CERTIFIED DRIVER & SGA AGREEMENT
FOR DRIVING 2019-2020

The Student Government Association at The University of Vermont is constantly striving to improve the standards of driving and safety for all people driving or riding in an SGA vehicle.

Please read the below bullets, initial each bullet, fill out the bottom, and return to Sarah Flaherty at the front desk. This must be completed before you are allowed to drive an SGA vehicle.

• I have taken the UVM Risk Management Safety Course, passed, and understand the material from that course.

• I agree and understand that I have certain times and dates that are specified on the rental agreement that I am allowed to drive an SGA vehicle. I will not drive an SGA vehicle outside of specified times.

• I understand that the SGA vehicle I am driving will be returned to the proper location on campus and parked in a parking space properly.

• I understand and will make sure that the vehicle, upon return, will be returned with a full tank of gas and the interior will be without damage or belongings/trash left behind.

• I understand that no interior or exterior alterations to the van will be made. This includes but is not limited to: removing seats, seatbelts, wipers, etc.

• I understand that, as a driver, it is my responsibility to drive with extra care. SGA vehicles are large and different than driving a personal vehicle and can be more dangerous. I am responsible for the safety and wellbeing of all the people in the van. I will not speed in any circumstance and I will treat the vehicles with the utmost care.

• All UVM Driving and Risk Management policies must be followed.
• I understand that failure to follow these rules can result in extra charges and at the discretion of the SGA they may choose to regulate the club or department using the vehicles from renting in the future.
• I understand that in the case of any vehicle accident with another vehicle, person, or object, SGA will be notified immediately. If the accident is with another vehicle or there is damage, the police must be contacted as well.

• I also understand that if I cause damage to an SGA vehicle or fail to follow any UVM Driving policy my driving certification will be revoked, for a time, depending on the severity of the damage.
