Additional Conditions for Veterans Affairs Education Benefits

In compliance with Section 103 of the Veterans Benefits and Transition Act of 2018 the University of Vermont will permit any covered individual to attend or participate in a course of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility for entitlement to educational assistance under Chapter 31 or Chapter 33 (a "certificate of eligibility" can also include a "Statement of Benefits" obtained from the Department of Veterans Affairs' (VA) website – eBenefits, or a VAF 28-1905 form for chapter 31 authorization purposes) and ending on the earlier of the following dates:

- 1. The date on which payment from VA is made to the institution.
- 2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

The University will not require Chapter 31 or Chapter 33 beneficiaries to take additional measure to stay enrolled in a course pending receipt of educational or training assistance under a law administered by VA, and will not impose any penalty, including the assessment of late fees, denial of access to classes, libraries, or other institutional facilities, or require any covered individual to borrow additional funds because of the individual’s inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33 if the Individual:

Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020 any debt resulting from an overpayment of tuition and fees sent to the University by the Department of Veterans Affairs for a veteran or eligible person shall be repaid by the University on behalf of the student, even if the overpayment was created by a student's voluntary change in enrollment. The University may collect such a debt from the student. UVM will pursue normal receivables practices in collection of the resulting debt.

Academic Progress Requirements for Veterans Affairs Education Benefits

The Department of Veterans Affairs requires the University of Vermont to enforce strict academic progress requirements for all students using VA Education Benefits. Failure to adhere to the requirements below will result in suspension of VA benefits for the student and may result in a debt owed to UVM or VA.

Probation and Dismissal

VA students are placed "on trial" by their dean or designated committee of their college/ school as outlined below. Special academic conditions may be set in each case. Normally, the period of "trial" status is one semester. Students may appeal dismissal.

This applies to VA students at all levels, including Undergraduate, Graduate, and Larner College of Medicine students, in the following instances:

1. Students, having been dismissed for low scholarship, are placed "on trial" upon readmission.
2. Students will be dismissed from UVM if they receive grades below passing in one-half or more of their semester credits in any semester and VA will be notified of the academic dismissal. If a student's appeal of dismissal is granted by the designated committee, the student's enrollment will be certified to VA for the enrollment period while the student is "on trial".
3. Students whose records have been consistently below the graduating average or generally unsatisfactory in any semester, as defined by the Academic Catalogue, will be placed "on trial." Academic Progress is detailed in the Undergraduate Catalogue page 468, in the Graduate Catalogue on page 244, and the Larner College of Medicine Catalogue page 45.

Students who fail to meet the condition of their trial will be dismissed for low scholarship, unless they are allowed to continue by action of the designated committee. Students allowed to continue in their college / school by the committee will be continued "on trial" and may be ineligible for VA benefits until that status is removed. Students dismissed for low scholarship must address their application for readmission, if any, to their college/ school and receive written approval from their dean before enrolling in any university course. Students dismissed for disciplinary reasons must receive written approval from the Vice Provost for Student Affairs before enrolling in any university course.

Students dismissed from UVM must contact the Department of Veterans Affairs, Buffalo VBA Regional Office at <https://www.va.gov/contact-us/> before VA benefits can be reinstated.

Academic Progress Records

Academic Progress towards graduation is tracked and stored for Undergraduate Students In their Degree Works audit, available in the myUVM Portal "Advising (Degree Audit)" tab. Graduate student progress is kept at the department level and updated per semester by the student's academic advisor. Graduate students are encouraged to meet with their academic advisor every semester to review their progress towards graduation. Larner College of Medicine student progress is kept with the College of Medicine Dean's Office. Academic Progress is updated each term after final grades. Students are encouraged to meet with their academic advisor each term to determine progress towards graduation.

Graduate College and Larner College of Medicine

Graduate College and Larner College of Medicine VA Students are subject to the above policies for probation and dismissal, as well as attendance, and the requirements of #1, #2, and #3, above. Students must agree to this on the Request for Enrollment Certification form submitted electronically through the myUVM Portal "Veterans" tab for each term in which they choose to use VA education benefits.
