

**ANGELIKA**

**ELECT**

**HILLIOS**

**FOR UVM SENATE.**

# Little bit about me...

I'm a current sophomore from Massachusetts studying Environmental Studies and Health & Society with a minor in Business.

Living at home this year, I have made sure to stay involved on and off campus. I am a member of the Family Business Club, phone canvasser for North Carolina's Democratic Party, and a staff writer for the Vermont Cynic.

If elected, I will continue to increase transparency between UVM's administration and the student body through my work in the school paper and also as your representative in the Senate!

# MY PLATFORM

**2. Rewrite Climate Action Plan**
