Domestic Animals

Policy Statement

As a general rule, no domestic animals are allowed in University buildings. Exceptions include service animals, service animals in training, and comfort animals as allowed under the university’s Service and Comfort Animals operating procedure, those used in research and teaching; those boarded at University facilities in accordance with existing policies and practices; those allowed as pets under the Department of Residential Life pet policy agreement for full-time or graduate live-in staff and faculty-in-residence; pets belonging to the residents of Engelsby House and animals performing official law enforcement functions.

Any domestic animals on University grounds must be in the control of their owners in accord with the ordinances of the city of Burlington. Under no circumstances should animals be allowed to run loose or be tied to buildings, handrails, trees, bicycle racks, or other objects. Owners of domestic animals will be responsible for any damages incurred by their animals to University grounds or facilities. Any infractions or complaints should be brought to the attention of Police Services, (802) 656-3473. Police Services will arrange to remove the dog or other animal from campus without notice.

For reasons of health and sanitation, students may not keep pets of any type in the residence halls with the exception of fish in the proper aquarium facilities of ten gallons or less and/or approved service and comfort animals (must be approved by ACCESS office). To be cared for properly, fish must be removed from the residence halls during extended break periods.

Reason for the Policy
