Nolan Blessington

I am an independent, artistic and confident student, whose number one priority is the well-being of our campus community and fighting for things that truly matter to you.

ABOUT ME

I am from the coastal town of Harpswell, Maine. Some of my hobbies include playing guitar, surfing, sailing, and poetry.

I was on student government in High School for all 4 years and was a student advocate for the state of Maine's chapter for the National Association of Mental Illness [NAMI].

EDUCATION

University of Vermont
Class of 2025
Community and International Development
Focusing on a career in international medicine and sustainability

GOALS

To the UVM community,

I aim to fight for you. While this is the common statement which is fed to the student body, I hope to take an approach which is refreshing to you all. My biggest motivation for joining your student government, is to make CAPS and our student health services more accessible and proactive on campus. While this is an ambitious goal, I believe it is one worth fighting for. The student body needs to know that their campus and CAPS faculty is there to support them, when they feel unsupported. I want the student body to know, that I will fight to support them and to make sure they know, that their mental health and well-being is my first priority.

While this would be my first official term on SGA, I have had the privilege of seeing my fellow students participate in senate, and the impact which they have had on our community, and feel to the utmost capacity, that I can be a valuable addition to the team that is Student Government Association. Thank you so much for your time, and I look forward to working for your values, beliefs, and for a better community here on campus.

Thank you,
Nolan Blessington
