services. Officers are dispatched to evaluate the situation and take any appropriate response measures when these alarms are triggered.

Emergency & Blue Light Phones
There are more than 125 prominently placed emergency & blue light phones on UVM’s main campus. These telephones connect directly to the UVM Police Services when picked up, enabling immediate reporting of emergency situations or suspicious persons. UVM Life Safety Services (part of the Department of Physical Plant), in conjunction with UVM Police Services, tests each Emergency Blue Light once per month and repairs any issues or malfunctions identified.

Social Media Threat Assessment
UVM uses contracted services and software from Social Sentinel to alert campus officials to threats shared publicly on social media. The service scans public social media posts and identifies posts that may indicate threats to public health or safety at
**Bystander Intervention – Stepping Up to Prevent Crime**

In addition to education, programming, services, and awareness efforts, the University encourages all community members to take steps to reduce risk and promote bystander intervention, with a goal of reducing crime and promoting a safe and healthy campus community. In particular, these efforts can help to reduce incidents of high-risk alcohol and other drug use, instances of sexual misconduct, including dating violence, domestic violence, sexual assault, sexual exploitation, and stalking, as well as other crimes.

**Who is a Bystander?**
A bystander is any person who is present at or who is witnessing an event, but is not directly involved. When individuals in the community have the knowledge and skills to recognize and intervene in situations in which others may need help, it can have a profound and positive impact on a community.

**What is Bystander Intervention?**
Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of harm to another individual. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

**Safe and Positive Options for Bystander Intervention**
There are four common strategies for Bystander Intervention, commonly referred to as the “Four D’s”. They are

1. **Direct** – Directly intervening, in the moment, to prevent a problem situation from happening;
2. **Delegate** – Seeking help from another individual, often someone who is authorized to represent others, such as a police officer or campus official;
3. **Distract** – Interrupting the situation without directly confronting the offender; and
4. **Delay** – Recognition that you may not be able to do something right in the moment. Checking in with the individual who you witnessed at risk of or experiencing harm after an incident has occurred to see if you can do anything to help them. Providing support shows them that they are not alone.

In a given situation, any one or combination of these strategies may be appropriate. Some things to keep in mind when intervening in a concerning situation are:

- **Do not put yourself at risk** – if you are concerned that directly intervening could escalate a situation and put you or others at risk of harm, consider delegating by calling police or interrupting the situation with a distraction;
- **Do not make a situation worse** – when intervening, it is important to identify a way to stop the concerning situation without escalating it. If people are upset or fighting, a situation can be unpredictable and you should call the police;
- **Intervene at the earliest point possible**;
- **Intervening does not necessarily mean confronting** – there are resources at your disposal such as UVM Police Services, your RA or RD (in a residence hall), a professor (in a classroom environment), a supervisor or manager (in a work environment), or another official who may be present or reachable in a given set of circumstances;
- **Ask for help!** Bystander intervention is a community effort – alert your friends if you see something and need to intervene, or call the police.

**Examples of Bystander Intervention**
- Interrupting a person who you see isolating, hitting on, trying to make out with, or trying to have sex with an...
incapacitated individual by spilling a drink on the violator and creating a scene about that instead;

- Speaking up when someone discusses plans to sexually take advantage of another person;
- Interjecting yourself into a conversation where another person appears to be unsafe;
- Offering to drive or call and share a cab to get an incapacitated friend home from a party;
- Calling the police or immediately alerting your RA or RD if you hear a couple fighting in your residence hall;
- Confronting someone or speaking up when you hear them using racist, sexist, homophobic, or other biased or harmful language;
- Confronting a person who is acting sexually or romantically aggressive toward someone who seems uninterested.

**Additional Resources & Information on Bystander Intervention**

The more you learn about bystander intervention, the easier it becomes to recognize concerning situations and intervene. Within UVM, [Living Well @ UVM](https://livingwell.uvm.edu) offers training and resources that can help you develop your skills to intervene as a bystander, and to promote community safety. Contact the Bystander Intervention Coordinator in Living Well at 802-656-0441 or annie.valentine@uvm.edu for more information or to schedule a training.

The following outside resources have more valuable information about Bystander Intervention:

- **“Who Are You”** – Video on Bystander Intervention from New Zealand:
  https://www.youtube.com/watch?v=9zr1oxEbdsw
- **“Strategies for Effective Helping”** – More information and strategies for Bystander Intervention from Step UP!
  http://stepupprogram.org/facilitatorsestrategies-effective-helping/

**RISK REDUCTION – SAFE & POSITIVE WAYS TO REDUCE RISK**

Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for individuals in order to promote safety and to help individuals and communities address conditions that facilitate violence. Risk reduction used jointly with Bystander Intervention can have a powerful positive impact on a community.

**Safe & Positive Risk Reduction Strategies:**

- Travel with friends in groups of three or more whenever possible. Have at least one person who is aware of where you are and who you are with. Be sure to update that person if plans change.
- Know your surroundings. Always carry emergency cash and keep phone numbers for friends, local cab companies, the Victim’s Advocate, Police Services, etc. handy.
- Trust your instincts. If you find yourself at a party where you don’t know a lot of people or the crowd doesn’t feel right, gather your friends and leave.
- Always carry your cell phone charged. If you are concerned for you or a friend’s immediate safety, do not hesitate to call 9-1-1.
- If a friend seems to be acting strangely or not like themselves, kindly check in with them to be sure everything is OK. Use “I” statements. Say something like “I have noticed that you seem to be doing XYZ lately. Is everything going OK?” Let them know that you are there and can support them, and that there are resources on campus that they can turn to.
- Continue educating yourself about personal and community safety, and bystander intervention. Get involved in on- or off-campus offices that are doing this type of work or sign up for a class that seems relevant like the RAD program sponsored every semester by UVM Police Services.
PROGRAMMING, EDUCATION, AND SERVICES

The University of Vermont offers an array of crime prevention and awareness programs throughout the year. Programs include general crime prevention and awareness, as well as programs to prevent discrimination and harassment, including dating violence, domestic violence, sexual assault, sexual exploitation, and stalking.

