Hi Everyone! My name is Addie Robinson, and I am a first-year Biological Science major in the College of Arts and Sciences and the Honors College. I am running to fill one of UVM's senate seats reserved for incoming first-years.

When I am elected to UVM's SGA, I would love to serve on the Public Relations Committee. My experience with running different Instagram pages along with serving as a tour-guide/hostess at my high school would help me effectively keep the most important people, you, in the loop about SGA's current projects and events. SGA’s social media presence should also be a fun and effective way for students to learn about happenings and different opportunities. Some of my ideas for this include different student-led takeovers and more frequent posting. With the COVID-19 protocol and social-distancing in place, it is more important than ever to stay in the loop!

Finding your identity while joining a new community is hard. As an SGA representative, I would also prioritize publicizing different affinity spaces, so that it is easier to find people you connect with and share an identity with to hopefully, make that transition a little easier.

Like all of you, I was both excited and nervous for what is to come this first year in our next big adventure. Although our first year is, I'm sure, not what you or I was expecting, I am positive together we can still make the best out of this situation, while upholding our responsibilities to one another and the greater Burlington community.

Thank you for your consideration and vote!

Addie Robinson
