

Prism Center Newsletter

The Prism Center Newsletter is designed to share announcements and resources, as well as cultivate belonging and joy for the queer and trans community here at UVM and in Vermont. Sign up to receive our, and other UVM DDEI, newsletters [on this form](#).

The Prism Center welcomes you to submit items you'd like included in an upcoming issue. Prism Center staff will decide if and when content will be shared based on many factors, including our own volume of content. **We do not send out external and/or unvetted research opportunities or professional job opportunities. Internships are fine.** Please follow the submission guidelines and timelines below.
