

ON-CAMPUS RESIDENCE STUDENTS

POPULATION	MASK REQUIREMENTS 	IF YOU ARE IDENTIFIED AS A CLOSE CONTACT 	IF YOU HAVE SYMPTOMS 	IF YOU TESTED POSITIVE FOR COVID-19 
 Vaccinated	<p>Indoors, yes. Outdoors, your discretion. UVM currently requires masks indoors regardless of vaccine status. See UVM's face covering guidance for additional information. This site includes a section on masking in the residence halls.</p>	<p>Watch for symptoms. If you do not develop symptoms, test* within 48 hours of exposure and again on day 7 (count day of exposure as day 0). In addition to current mask mandates, you should continue to wear your mask when you are in the presence of others (even if it's not required) and you should limit your contact with others.</p> <p><small>*In the event state's testing timeframes differ from UVM's, follow UVM's.</small></p>	<p>Stay home/in your room. If you develop symptoms, please stay home or in your room and immediately call Student Health Services at 802-656-3350. Student Health Services will assess your symptoms to determine next steps. If you are instructed to test, do a soft quarantine* until you have been cleared by Student Health Services.</p> <p><small>*A soft quarantine means to minimize public contact, stay out of class, do not eat in the dining halls (get food to go) and do not gather with others.</small></p>	<p>Isolate. You are required to isolate in the designated isolation area for 10 days from the start of symptoms or from the date the test was collected if asymptomatic.</p>
 Unvaccinated or Not Fully Vaccinated	<p>Indoors, yes. Outdoors, you are invited to "mask-up" if you are in close proximity to others or in a large group. UVM currently requires masks indoors regardless of vaccine status. See UVM's face covering guidance for additional information.</p>	<p>Quarantine. Student Health Services will coordinate your transfer to quarantine housing. Testing is required within 48 hours and again on day 7 (count day of exposure as day 0). You will be required to quarantine until you receive a day 7 (or longer) negative test result.</p>	<p>Stay home/in your room.
