There’s something in the air here (not just the piney scent).

It’s been an amazing year at UVM. We’ve welcomed yet another record-breaking class — among our largest, most academically talented and diverse. Here’s what else we’re excited about:

- **Discovery Hall, the first building in our new STEM Complex**, opened in summer 2017. This cutting-edge facility will support the highest levels of scholarship, collaboration, and innovation, serving all students and society.

- **Our new first-year residence** connects right to the main library and helps house our **nationally acclaimed Wellness Environment**, an approach to healthy living grounded in neuroscience. Seventy-five percent of first-year students live in a theme-based residence tied to a special interest they choose.

- **Catamount Commitment Scholarship** ensures all education-related needs are met for all Pell-eligible Vermont students.

- **29 Accelerated Master’s Programs** allow students to begin working toward a master’s as an undergraduate, saving time and money on their path to an advanced degree.

- **A new Food Systems major**, one of the first in the country, meets a social need and taps expertise throughout the university.

All of these advances enhance who we’ve always been: a perfectly-sized, student-centered research university in one of the top college towns in the country.

---

### UVM PRIDE

- **93%** UVM graduates employed or continuing their education within 6 months of graduating from UVM.
- **91%** Students engaged in research, internships, service learning and other high-impact experiences.
- **92%** UVM’s law school admit rate (national rate is 77%); our med school admit rate is 63% (national rate is 42%)
- **116** UVM students were winners or finalists for Fulbright, Goldwater and other national scholarships in the past 5 years.
- **#20** “Colleges their students love.” — Princeton Review
- **TOP 10** Schools to study the health professions. — USA Today

**A GUIDE FOR COUNSELORS**

2017/2018

We want to help you help your students make a great college match.

Inside you’ll find:

- Application guidelines
- Scholarship information
- Entrance requirements
- AP/IB credit information
- Enrollment profiles

Please be in touch.

We welcome the chance to talk with you about your students, opportunities they’ll have at UVM, and our admissions process.

(34% of applicants report rank.)

**Middle 50% scores for all fall 2017 admitted students:**

- SAT EBRW: 600–690
- SAT MATH: 590–680
- ACT: 27–32

**Honors College middle 50% scores:** (Enrollment by invitation, based on academic achievement)

- SAT EBRW: 700–750
- SAT MATH: 680–750
- ACT: 32–34

**Scholarships and Aid**

We invest in our students — more than **$32 million annually** in merit scholarship plus need-based gift aid. Students are automatically considered for merit scholarships when they apply for admission to UVM. Award ranges:

- $2,000–$7,000 First-year Vermont residents
- $8,000–$18,000 First-year out-of-state and international students

81% of admitted students are awarded scholarships or financial aid.

**UVM’s Catamount Commitment** ensures education-related financial needs are met for Pell-eligible Vermont students.

UVM HONORS COLLEGE

The Honors College (HCOL) enrolls exceptionally high achieving students. HCOL students live together in the honors residence and follow a curriculum that includes special seminars and research, while concurrently pursuing a major in one of UVM’s undergraduate schools or colleges. Students are automatically considered for admissions to HCOL when they apply to UVM.

commonapp.org — or — mycoalition.org

UVM ENTRANCE REQUIREMENTS

MINIMUM REQUIREMENTS
All applicants must complete the following before enrolling at UVM; most successful applicants well exceed the minimum.

- 4 years English
- 3 years mathematics (Algebra I, Algebra II and geometry, or equivalents)
- 2 years same foreign language (American sign language meets this requirement)
- 3 years natural or physical science, including a laboratory science
- 3 years social sciences

Coursework not completed at the high school level may be fulfilled by equivalent college-level academic work.

SCHOOL AND COLLEGE REQUIREMENTS BEYOND THE MINIMUM
Each of our seven undergraduate schools and colleges has additional requirements or recommendations beyond the minimum, as follows:

COLLEGE OF AGRICULTURE AND LIFE SCIENCES
Required: 1 year of biology and 1 year of chemistry.
Recommended: Candidates are strongly encouraged to take 1 year of physics and 4 years of math, including precalculus/calculus.