Crime prevention, awareness, and safety education efforts at UVM are conducted using a multifaceted, multi-department approach that begins before a student arrives on campus. Incoming students at all levels must complete primary prevention programs before their first semester, such as the online AlcoholEDU program and the Haven program on sexual misconduct and bias awareness and prevention. All incoming first year students are also required to attend two hours of on-campus crime prevention and awareness training during the Opening Weekend Sessions when they arrive on campus. In August, members of the Residential Education Team (many leadership staff in the Department of Residential Life) and all Resident Advisors (RAs) for the upcoming academic year receive specific training in preventing harassment, bias, and sexual misconduct. New staff employees must complete an orientation program during onboarding called UVM Culture and Community. Additionally, all new UVM employees are required to complete an online Harassment and Discrimination Prevention training through EverFi, which includes a separate supervisor-specific training module for all supervisors at the University.

Many ongoing crime awareness and prevention programs are held on campus throughout the year and are hosted by a number of departments. UVM Police Services employs a crime prevention officer who conducts a range of trainings for all UVM community members. Police Services also offers security audits, active shooter response training, and safety planning for students, employees, and departments, as well as RAD Self Defense training. Other University departments host several additional programs, including educational efforts such as Step Up! Think. Care. Act. and the Dismantling Rape Culture Conference described below.

The University encourages community members to take full advantage of safety programs and initiatives designed to protect their person and property.

Primary Prevention and Awareness Programs

Summary and Compliance Statement

Primary prevention programs are programming, initiatives, and strategies intended to stop all forms of sexual misconduct, including dating violence, domestic violence, sexual assault, sexual exploitation, and gender-based stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions. Awareness programs are community-wide or audience specific programming, initiatives, and strategies that increase knowledge, and share information and resources to prevent violence, promote safety and reduce perpetration.

The University of Vermont prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking as those terms are defined for the purposes of the Clery Act (definitions in Appendix A see page 66) and as those terms are defined by the State of Vermont (definitions in Appendix B see page 67). The University has defined consent in the Institution’s Sexual Harassment & Misconduct Policy (see page 15), and the State of Vermont has defined consent in the Vermont State Statutes (see page 15). The University encourages members of the community to take safe and positive options for bystander intervention; more information, including a definition of bystander intervention, is available on page 49. The University also encourages members of the community to take risk reduction steps; more information, including a definition of risk reduction, is available on page 50.

Primary prevention and awareness programs offered by UVM are tailored to the needs of the UVM community, including students and employees. These programs are culturally relevant, inclusive of and responsive to all parts of the UVM community, and are informed by research for efficacy.
All incoming UVM students must complete the primary prevention and awareness programs Haven and Alcohol EDU, and incoming First Year students also are required to attend Opening Weekend Sessions. All new UVM Staff Employees must complete the New Employee Orientation program UVM Culture and Community. Additionally, all new UVM employees are required to complete an online Harassment and Discrimination Prevention training through EverFi as part of their onboarding process, which includes information about preventing sexual misconduct and harassment. These primary prevention and awareness programs for students and employees are further described below.

**Haven Primary Prevention Program for Incoming Students**

All incoming students are required to complete an online educational program prior to their arrival on campus known as Haven. Haven uses a population-level approach to educate students on the issues associated with sexual harassment, sexual misconduct, sexual assault, and relationship violence, taking into account their unique perspectives and experiences, providing key definitions and statistics, reflective and personalized content, bystander skill and confidence-building strategies for intervention, and campus-specific policies, procedures, and resources. Incoming students under age 21 complete the standard Haven program, and incoming students 21 and over complete a program called Haven Plus, specifically tailored for students of legal drinking age and older. For more information about Haven, please email the Dean of Students Office at deanofstudents@uvm.edu.

Haven Primary Prevention Program for Student Employees

As part of the hiring process for Student Employees, the University’s Student Employment Office verifies that prospective student employees have completed the required Haven training program (Haven or Haven Plus). Students are not eligible for student employment positions until the appropriate Haven training has been completed. Should the Student Employment Office find that a student has not completed the Haven training program, the student will be required to complete the training before being hired into a student employment position at the University.

**AlcoholEdu for College Students**

The University of Vermont continually takes active steps to reduce unsafe alcohol use on campus. Toward that end, every incoming student under age 21 is required to complete AlcoholEdu for College Students, an online tangible population-level prevention program that challenges students' expectations around alcohol while encouraging students to make healthier and safer decisions, and to reduce risk. For more information, please email the Dean of Students Office at deanofstudents@uvm.edu.

**Residential Life Opening Weekend Sessions and RA Community Meetings**

In collaboration with Residential Life, Student Life, the Center for Health & Wellbeing, and the Dean of Students Office, all first year students are required to attend an in-person 2 hour educational session during move-in weekend covering the following topics: sexual and relationship violence, mental health, and high risk alcohol and other drug use. This in-person session builds off of the required online education courses (described above) that incoming students are required to complete, and incorporates a safe and positive bystander intervention model. For more information, please email the Dean of Students Office at deanofstudents@uvm.edu.

