

Peter Lally for SGA Senate

Vote Thursday April 8th - 9th at uvm.edu/clubs

Experience

- Senator on the Public Relations Committee, 2018-2020
- SGA Vice President, 2020-2021

- In my role as Senator I have managed aspects of SGA's outreach and social media presence, trying to gather feedback from students on important issues and hearing their concerns while advertising our events and stances on certain issues, our meetings, etc.

- In my role as Vice President I have been a part of numerous committees revolving around diversity, academic and faculty affairs in COVID, the BOT student selection committee, Spring Programming Committee, and more on top of regular meetings expressing concerns and reaching action steps with administration. We have had a successful year despite the difficulties that have come with COVID and have done our best to advocate for all issues such as unfair suspensions, condemning any inappropriate words or behavior from faculty that leave students feeling unsafe, concerns of inclusivity in ResLife, helping students in the SSS/TRiO program, ensuring our student newspaper, the Cynic, is truly independent from the University, furthering the development of Rally Cat's Cupboard, a better climate action plan, and so much more. I have also worked a lot internally with event planning and appointing students to the Senate when openings occur.

Why am I running?

- I want to continue the work I have done the past three years and work to complete any project that has continued to go unfinished such as my initiative to add more questions to our on campus housing application to make it more inclusive, which will hopefully be implemented soon. There is always more work to do to hold our administration accountable, and advocate for better ways to allocate resources and spend our money responsibly, limit any possible cuts on the humanities, and have tangible results for our students who need it the most. Students' needs are always changing and I feel as though my time serving as Vice President especially has prepared me to serve effectively back in the SGA Senate with a broad scope of the issues we are facing and how to navigate the University structure to get to a positive end result. I hope to earn your vote April 8th / 9th!