COLLEGE OF ARTS AND SCIENCES
Recommended: Course work across the span of liberal arts disciplines; 4 years of math, including trigonometry; foreign language study all 4 years of high school.
Note to music majors: Candidates for entry into UVM as a music major seeking the B.A. or the B.Mus. degree must pass an audition as part of the process (except concentrations in Music Business and Technology).

EDUCATION AND SOCIAL SERVICES
Recommended: 1 year of biology for Human Development and Family Studies and Social Work majors. 4 years of math and science for teacher education majors.
Note to music educations majors: Candidates for entry into UVM as a music education major seeking the B.S. degree must pass an audition as part of the process.

COLLEGE OF ENGINEERING AND MATHEMATICAL SCIENCES
Required: 4 years of math, including trigonometry or precalculus. 1 year of chemistry and 1 year of physics for all engineering majors. All other majors: 2 years of a laboratory-based science.

GROSSMAN SCHOOL OF BUSINESS
Required: 4 years of math with high achievement, including at least 1 year beyond Algebra II. Trigonometry, precalculus, or calculus preferred.

COLLEGE OF NURSING AND HEALTH SCIENCES
Required: 1 year of biology and 1 year of chemistry for all majors; 4 years of math, including trigonometry or pre-calculus.
Recommended: Additional science course work beyond chemistry and biology. 1 year of physics is recommended for Exercise and Movement Science, Medical Radiation Sciences, and Medical Laboratory Science majors.

RUBENSTEIN SCHOOL OF ENVIRONMENT AND NATURAL RESOURCES
Required: 1 year of biology and 1 year of chemistry or physics. Additional year of college preparatory math beyond Algebra II.
What we look for in applicants:

Through holistic review of each application, we select students who demonstrate strong potential for contributing to academic excellence as well as cultural richness within our community. The rigor of an applicant’s academic program; class standing and grades; standardized test results; and trends in performance are considered. Essays, recommendations, and other evidence of each student’s life experience also assist our evaluation. Admission decisions are made without regard to family financial circumstances.

TEST SCORE REVIEW

We consider only the highest score achieved on SAT or ACT tests submitted. Scores must be sent directly to UVM from the testing agency.

Credit for AP, IB and college courses:

50% of entering students have earned college credit through AP, IB, or college courses taken in high school.

ADVANCED PLACEMENT (AP)

Credit is granted for scores of 4 or 5 in most subjects; scores of 3 are accepted in some areas. To receive credit, students submit an official AP Score Report from the College Board with the application for admission, or once they are admitted/enrolled.

INTERNATIONAL BACCALAUREATE (IB)

A score of 5 or greater on higher level IB exams may be eligible for transfer credit (UVM does not award credit for standard level IB exams). An official IB transcript should be submitted along with the application for admission.

COLLEGE CREDIT TAKEN IN HIGH SCHOOL

College level coursework completed in high school may be eligible for transfer credit. Students must submit official college transcripts along with their application for our review.

Find charts of qualifying test scores at uvm.edu/apply

What others say about our city:

“America’s #1 College Town”
—Travel + Leisure

“Top 10 Tech Hub”
—Forbes

A “Top Adventure Town”
—National Geographic

A “10 Best Places to Live Now”
—Men’s Journal

We’re just happy to call it home.

Getting here is easy. Burlington International Airport (BTV) is 3 miles from campus. Trains and buses connect Burlington to Boston, NYC, and Montreal.
UVM College/School enrollment:

Students decide which UVM school or college they see themselves in and let us know when they apply. This becomes their academic “home,” with advising and general requirements guided by a broad field focus. However, students take courses throughout the university and can have major and minor concentrations in two or more schools and colleges.

NOTE: Transferring between schools is not uncommon, but restricted in some majors (e.g. into nursing).

Students enrolled in our Honors College (see Majors panel) concurrently enroll in one of the schools and colleges listed here.

UVM also enrolls 1,485 graduate students and 461 medical students; total enrollment (all students) at UVM is 12,213.

Our national draw:

UVM is committed to serving the educational goals of qualified Vermont students. Since Vermont’s high school population is small, more than two-thirds of our students come from other states as well as abroad, contributing to the diversity of our community.

TOP “FEEDER” STATES