**New Employee Orientation: UVM Culture and Community**

All new University staff members are required to participate in a comprehensive onboarding program. The program is designed to help ensure that individuals experience a smooth transition into their role at UVM, and provide a forum to discuss issues related to the climate and culture of the University. UVM Culture and Community is an interactive program with a focus on small-group discussion of UVM’s core values from Our Common Ground: Respect, Integrity, Innovation, Openness, Justice, and Responsibility. In the course of this program, all participants are provided with copies of the University’s policies regarding the Clery Act, FERPA, and a Drug-Free Workplace, among others.
**Online Harassment and Discrimination Prevention Training – EverFi**

All new UVM employees are required to complete an online Harassment and Discrimination Prevention training through EverFi. This program addresses topics relating to safe and positive options for bystander intervention and risk reduction, an overview of University policies and procedures, and detailed reporting information relating to sexual misconduct, sexual harassment, and other forms of discrimination and harassment.

**Ongoing Prevention and Awareness Campaigns**

Ongoing prevention and awareness campaigns are programming, initiatives, and strategies that are sustained over time and provide the same information as, and share goals with, primary prevention and awareness programs. The University of Vermont coordinates multiple ongoing prevention and awareness programs, some of which target the entire UVM community and some of which target segments of the community, with the goal of reaching all populations of students and employees at the institution. A representative selection of ongoing prevention and awareness campaigns offered at the University is described below.

**StepUP! Think. Care. Act. (Bystander Intervention Program)**

StepUP! is a prosocial behavior and bystander intervention program that educates students to be proactive in helping others. The goals of the program are to raise awareness of helping behaviors, increase motivation to help, develop skills and confidence when responding to problems or concerns, and ensure the safety and wellbeing of self and others. The basic training consists of a multi-media presentation as well as small group scenario discussions, which are tailored for each group. StepUP! was developed by the University of Arizona C.A.T.S. Life Skills Program, along with the National Collegiate Athletic Association (NCAA) and leading national experts.

At UVM, StepUP! Think.Care. Act. is overseen by the Bystander Intervention Coordinator in Living Well, Education and Outreach for Health and Well Being at UVM. The Coordinator manages the Peer Education Student Leader component where students are trained in public speaking, presentation techniques, leadership skills, and group facilitation strategies. Students lead trainings on ways to intervene on issues such as sexual violence, bias & discrimination, mental health and alcohol and drug use.

StepUP! Think.Care.Act. provides trainings to a broad range of UVM constituents. The StepUP! Think. Care. Act. 101 training addresses the bystander effect and knowledge, awareness and skills to identify the 5 step decision making process when intervening. Two topic specific modules are also available that focus on Mental Health and Bias. All trainings are available on request. In the 2018-19 academic year, Living Well provided this training to approximately 700 UVM Affiliates. To schedule a training for your group, club, office, or organization, or for more information, please visit our website or contact Living Well at (802) 656-0441 or Annie Valentine at Annie.Valentine@uvm.edu.

**Online Harassment and Discrimination Prevention Training – EverFi**

To ensure ongoing awareness and competency, all UVM employees are required to complete an online Harassment and Discrimination Prevention training through EverFi annually. The annual program addresses topics relating to safe and positive options for bystander intervention and risk reduction, an overview of University policies and procedures, and detailed reporting information relating to sexual misconduct, sexual harassment, and other forms of discrimination and harassment.

**Men’s Initiative**

Co-chaired by the Men’s Outreach Coordinator, the Men’s initiative seeks to increase the engagement of male-identified students at UVM. The committee has collaborated with leading experts in men’s studies and masculinities, and has hosted a drop-in men’s group. The initiative facilitates a range of educational opportunities each academic year.
Men’s Discussion Group
The Men’s Discussion Group provides a space for young men to explore their masculinities, with the underlying goal of empowering their authentic self. The group seeks to help men to heal the wounds of patriarchy. The group utilizes bell hooks' book *The Will to Change* as a foundation, and uses discussion, multimedia, and breath-work to explore boyhood, masculinity, patriarchy, art, and loving. The group runs for six weeks in the fall semester.

Project Discovery
Project Discovery is a collaboration between the Center for Student Conduct and the Center for Health & Wellbeing. It was launched in 2007 and runs every semester. The program facilitates leadership development and ethical decision-making skills for students deemed “at-risk” following interaction with the Center for Student Conduct. Project Discovery provides a lens through which these students can re-evaluate their role in the UVM Community and assess how their decisions and actions impact them as individuals and the community as a whole – positively and negatively. The goals of Project Discovery are to help “at-risk” students gain awareness of their positive leadership potential and ability; to provide training, resources, and mentorship to help students avoid future conduct violations; to establish a diversity of leadership within the campus community; to provide development opportunities to a part of the student population that often does not access them; and to serve as a preventative measure alternative to suspension following some conduct violations.

Dismantling Rape Culture Conference (DRCC)
The DRCC is an annual, day-long conference that strives to educate on and intervene in rape culture, which exists "when prevalent attitudes, norms, practices, and media condone, normalize, excuse, and encourage sexual [and all forms] of violence." This conference is about looking at the intersectional ways in which rape culture exists and about coming together to envision how we can change, shift, alter, and heal from its insidious presence in our lives. The DRCC is sponsored by the UVM Women’s Center in partnership with the Division of Human Resources, Diversity, and Multicultural Affairs, including the Mosaic Center for Students of Color, the Interfaith Center, and the PRISM Center. Please contact the UVM Women’s Center at (802) 656-7892 for more information, or visit [https://www.uvm.edu/womenscenter/programs-events](https://www.uvm.edu/womenscenter/programs-events).

UVM Women’s Center Education Initiatives
The UVM Women's Center provides ongoing opportunities for the UVM community to be in dialogue and learning together around issues of gender, power, privilege, violence, and the manifestation of a more whole and joyful community. The Center provides violence prevention education for each of UVM’s NCAA athletics teams, as well as numerous workshops for Fraternity & Sorority Life, and other student clubs and groups. Additionally, the Center offers training opportunities on the reduction and elimination of bias and harassment in partnership with UVM’s Professional Development and Training office. The Center also provides training for Student Life professionals around the impact of sexual violence and how to support those impacted as a part of preparation for each new academic year.

