

ALL MEMBERS OF THE UVM COMMUNITY ⁽¹⁾					
VACCINE STATUS	TESTING REQUIREMENTS	MASK REQUIREMENTS	IDENTIFIED AS A CLOSE CONTACT ⁽²⁾	SYMPTOMS	TESTED POSITIVE FOR COVID-19 ⁽²⁾
 You are fully vaccinated.	<p>Available. On-campus testing is available for all students and employees. Visit the COVID-19 Information and Service Center website for additional information.</p>	<p>SAME REGARDLESS OF VACCINE STATUS</p> <p>In most areas, masks are optional. Keep masks accessible, as there are times and places in which it will be necessary to mask. For a list of areas where masks are still required, See UVM's face covering guidance.</p>	<p>Watch for symptoms. If you do not show symptoms, you may choose to wear a mask when you are around others.</p> <p>If you develop symptoms, refer to the SYMPTOMS column.</p>	<p>SAME REGARDLESS OF VACCINE STATUS</p> <p>Stay home/in your room and get tested. Do not come to work, to class, or to a UVM facility or location.</p> <p>Students: Contact Student Health Services at 802-656-3350 to arrange for a test.</p>	<p>SAME REGARDLESS OF VACCINE STATUS</p> <p>On-Campus Residence Students: If your test was not at the UVM Testing Center, notify Student Health Services and isolate. You will need to isolate in the designated isolation area for at least 5 days⁽³⁾.</p> <p>Off-Campus Residence Students: If your test was not at the UVM Testing Center, notify Student Health Services and isolate. You will need to isolate in your off-campus residence for at least 5 days⁽³⁾.</p> <p>Employees & Affiliates: Regardless of where your test was taken, notify your supervisor and isolate. You will need to isolate at home for at least 5 days⁽³⁾.</p> <p>Visitors, Vendors and Others: Isolate. Do not come to a UVM facility or location until you have completed your 5-day isolation⁽³⁾.</p>
 You are not fully vaccinated.	<p>Students & Employees: Testing is required every 7 days. Regular testing is required when unvaccinated or not fully vaccinated, unless you have an approved testing exemption in place. Click here for information on UVM's on-campus testing.</p> <p>Vendors, Visitors, Guests & Others: No testing requirement. UVM does not routinely require others to test; however, employers may have requirements or UVM may have an agreement with individuals, groups or organizations that require testing.</p>	<p>SAME REGARDLESS OF VACCINE STATUS</p> <p>In most areas, masks are optional. Keep masks accessible, as there are times and places in which it will be necessary to mask. For a list of areas where masks are still required, See UVM's face covering guidance.</p>	<p>Watch for symptoms and test. If you are not fully vaccinated, it is recommended that you either: (1) no earlier than day 4, take two antigen tests 24 hours apart (or longer); OR (2) on or after day 5, take a PCR or LAMP test.</p> <p>If you develop symptoms, get tested and refer to the SYMPTOMS column.</p>	<p>Employees & Affiliates: Contact Student Health Services at 802-656-3350 or contact your health care provider to arrange for a test.</p> <p>Visitors, Vendors, and Others: contact your health care provider or get tested.</p> <p>Immediately call 9-1-1 if you have trouble breathing, persistent pain or pressure in the chest, new confusion, inability to wake or stay awake, or changes in color on your lips, gums, face, around the eyes, or nails. Tell your health care provider or 9-1-1 that you are a close contact of someone with COVID-19.</p>	<p>SAME REGARDLESS OF VACCINE STATUS</p> <p>On-Campus Residence Students: If your test was not at the UVM Testing Center, notify Student Health Services and isolate. You will need to isolate in the designated isolation area for at least 5 days⁽³⁾.</p> <p>Off-Campus Residence Students: If your test was not at the UVM Testing Center, notify Student Health Services and isolate. - (1) There is different guidance for healthcare workers. If you are a student, employee or affiliate who is also a healthcare worker, contact Student Health Services at 656-3350 to discuss your requirements.
- (2) If you are a close contact or have tested positive, use the [CDC's Quarantine and Isolation Calculator](#) to determine how long you need to isolate, quarantine or take other steps to prevent spreading COVID-19.
- (3) Isolation is AT LEAST 5 days. It may be longer. According to [the Vermont Department of Health](#), you can leave isolation after day 5 if your symptoms have improved AND you have had no fever for at least 24 hours without the use of medicine that reduces fevers. Otherwise, remain in isolation until your symptoms have improved AND you have had no fever for at least 24 hours without the use of fever reducing medication.
