

ANTHROPOLOGY MINOR: GLOBAL HEALTH FOCUS TRACK
COLLEGE OF ARTS AND SCIENCES, UNIVERSITY OF VERMONT

Students interested in human health and its variation within and across populations, cultures, and societies can focus on those issues through the Global Health Track in the Anthropology Minor. The Anthropology department offers a variety of courses centered on biological and cultural anthropology that are related to the body and health in varying cultural, social, and environmental settings. *To sign up, declare an Anthropology minor on the Registrar's webpage, and contact the Anthropology Department to be assigned to an appropriate advisor.*

In fulfilling the requirements for the Anthropology Minor (18 credits total)*, students on the Global Health Focus track take ANTH 021 and ANTH 026 as their required core courses (6 credits), two track-specific courses at the 100-level or above (6 credits), one additional track-specific course at any level (3 credits), and one additional Anthropology course at the 100-level or above (3 credits).

▪ **Two required Anthropology core courses (6 credits)** as follows:

ANTH 021: D2	Cultural Anthropology	(3.00 credits)
ANTH 026: D2	Biological Anthropology	(3.00 credits)

▪ **Two track-specific courses at the 100-level or above (6 credits)** from the following list:

ANTH 141	Death, Burial, and Culture	(3.00 credits)
ANTH 143	Forensic Anthropology	(3.00 credits)
ANTH 146	Topics in Biological Anthropology	(3.00 credits)
ANTH 172: D2	Gender, Sex and Culture	(3.00 credits)
ANTH 173: D2	Foundations of Global Health (cross-listed with HLTH 103)	(3.00 credits)
ANTH 174: D2	Culture, Health, and Healing	(3.00 credits)
ANTH 180: D2	Psychological Anthropology	(3.00 credits)
ANTH 184	Street Children	(3.00 credits)
ANTH 185: D2	Food and Culture	(3.00 credits)
ANTH 189: D2	Aging in Cross-Cultural Perspective	(3.00 credits)
ANTH 240	Human Osteology	(3.00 credits)
ANTH 241	Human Evolution & Diversity	(3.00 credits)
ANTH 242	Research Methods: Human Diversity	(3.00 credits)
ANTH 285	Anthropology of Food and Labor	(3.00 credits)
ANTH 288	Anthropology of Global Health	(3.00 credits)

Beyond the above list, the following courses may be considered for approval for the Anthropology Minor Focus in Global Health:

- *Special or variable topics or additional courses with relevant project may count if approved by the Global Health concentration advisor.*
- *ANTH 140: Primates and Anthropology, ANTH 179: D2: Environmental Anthropology, ANTH 187/SOC 119: D1: Race and Ethnicity, ANTH 220: Development & Applied Anthropology, or ANTH 290: Methods of Ethnographic Fieldwork with relevant project if approved by the concentration advisor.*

▪ **One additional track-specific course at any level (3 credits)**, including those above or below**:

ANTH 040	Parenting and Childhood	(3.00 credits)
ANTH 088: D2	Sex, Gender, Health & Culture	(3.00 credits)
ANTH 089: D2	Global Health, Development, & Diversity	(3.00 credits)
ANTH 095	Street Children (TAP)	(3.00 credits)
HCOL 086: D2	Medical Anthropology and Global Health	(3.00 credits)

*** Additional courses with relevant project may count if approved by the concentration advisor.*

▪ **One additional Anthropology course at 100-level or above (3 credits)** on any subject in accordance with the Anthropology minor requirements.

** See the description of Anthropology Minor requirements for full list of stipulations and exclusions. ANTH 093, 190, 192, 193, 198, 292, 293, and 298 do not count toward the minor.*

**Students who began the Anthropology Minor Focus in Global Health earlier may follow these requirements or those of that time.*