UVM Professional Development and Training Social Justice Classes
UVM Professional Development and Training offers a number of classes each year with particular focus on social justice related topics. These classes are designed to provide employees opportunities to examine how various biases impact individuals and communities, and to provide a forum to discuss alternative ways of working and relating each other. Education on the values of social justice, diversity, and community help to promote an inclusive and harassment-free environment at the University. For more information or to register for a workshop, contact UVM Professional Development and Training at (802) 656-5800.

Campus Transportation and Safety Escorts
UVM maintains a robust Campus Area Transportation System that is closely integrated with local public transportation systems. Buses travel on the campus and into student neighborhoods downtown until midnight during the week, and until 2 a.m. Friday – Saturday. All UVM students and employees also have free access to the Chittenden County Transportation (CCTA) bus system. After hours parking is available to all students and employees with late-night commitments. Safety escorts and rides are also offered by UVM Police on a case-by-case basis, usually after the shuttle buses stop running, by
calling (802) 656-3473. Information about bus service and safety escorts are regularly advertised to students, and students are encouraged to utilize these resources as a means of risk reduction. More information about parking and transportation on campus is available at: https://www.uvm.edu/transportation/bus-uvm-shuttle.

**Residential Advisors (RA) Training**
RAs are required to participate in a 2-week intensive training that addresses the following topics: high risk alcohol and other drug use, sexual misconduct and assault and institutional protocols for response, mental health and assisting students in distress, and understanding how to report student conduct efficiently and accurately to address community and individual health and safety. Residential Advisors are student leaders who live with their peers in each UVM Residence Hall who provide mentoring, roll modeling, support, and leadership to the students who live in their halls. Residential Advisors also do regular foot patrols through the Residence Halls to promote safety and wellness in the UVM Residential communities. For more information, contact UVM Residential Life at (802) 656-3434.

**Student Athlete Development**
The Department of Athletics Student- Athlete Development program consists of programming in five focus areas: academic excellence, athletic excellence, personal/leadership development, community service, and career development. Athletics teaches a mandatory one credit course for all first-year student-athletes designed to invoke thoughtful, reflective discussion as a means of leading them towards greater understanding of how they might achieve their academic goals, meet college challenges, and make healthy decisions. The Student-Athlete Development program at the University of Vermont offers various speakers, presentations, group training, and workshops through the fall and spring semesters. All athletes receive training and information on personal leadership, social climate and inclusion, and bystander intervention skills as part of this program. For more information, contact UVM Athletics at (802) 656-3131.

**Security Surveys**
UVM Police and Service Officers perform security surveys for employees, students, and other organizations and departments upon request, including recommendations for access and surveillance systems. Security surveys from Police Services can help UVM employees, students, organizations, buildings, and departments reduce risk and promote a safe and positive environment on campus. Please call UVM Police Services at (802) 656-3473 for more information.

**Individual Safety Planning**
A safety plan is a tool that is designed to empower you in becoming proactive about your personal safety. Safety plans are individualized plans that you should share with a trusted friend(s) describing daily actions you take to stay safe. A good safety plan covers everything from simple actions, such as keeping your door locked at all times, to more elaborate plans that detail actions for emergency or crisis situations. Safety planning is a way to take individual steps to reduce personal risk. Please call UVM Police Services at (802) 656-3473 for more information.

**Rape Aggression Defense (RAD)**
RAD is a twelve-hour course (offered in 3 hour segments), taught by certified instructors, designed to develop and enhance participants’ options of self-defense. This course is offered free of charge to members of the University community by the University Police Department approximately 4 times per year. For more information on the RAD Program, please contact Crime Prevention Officer, Sue Roberts at sue.roberts@uvm.edu or (802) 656-8009.

**Campus Security Authority (CSA) and Responsible Employee (UVM Reporter) Training**
A minimum of four (4) live programs are scheduled each calendar year for the benefit of designated UVM Reporters to familiarize themselves with their responsibilities under federal law (Clery Act, Title IX, and other non-discrimination laws) and University policy. Additional trainings are scheduled on an as requested basis. This training includes basic information on how to support victims of crime and how to safely intervene as a bystander by delegating to the appropriate University or Law Enforcement Official. For more information on this training program, please contact the Clery Act Coordinator at
(802) 656-3052 or kelly.riel@uvm.edu. The training materials are also available electronically at https://www.uvm.edu/police/uvm-reporters-campus-security-authorities.
PREPARING AND DISTRIBUTING THE ANNUAL CRIME REPORT

UVM Police Services is responsible for the collection and compilation of crime statistics for Clery qualifying crimes, including hate crimes, through exercise of their traditional duties, working relationships with area law enforcement agencies, and receipt of CSA Reporting Forms through [www.uvm.edu/police/csa](http://www.uvm.edu/police/csa). Written requests for Clery crime statistical information related to off-campus facilities controlled by the institution and used by UVM students as part of their UVM program frequently, repeatedly, or for a long duration (including locations and student housing owned or controlled by officially recognized student organizations) are made on an annual basis to relevant police agencies that do not share the same Law Enforcement Records Management system used by UVM Police Services. Police agencies that do share the same Law Enforcement Records Management system are sent a request letter that includes notice that UVM Police Services is collecting the relevant information pursuant to Clery reporting and a request for assistance in the event that any records may not be included, accurate, or up to date in the Records Management System.

