YOU are my Main Priority

SGA Election Platform

Hakeem Fuad
As a lifelong Vermonter with experience in a myriad of different environments, I see the baseline levels of love people of all walks of life get here. Keyword: baseline. There is more to be pushed for, more to be had, and more to be done, on and off the campus. Provide diverse insight, cultural understanding, and appreciation and thought for all people, voting for me is a vote for the people you care about.
