**Definitions**

The following definitions apply to terms used in this policy.

**Affiliate Organization:** An Affiliate Organization is any organization that fits the definition specified in UVM’s Affiliated Organizations policy ([https://www.uvm.edu/sites/default/files/UVM-Policies/policies/affiliated_organizations.pdf](https://www.uvm.edu/sites/default/files/UVM-Policies/policies/affiliated_organizations.pdf))

**Contributor:** A University academic or administrative unit or University-recognized group or organization that donates cash or in-kind goods or services to an event or activity. Recipient persons, groups, organizations, or entities are not automatically entitled to facilities, grounds, or services at a reduced or a free rate.

**External Event:** Any event that does not meet the criteria for an internal event will be considered an external event and will be required to sign a contract, pay for facility rental fees and services, provide a damage deposit if requested, and provide proof of insurance as established by Risk Management. Organizations that have been granted recognition as an Affiliate Organization are considered external events. External vendors used for an event must abide by all University policies and provide proof of insurance as established by Risk Management.

**Hosted/Sponsored Event:** Hosted programs are activities, meetings or events in which a faculty, staff or student organization elects to pay some or all of the financial costs (i.e., facility rental, catering, production, etc.) to help support the program coming to the University. Hosting or sponsoring an event does not make the event an Internal Event.

**Internal Event:** An internal event is an activity, program or event that meets all of the following criteria:

A. Must be originated and developed by a University academic or administrative unit or University recognized group or organization.

B. Must be planned by a University academic or administrative unit or University recognized group or organization.

C. Must be managed (on-site execution) by a University academic or administrative unit or University recognized group or organization. The unit, group or organization managing the event also must assume responsibility for issues that may arise in the case of an injury/accident.
D. The primary purpose of the event must be aligned with the primary purpose of the unit, group, or organization.

NOTE: External vendors participating in internal events are required to maintain liability insurance to cover the user’s activities on campus in an amount not less than $1,000,000, unless a lesser amount of insurance is approved by the University’s Department of Risk Management. Vendors can obtain one-time liability insurance at an affordable cost through UVM’s Tenant User and Liability program (TULIP) by accessing the following link https://tulip.ajgrms.com/ and using UVM’s code 4262 when registering.

**Recognized Group or Organization:** A student, faculty or staff group, organization, or club recognized by the University as set forth in the University Group and Organization Recognition Policy (https://www.uvm.edu/sites/default/files/UVM-Policies/policies/grouprecognition.pdf). See, http://www.uvm.edu/sga/documents/ClubsandOrgs2016.pdf for a list of recognized student groups, organizations, and clubs.

**Services:** Logistical support including, but not necessarily limited to, event coordination, custodial and grounds services, utilities, ticketing services, police or security services, parking, transportation, catering, and the like, which are requested or required by the University to implement an event. Costs associated with these services will be charged to the event.

**Sponsored Event:** See Hosted/Sponsored Event.

**Temporary Structure:** In general, a temporary structure is a physical modification to University grounds or facilities intended to be in place for a short period of time, regardless of the purpose or motivation for the modification. Excluded from these guidelines are temporary structures placed by the University or University contractors for purposes related to their contracts. Examples of temporary structures without limitation include tents, shanties, or other forms of temporary shelter or housing; seasonal religious, political, or artistic displays; plantings; storage containers; and other objects, whether or not symbolically expressive or artistic in content.

**Procedures**

**Request or Use**

Except as stated in the section “Applicability” above, requests for facilities or grounds use by internal organizations for an internal event must be submitted to University Event Services, online through EMS (Event Management System software) at UVM EMS Portal or, if on-line access is not available, by contacting University Event Services. The request must be submitted by an individual or official authorized to commit the funds of the individual, unit, group, organization, or entity. For external events, entities must sign a contract, furnish proof of liability insurance naming the University as additional insured, satisfactory to Risk Management, and submit the security deposit specified by University Event Services as a condition of approval of the request.
A decision on a fully completed request will ordinarily be made within two business days, provided that additional review time may be necessary if an application involves a large-scale or unusual event.

The decision on the request, including applicable permit conditions, will be communicated to the requestor in writing by electronic or other appropriate means of communication. If a request is denied, the requestor will be provided a brief written explanation of the basis of the decision. Appeal of permit conditions or the denial of a request may be made as specified in this policy.