In addition, UVM Police Services is responsible for querying UVM Responsible Officials for campus conduct processes at the close of each calendar year as to (1) the number, (2) location on University property, and (3) classification of violations of state and local ordinances (drug, liquor and weapon laws) occurring on or near campus for the applicable time period for inclusion in this Report. UVM Police Services, in cooperation with local law enforcement agencies as outlined above, tracks arrests of the same.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provides direct web site access (including exact URL - [http://www.uvm.edu/police/reports/clery/public-safety-report.pdf](http://www.uvm.edu/police/reports/clery/public-safety-report.pdf) - to this report. All prospective students are further noticed of the availability of this Report by the Offices of Admissions via the UVM Viewbook. All prospective employees are noticed of this report by the office of Human Resource Services, which prominently includes a notice of and link to this report in all job postings at the University. Hard copies of the Report are available upon request from University Police Services located at 284 East Avenue in Burlington, Vermont.
ANNUAL CRIME STATISTICS: 2016 – 2018

Under the Clery Act, colleges and universities are required to report a number of crime statistics using uniform definitions. UVM reports these statistics directly to the Department of Education and publishes them in the University’s Annual Security Report (this document) by October 1 each year. The Annual Security Report is published online and distributed as described in the previous section. The Department of Education publishes the Clery statistics from every college and university with obligations under the Clery Act on its website at: http://ope.ed.gov/campussafety/#/.

UNDERSTANDING CLERY CRIME STATISTICS

Introduction

The Clery Act requires UVM to report statistics for certain crimes reported to have occurred on and around campus and at other properties owned or controlled by the institution that are frequently used by students in support of an educational program. In addition to crime report statistics, the University also must report statistics for certain crimes determined to be motivated by bias or hate (hate crimes), as well as certain arrests and disciplinary referrals to the campus judicial process.

It is important to note that the Clery Act may define a particular crime differently than that crime is defined under Vermont law or the jurisdiction where an incident took place. For purposes of this report, the University uses the Clery Act definitions, which have been adopted from the Federal Bureau of Investigation’s Uniform Crime Reporting Handbook (UCR), the National Incident-Based Reporting System Edition of the UCR for sex offenses, and the Violence Against Women Reauthorization Act of 2013. The definitions used for crime classification under the Clery Act are used by institutions throughout the United States.

The Clery Act requires that the statistical information in this report be broken down into standardized geographic categories. These categories are defined by the Department of Education and are used by all colleges and universities with Clery reporting obligations. In the statistical tables in this section, the data is broken down by both the type of offense and the geographic location where the offense occurred, as required by law.

Definitions: Geographic Location Categories

- **On-Campus Property:** Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to such buildings or property that is owned by the institution but controlled by another person and is frequently used by students and supports institutional purposes.

- **Student Housing Facilities (Subset of On-Campus Property):** Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus.

- **Public Property:** All thoroughfares, streets, sidewalks, and parking facilities that are within the campus, or immediately adjacent to and accessible from the campus.

- **Non-Campus Property:** Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

---

10 The University of Vermont considers a property “frequently used” if it is rented, leased, or otherwise controlled by the institution for a “long duration” or if it is subjected to “repeated use.” The University defines a “long duration” as use for two consecutive nights or more in a calendar year, and considers a property subjected to “repeated use” if it is used for two nights in a two calendar-year period. This standard has been in use since the 2017 reporting period based on newly released guidance from the U.S. Department of Education. For reporting year 2016 the University defined “frequently used” property as property rented, leased, or controlled for 20 consecutive nights or more in a calendar year or used for two nights in a two calendar-year period by at least two students.
Definitions: Primary Reportable Clery Crimes (Criminal Offenses)
The first table below contains statistics for reports of incidents considered to be “Primary Crimes” under the Clery Act (also called “Criminal Offenses” for reporting purposes). This category includes statistics regarding eleven types of criminal incidents. Sexual assault statistics (also referred to as “sex offenses”) are reported in this table and are listed as four specific crime categories: fondling, incest, rape, and statutory rape. The list of primary crimes and their definitions are listed here.

- **Murder/Non-Negligent Manslaughter**: The willful (non-negligent) killing of one human being by another.  
  Note: deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.

- **Manslaughter by Negligence (Formerly called “Negligent Manslaughter”)**: The killing of another person through gross negligence.

- **Rape**: The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

- **Fondling (Formerly called “Forcible Fondling”)**: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

- **Incest**: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

- **Statutory Rape**: Sexual intercourse with a person who is under the statutory age of consent.

- **Robbery**: The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

- **Aggravated Assault**: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Note: It is not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

- **Burglary**: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes: unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

- **Motor Vehicle Theft**: The theft or attempted theft of a motor vehicle. Motor vehicle theft includes all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned, including joy riding.

- **Arson**: The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another, etc.

Definitions: Violence Against Women Act (VAWA) Offenses
The second table below contains statistics for offenses defined by the Violence Against Women Reauthorization Act of 2013; these offenses included Dating Violence, Domestic Violence, and Stalking. It should be noted that sexual assault / sex offenses are also VAWA Offenses, but that sex offenses must be reported with Primary Crimes (see above) under the Clery Act.

- **Domestic Violence**: Felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person’s acts.
under the domestic family violence laws of the jurisdiction in which the crime of violence occurred.
In accordance with Vermont law [15 V.S.A. § 1101], Domestic Violence includes felony or misdemeanor crimes of violence committed by persons who, for any period of time, are living or have lived together, are sharing or have shared occupancy of a dwelling, are engaged in or have engaged in a sexual relationship, or minors or adults who are dating or who have dated [“household members”]. Due to the inclusion of “household members” in the definition of domestic violence under Vermont law, incidents of ‘Dating Violence’ as defined below which occur in Vermont are captured under ‘Domestic Violence.’ For more information, see the definition of Dating Violence below, and refer to STATISTICAL TABLE CAVEATS numbers 4 and 5 on page 65 for additional information.

