

# Animal & Veterinary Sciences

## For all ASCI majors:

We are pleased to announce important updates to the ASCI curriculum. These updates include reintroduction of several core courses to provide the best possible curriculum and path for your success. Below are the outlined changes, including the timelines for these changes. Please take note, and work with your academic advisor to plan accordingly.

## CHANGES TO COURSES REQUIRED FOR ASCI MAJORS WHO ARE ENROLLED IN THE PROGRAM SPRING 2019 OR EARLIER:

Course code	Course name	What's changing about this course?
ASCI 110	Animal Nutrition, Metabolism & Feeding	The last offering of this course will be Fall 2021
ASCI 122	Animals in Society/Animal Welfare	This course will be offered Spring semesters only, effective academic year 2019-20
ASCI 141	Anatomy & Physiology of Domestic Animals	The last offering of this course will be Spring 2020
ASCI 168	Animal Genetics	This course will be offered Fall semesters only, effective academic year 2021-2022 (Spring semester offering will continue for AY 19-20 & AY 20-21)
ASCI 181	Career Seminar	The last offering of this course will be Fall 2021

## NOTES FOR STUDENTS WHO ARE ENROLLED AS ASCI MAJORS SPRING 2019 OR EARLIER:

- Plan with your advisor accordingly to ensure that you complete all courses required for your degree
- If you are unable to complete ASCI 110 or ASCI 141 before the last offering, you may substitute another comparable course (must be approved by your advisor) or take the following new ASCI courses to satisfy these requirements:
  - ASCI 043 & 242 may be taken to satisfy your ASCI 110 requirement
  - ASCI 111 & 120 may be taken to satisfy your ASCI 141 requirement

## COURSES THAT WILL BE REQUIRED FOR ASCI MAJORS BEGINNING THEIR PROGRAM FALL 2019 OR LATER:

Course code	Course name	When is it being offered?
ASCI 043	Intro to Animal Nutrition	Will be offered in Spring semesters, effective Spring 2020 *note: ASCI 043 is prerequisite for ASCI 242
ASCI 111	Animal Anatomy	Will be offered in Fall semesters, effective Fall 2020 *note: ASCI 111 is prerequisite for ASCI 120
ASCI 120	General Physiology	Will be offered in Spring semesters, effective Spring 2021 *note: ASCI 111 is prerequisite for ASCI 120
ASCI 242	Advanced Animal Nutrition	Will be offered in Spring semesters, effective Spring 2022 *note: ASCI 043 is prerequisite for ASCI 242
