

## Floor Types

- **Single Gender:** A floor in a residence hall that is designated as for men or women. Where these floors are vary by year and are determined based on bathroom.
- **Mixed Gender:** A floor in a residence hall for students of any gender. Mixed gender floors comprise most of the University's housing and are found throughout campus in the form of residence halls, suites, and small houses.
- **All-Gender:** A housing option that allows students to share a room regardless of the students sex or gender. Any room in a mixed gender area (except first-year housing) may be considered all-gender.

## Bathroom Types

- **Community:** Community bathrooms are multi-occupancy, multi-function bathrooms. They contain multiple shower, toilet, and sink fixtures. Showers are individually enclosed by partition walls and an entrance curtain; toilets are stall-type, with stall walls and doors; sink basins are in a shared space within the bathroom. Residents must leave their room to make use of the community bathroom. Community bathrooms are cleaned on weekdays.
- **Suite-style:** Suite bathrooms are contained within the suite unit, and access to the bathroom is limited to the occupants of the room(s) that connect to the area. Residents with a suite bath configuration are responsible for the cleaning of the bathroom space. UVM provides toilet paper at the front desk.
- **Pod-style:** Pod bathrooms are a set of individual pods that contain a toilet and, in some cases, a shower. Pod bathrooms are grouped together adjacent to shared sinks and mirrors. Each pod bathroom is for private use, and residents can lock the door upon entering the space. Residents must leave their room to make use of the pod bathroom. Pod bathrooms are cleaned on weekdays by UVM custodial staff and are supplied with paper products for resident use.
- **Private:** Suite bathrooms are contained within a room, and access to the bathroom is limited to the occupants of that room. Residents with a private bathroom are responsible for the cleaning of the bathroom space. UVM provides toilet paper at the front desk.