- **Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited, to sexual or physical abuse or the threat of such abuse, and **dating violence does not include acts covered under the definition of domestic violence.**
  - **Please note:** Due to the inclusion of “household members” in the definition of domestic violence under Vermont law [15 V.S.A. § 1101], all incidents occurring in the State of Vermont covered by the definition of Dating Violence listed here are covered under the definition of Domestic Violence and are reported as such. See STATISTICAL TABLE CAVEATS numbers 4 and 5 on page 65 for additional information.

- **Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others, or suffer substantial emotional distress. For the purposes of this definition: 
  
  *Course of Conduct* means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
  
  *Reasonable Person* means a reasonable person under similar circumstances and with similar identities to the victim.
  
  *Substantial Emotional Distress* means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.

**Definitions: Weapon, Drug, and Liquor Law Violations**

The third table below contains statistics for arrests and referrals for disciplinary action (disciplinary referrals) for law violations including weapons laws, drug abuse laws, and liquor laws. For the purposes of this table, “arrest,” “disciplinary referral,” and each type of law violation is defined here. **Please note:** if, in a single incident, an individual is arrested for multiple violations in this category, the statistic will be counted only as the most egregious law violation as determined by a hierarchy rule used internally at the University of Vermont; this hierarchy rule ranks violations from most egregious to least egregious as: Weapons Law Violations, Drug Abuse Violations, Liquor Law Violations.

- **Arrest:** Persons processed by arrest, criminal citation or summons.
- **Referral for Disciplinary Action / Disciplinary Referral:** The referral of any person to any official who initiates a disciplinary action of which a record is established and which may result in the imposition of a sanction.
- **Weapon Law Violation:** The violation of state and local laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.
- **Drug Abuse Violation:** Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include, but are not limited to: Opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); dangerous non-narcotic drugs (barbiturates, Benzedrine); bath salts and their derivatives; and illegally obtained prescription drugs.
- **Liquor Law Violation:** The violation of state and local laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to minor or intemperate person; using a vehicle for illegal transportation or
liquor; drinking on a train or public conveyance; all attempts to commit any of the aforementioned. Drunkenness and driving under the influence are NOT included in this definition, nor is possession of alcohol by an individual 21 years of age or older where such possession is in violation of University policy (i.e. in a residence hall).

Definitions: Hate Crimes

Hate Crime statistics are presented in a narrative format following the statistical tables. A Hate Crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. In order for an incident to be classified as a Hate Crime, sufficient objective facts must be present to lead a reasonable and prudent person to conclude that the offender’s actions were motivated, in whole or in part, by bias.

Although there are many possible categories of bias, under the Clery Act only Hate Crimes motivated by bias based on Race, Religion, Sexual Orientation, Gender, Gender Identity, Ethnicity, National Origin, and Disability are reported. These categories of bias are defined by the Department of Education below.

- **Race**: A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.
- **Religion**: A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.
- **Sexual Orientation**: A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.
- **Gender**: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.
- **Gender Identity**: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.
- **Ethnicity**: A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion), and/or ideology that stresses common ancestry.
- **National Origin**: A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.
- **Disability**: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such a disability is temporary or permanent, congenital or acquired by hereditary, accident, injury, advanced age, or illness.

Hate Crime statistics are reported for the Primary Reportable Crime categories of Aggravated Assault, Arson, Burglary, Motor Vehicle Theft, Murder/Non-Negligent Manslaughter, Robbery, and Sexual Assault (including Fondling, Incest, Rape, and Statutory Rape). In addition, hate crimes are reported for the offenses of Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/Vandalism of Property, as defined below.

- **Larceny-Theft**: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Constructive Possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.
- **Simple Assault**: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.
- **Intimidation**: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- **Destruction/Damage/Vandalism of Property**: To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it. Incidents of burning that willfully or maliciously destroy, damage, or deface property are counted as Arson, not Destruction/Damage/Vandalism of Property.

**Definitions: Unfounded Crimes**

Beginning with the 2014 crime statistics, the Clery Act has required institutions to report statistics for the total number of crime reports that were “unfounded” and subsequently withheld from crime statistics during each of the three most recent calendar years. The total number of unfounded crimes is reported in a narrative format following the Hate Crime statistics.

For Clery Act purposes, a crime is only considered unfounded if sworn or commissioned law enforcement personnel make a formal determination that the report is false or baseless. Crime reports can be properly determined to be false only if the evidence from a complete and thorough investigation establishes that the crime reported was not, in fact, completed or attempted in any manner. Crime reports can be determined to be baseless only if the allegations reported did not meet the elements of the offense or were improperly classified as crimes in the first place.

- **Unfounded Crimes**: Clery Act crimes reported to have occurred on the institution’s Clery Act geography that are thoroughly investigated by sworn or commissioned law enforcement personnel and found, through investigation, to be false or baseless, meaning that the crime did not occur and was never attempted. Reports of burglaries where investigation determined that the items were misplaced by the owner and burglary did not occur and was not attempted, and reports of motor vehicle thefts where investigation determines that the car was misplaced by the owner and a motor vehicle theft did not occur and was not attempted are not included as unfounded crimes.

STATISTICAL TABLE CAVEATS
In the statistical tables above, caveats are indicated by numbers in parentheses. There are five caveats to the above statistical tables. These caveats are described by number below.

1. Incidents that were reported without exact geographic locations but believed by the University to have occurred on campus are included in the On Campus statistics.

2. All crimes in the “Student Housing Facilities” column are also represented in the “On Campus” column. This is in accordance with Department of Education Clery Act reporting guidelines.

3. To the extent that sex offenses were reported as “sexual assault” with insufficient information to characterize the type of sexual assault, they have been classified and reported as Rape.

4. These statistics encompass both Domestic Violence and Dating Violence as contemplated by the Violence Against Women Act for all crimes reported to have occurred in the State of Vermont, as the State of Vermont’s definition of Domestic Violence captures all incidents of Dating Violence as defined by the Act. See Statistical Table Caveat number five for additional details.

