

***Sarah Wood  
for Senate***

I am a global studies/poly sci double major from Aurora, CO! I love UVM, and that's why I know we need to critique existing policies to better our school.

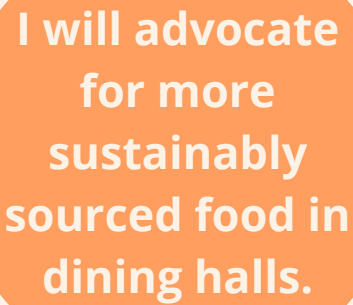

SGA exists to give YOU a chance to make an impact on our campus- I want to help students do that.

**With or without  
COVID, college is hard.  
We need better access  
to mental health  
resources on and off  
campus.**

**I want to get  
menstrual  
products in  
gender neutral  
bathrooms.**

**I will advocate  
for more  
sustainably  
sourced food in  
dining halls.**

**I want to do more  
for BTV's homeless  
community.  
Students have the  
power to help.**

**Most importantly,  
I want to increase  
communication  
between SGA and  
the student body.**

**Nothing on my platform matters  
if it's not what YOU actually want  
to see happen. If elected, I will be  
open and collaborative with all of  
my SGA projects.**

**Reach out to me!**