5. Due to the inclusion of “household members” in the definition of Domestic Violence under Vermont law [15 V.S.A. § 1101], all incidents occurring in the State of Vermont considered Dating Violence as defined by the Violence Against Women Act are covered under the definition of Domestic Violence and are reported as such. Due to this jurisdictional definition of Domestic Violence, Dating Violence statistics are not separately reportable by the University of Vermont for locations to include On Campus, Public Property, and Student Housing Facilities, as the entirety of each these geographic categories is within the state of Vermont. Incidents of Dating Violence within these geographic locations are reported as Domestic Violence, in accordance with jurisdictional definition of these crimes.

6. Possession and use of marijuana was legalized in the State of Vermont effective July 1, 2018, which has impacted the number of drug abuse arrests and Clery reportable disciplinary referrals at the University of Vermont. Civil citations are not Clery reportable. The possession and use of marijuana on campus remains strictly prohibited by federal law and UVM Policy and subject to disciplinary action.

HATE CRIME STATISTICS: 2016 – 2018
In 2016, 0 crimes were deemed to be bias motivated.

In 2017, 0 crimes were deemed to be bias motivated.

In 2018, 3 crimes were deemed to be bias motivated:
- One incident of intimidation was deemed to be motivated by bias based on Gender Identity. This incident occurred in an on campus location.
- One incident of intimidation was deemed to be motivated by bias based on Religion. This incident occurred in an on campus student housing facility.
- One incident of vandalism was deemed to be motivated by bias based on Race. This incident occurred in an on campus location.

UNFOUNDED CRIME STATISTICS: 2016 – 2018
In 2016 there were 2 unfounded crimes.

In 2017 there were 3 unfounded crimes.

In 2018 there were 2 unfounded crimes.
APPENDIX A: Violence Against Women Reauthorization Act of 2013 Definitions

APPENDIX A

Violence Against Women Reauthorization Act of 2013 Definitions

The University of Vermont’s definitions of relationship violence, sexual assault, and stalking (listed above, see page 14) capture all offenses defined by the Violence Against Women Reauthorization Act of 2013 (VAWA) as dating violence, domestic violence, sexual assault, and stalking. Below is a listing of these offenses as defined by VAWA:

1. **Dating Violence**: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
   a. The existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
   b. For the purposes of this definition –
      i. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
      ii. Dating violence does not include acts covered under the definition of domestic violence.

2. **Domestic Violence**: A felony or misdemeanor crime of violence committed –
   a. By a current or former spouse or intimate partner of the victim;
   b. By a person with whom the victim shares a child in common;
   c. By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
   d. By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
   e. By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

3. **Sexual Assault**: An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is “any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.”

4. **Stalking**:
   a. Engaging in a course of conduct directed at a specific person that would cause a reasonable person to –
      i. Fear for the person’s safety or the safety of others; or
      ii. Suffer substantial emotional distress
   b. For the purposes of this definition –
      i. Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
      ii. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
      iii. Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily, require medical or other professional treatment or counseling.

---

11 Note that the Violence Against Women Act expired on February 15, 2019 and has not been re-authorized by the United States Government as of the publication of this report.
APPENDIX B: Vermont Criminal Statute Definitions

The University of Vermont department of Police Services has full law enforcement authority in the State of Vermont as enacted by the General Assembly of the State of Vermont: Title 16 VSA § 2283. The State of Vermont Statutes contain jurisdictional criminal definitions of domestic violence, sexual assault, and stalking. In addition to enforcement of University of Vermont policies and compliance with the Violence Against Women Reauthorization Act of 2013, The University of Vermont, through the department of Police Services, enforces the Vermont Criminal Statutes. This includes enforcement of laws against domestic violence, sexual assault, and stalking. Vermont criminal definitions of these acts are listed below:

**Domestic Violence (defined in 15 V.S.A. § 1151)**

"Domestic violence" means an act of abuse as defined in subdivision 1101(1) of this title and includes a threat of such acts committed against an individual in a domestic situation, regardless of whether these acts or threats have been reported to law enforcement officers.

15 V.S.A. § 1101 Definitions

The following words as used in this chapter shall have the following meanings:

1. "Abuse" means the occurrence of one or more of the following acts between family or household members:
   a. Attempting to cause or causing physical harm.
   b. Placing another in fear of imminent serious physical harm.
   c. Abuse to children as defined in subchapter 2 of chapter 49 of Title 33.
   d. Stalking as defined in 12 V.S.A. § 5131(6).
   e. Sexual assault as defined in 12 V.S.A. § 5131(5).

2. "Household members" means persons who, for any period of time, are living or have lived together, are sharing or have shared occupancy of a dwelling, are engaged in or have engaged in a sexual relationship, or minors or adults who are dating or who have dated. "Dating" means a social relationship of a romantic nature. Factors that the court may consider when determining whether a dating relationship exists or existed include:
   a. the nature of the relationship;
   b. the length of time the relationship has existed;
   c. the frequency of interaction between the parties;
   d. the length of time since the relationship was terminated, if applicable.

NOTE: There is no separate definition of “dating violence” in the Vermont Statutes. Notably, the above statutory definition of domestic violence captures all incidents characterized by VAWA as dating violence.

**Sexual Assault (defined in 15 V.S.A. § 1151)**

"Sexual assault" means an act of assault as defined in 13 V.S.A. § 3252(a) or (b) (sexual assault) or 3253(a) (aggravated sexual assault), and includes a threat of such acts, regardless of whether these acts or threats have been reported to law enforcement officers.

Sexual assault (13 V.S.A. § 3252)

A. No person shall engage in a sexual act with another person and compel the other person to participate in a sexual act:
   1. without the consent of the other person; or
   2. by threatening or coercing the other person; or
   3. by placing the other person in fear that any person will suffer imminent bodily injury.

B. No person shall engage in a sexual act with another person and impair substantially the ability of the other person to appraise or control conduct by administering or employing drugs or intoxicants without the knowledge or against the will of the other person.
APPENDIX B

C. No person shall engage in a sexual act with a child who is under the age of 16, except:
   1. where the persons are married to each other and the sexual act is consensual; or
   2. where the person is less than 19 years old, the child is at least 15 years old, and the sexual act is consensual.

D. No person shall engage in a sexual act with a child who is under the age of 18 and is entrusted to the actor's care by authority of law or is the actor's child, grandchild, foster child, adopted child, or stepchild.

E. No person shall engage in a sexual act with a child under the age of 16 if:
   1. the victim is entrusted to the actor's care by authority of law or is the actor's child, grandchild, foster child, adopted child, or stepchild; or
   2. the actor is at least 18 years of age, resides in the victim's household, and serves in a parental role with respect to the victim.

NOTE: For the purposes of the above, the following definitions should be used (from 13 V.S.A. § 3251):
1. A "sexual act" means conduct between persons consisting of contact between the penis and the vulva, the penis and the anus, the mouth and the penis, the mouth and the vulva, or any intrusion, however slight, by any part of a person's body or any object into the genital or anal opening of another.
2. "Consent" means words or actions by a person indicating a voluntary agreement to engage in a sexual act.

Stalking (13 V.S.A. § 1061)

1. (A) "Course of conduct" means two or more acts over a period of time, however short, in which a person follows, monitors, surveils, threatens, or makes threats about another person, or interferes with another person's property. This definition shall apply to acts conducted by the person directly or indirectly, and by any action, method, device, or means. Constitutionally protected activity is not included within the meaning of "course of conduct."
   (B) As used in subdivision (A) of this subdivision (1), threaten shall not be construed to require an express or overt threat.
2. "Emotional distress" means significant mental suffering or distress that may, but does not necessarily, require medical or other professional treatment or counseling.
3. "Reasonable person" means a reasonable person in the victim's circumstances.
4. "Stalk" means to engage purposefully in a course of conduct directed at a specific person that the person engaging in the conduct knows or should know would cause a reasonable person to fear for his or her safety or the safety of another or would cause a reasonable person substantial emotional distress. (Added 1993, No. 95, § 1; amended 1999, No. 124 (Adj. Sess.), § 3; 2005, No. 83, § 4; 2013, No. 150 (Adj. Sess.), § 1; 2015, No. 162 (Adj. Sess.), § 5.)
APPENDIX C:

Listing of Potential Student Sanctions for Sexual Harassment & Misconduct Policy Violation

This information is taken from the University Operating Procedure Sexual Harassment and Misconduct Sanctioning Procedures for Student Respondents, section III(C). These procedures are available in full at:

http://www.uvm.edu/policies/general_html/sanction_procedures.pdf

Sanctions that may be imposed include, but are not limited to, the following:

- **Probation**: An official notice indicating that subsequent violations of University policy will result in a review for suspension or dismissal from the University.

- **Educational Sanctions**: The Sanctioning Panel may require completion of a variety of educational sanctions, examples of which may include (1) a reflective essay or a research paper on a designated topic, (2) creating or attending a program, reading books, watching videos, (3) a formal apology, in writing or in person, (4) a presentation, or (5) alcohol or other drug education or referral.

- **Fines or Fees**: The Respondent must pay all fines or fees associated with required education, consultations, and classes, as well as those for sessions with a Certified Counselor. Such fines may be billed to a student’s financial account.

- **Community Restitution**: The Sanctioning Panel may also require performance of a specified number of community restitution hours. This sanction will be fulfilled either on or off campus, as specified. On campus service will take place in a specified department.

- **Suspension from Residence Halls**: This sanction prohibits the student from residing in any University operated residence hall on either a temporary or a permanent basis. The Respondent may reapply for housing after the stated period of suspension. Specific restrictions on access to residence halls during the period of suspension may also be imposed. Suspension usually includes forfeiture of any fee rebate for the remainder of the housing contract.

- **Suspension from the University**: This sanction separates the student from the University for a specified period of time, and prohibits attendance at any classes or participation in the University Study Abroad program during the suspension period. The terms of the suspension may restrict access to University grounds or buildings, as well as attendance at University-sponsored social events, or other functions, as deemed appropriate by the Dean of Students. The student may not register or enroll until the stated period of suspension is completed and any requirements for the period of suspension are fulfilled.

- **Deferred Suspension**: This sanction may be offered to students in lieu of suspension from the University when a student has taken responsibility for their actions and/or demonstrates a desire to change behavior. The duration of any deferred suspension period, and the specific restrictions imposed, will be determined by the Sanctioning Panel on a case-by-case basis. During a deferred suspension period, the student may continue to attend classes. However, the underlying suspension will be automatically enforced for failure to complete the program or other imposed sanction by the deadline, or for any subsequent violation of University policy. This deferred suspension program is coordinated through the UVM Center for Student Conduct and requires a student to submit an application. Students meet with a Coach who will work with the student throughout the semester to develop a set of personal development goals, activities, and identify any additional service providers.

- **Dismissal**: This sanction separates the student permanently from the University of Vermont.

In addition to the sanctions listed above, the Center for Student Conduct may place a hold on the student's future registration privileges with the University should there be any incomplete sanctions. Such a hold results in a cancellation of all pre-registered courses. The hold remains in effect until the outstanding student conduct matter and sanctions have been resolved.

Additionally, a student who fails to comply with sanctions imposed will be billed a $150 noncompliance fee to the student’s account, and the Center for Student Conduct may impose additional sanctions on the Respondent, up to and including dismissal from the University.
